Most headaches due to lack of internal cleanliness

WHEN you are constipated, poisons form in the accumulated food waste and are carried to all parts of the body. Headaches follow. Biliousness, insomnia, lack of energy, all result from constipation, which if unchecked will lead to serious results.

Avoid Laxatives—Say Doctors

A noted authority says that laxatives and cathartics do not overcome constipation, but by their continued use tend only to aggravate the condition.

Medical science has found in *Jubrication* a means of overcoming constipation. The gentle lubricant, Nujol, penetrates and softens the hard food waste and thus hastens its passage through and out of the body. Thus, Nujol brings internal cleanliness.

Nujol is used in leading hospitals and is prescribed by physicians throughout the world. Nujol is not a medicine or laxative, and cannot gripe. Like pure water, it is harmless.

Take Nujol regularly and adopt this habit of internal cleanliness. For sale by all druggists.

PINCHOT DRY BILL WILL BE AMENDED

Committee Heeds Protests of Farmers and Pharmacists.

SOLONS HAVE BEEN BUSY

Number of Bills Presented in Both Houses Away Beyond Those of Other Sessions.

Harrisburg, Pa.—Following a protracted conference with Governor Pinchot in the executive offices leaders of the dry movement backing what is known as the "United Dry Bill," reached the conclusion there was no justification for the fears of farmers and others that the proposed enactment will interfere with the making of cider and other fruit juices for home consumption.

Chairman Armstrong, of the law and order committee of the house, who participated in the conference, said it had been agreed that the "United Dry Bill" does not apply to this phase of the situation, and that when the Armstrong-Snyder bill of the last session was before the senate it was amended to meet the objections of farmers and others in this connection. This act is now in force, he said, and the proposed bill which is supplemental thereto, it was decided, does not alter present conditions.

Critics Not Satisfied.

Those who have been insisting that the present bill be amended by the striking out of the word "non-intoxicating" in the clause relating to fruit juices are not satisfied with this decision and will seek to have the bill amended on the floor of the senate.

While manufacturers, wholesale druggists and others are flooding the mails with inquiries as to how far the proposed bill will affect their business and some are insisting it should be changed in many respects, it was said this feature was not considered at the conference.

It was agreed that an amendment be inserted which shall read: "In the manufacture and sale of vinegar and non-intoxicating cider and fruit juices no permit shall be required."

Two additional amendments to the measure were considered by the senate law and order committee. One excludes from the provisions of the bill persons making and selling vinegar and non-intoxicating cider and fruit juices, whether or not these products are to be used exclusively in a private dwelling.

The second clarifies the section excluding druggists from the provisions of the act, the changer paragraph reading, "It shall not be necessary for the owner of a pharmacy registered by the state board of pharmacy or by the department of public instruction acting for said board and which is under the management of a registered pharmacist to obtain a permit hereunder for the manufacture of medicines in such pharmacy."

Lawmakers Have Been Busy.

Although the number of bills passed finally is very small the 1925 legislature of Pennsylvania has been fairly galloping along with its preliminary work and the number of bills in hand is away beyond anything ever known at this period of a session. Ordinarily it is well on in March before the bulk of the legislation proposed is introduced.

Thus far 1299 bills have been presented to this legislature. This is more than half the whole number last session, which came near being a record breaker for measures read in place. This number includes comparatively few bills passing between the houses, probably not much over fifty. At this stage of the 1925 session there were only 531 bills in hand.

The record of the senate this session shows a total of 442 bills introduced against 172 on February 20 last session, while the house is similarly ahead with 837 bills against 359 which was the total at this time in 1924.

The house appropriations committee has over 300 bills which are being tabulated and gone over preparatory to being submitted to the committee for its action.

With the Giant Power bills all presented the state administration's legislative program will be in hand. There may be some bills relative to education or prisons, but the great bulk of the changes deemed desirable for the school laws are in print, having been presented in the senate. Departmental legislation is nearly all introduced.

Governor Pinchot says he does not have anything on his mind just now to communicate and is inclined to await developments, being ready to submit ideas on subjects as they arise or need becomes apparent, however.

The house ways and means committee adopted a program by which it hopes to raise \$1,500,000 additional revenue without levying any new taxes. Banking institutions would provide the additional \$1,500,000 under the program adopted. At present the state law permits banking institutions to pay either a 10-mill tax on par value or a 4-mill tax on book value. Most of the banks select the 10-mill option. The program proposed calls for a straight 4-mill tax on the book value, according to Chairman Sterling, of the ways and means committee.

Just a Little Smile

THE WRONG VARIETY

Mrs. Albertson—I hear that young bride Mrs. Garner is mad about the present her husband got her for Christmas.

Mrs. Smith—How can that be? I understood he had bought her a very nice new dress.

Mrs. Albertson—Yes, but it was a house dress, when she wanted a dancing costume.—Pathfinder.

Overdoing It

"I've never had an accident," said the careful driver, "for the reason that I never drive faster than fifteen miles an hour."

"Never an accident?"

"Never an accident that I was responsible for. Of course I've been run into from behind several times."

NOT ON LADDER OF FAME

Returned Native—And what's become of Bill Jones who was going to be an artist—climbing the ladder of fame?

Old Inhabitant—Wal, when I seen him this morning he wuz climbing the ladder of ole man Brown, going to paint the roof of the house.

Matter of Direction

The pleasures that we rashly win
Too often leave us sad.
The joy ride is a merry spin
Till it goes to the bad.

Spoiling the Oyster

"My boy, you are a little too acid in your dealings with people."
"Aw, the world is my oyster."
"Yeh, but don't use so much vinegar on it."

How Half of World Lives

"One-half the world doesn't know how the other half lives."
"Yes, sir. I don't know how my next door neighbor cuts such a dash on his salary."

HEARD, IF NOT SEEN

"This car, sir, has a rattling good record—sound all over!"
"Yes—that's easily heard."

Modernization

For classic music, I may state,
I seldom have the time
Until they bring it down to date
And add some foolish rhyme.

The End

"Now that you are married I suppose you will stop your fooleries!"
"Certainly, my dear. My marriage is the last of them."

Flawless Contribution

"A college has just made me a doctor of literature."
"What did you ever write?"
"Well, I wrote a nice, fat check."

Doubtful

"Whenever I look at those stars, dearest, I always think of you!"
"Thanks! They are Capricorn—the goat!"

A Real Fusser

Debutante—Do you believe in long engagements?
Divorcee—Every time. They make married life so short, you know.

Just the Opposite

Harold—I was told that the Smoot family went to Canada to settle.
Eva—From what I know of them, they have gone there to avoid settling.

More Retractions

Mary—I took your advice, mum, and wrote to tell him I didn't mean what I said in my last letter.
Mistress—What did you say in your last letter?
"That I didn't mean what I said in the one before."

Might Be Worse Off

"Thankful! What have I to be thankful for? I can't pay my bills."
"Then, man alive, be thankful you aren't one of your own creditors."

Famous Americans Born in Month of February

Children born in February have all the odds of obtaining greatness in their favor. Figures compiled by Dr. Robert Underwood Johnson, director of the Hall of Fame, show that more men and women enrolled in the hall were born during February than in any other month. Twelve of the sixty-three persons who have niches in the hall had their birthdays that month.

They were Mark Hopkins, February 4; William Tecumseh Sherman, February 8; Daniel Boone, February 11; Peter Cooper, February 12; Abraham Lincoln, February 12; George Peabody, February 18; Alice Freeman Palmer, February 21; George Washington, February 22; James Russell Lowell, February 22; Emma Willard, February 23; Henry Wadsworth Longfellow, February 27, and Mary Lyon, February 28.

Doctor Johnson's list showed that April was second with eight Hall of Fame members. June was last with only two.

Eastern Beliefs Concerning Crystal

The two largest flawless crystal spheres in the world were recently exhibited in New York. One of them measures nine inches in diameter and the other just fifteen-sixteenths of an inch less. The value of the pair is placed at \$50,000.

The spheres were brought to New York from China, where they were cut from a perfect Burma crystal with a small metal hatchet. The work required infinite patience.

In ancient times in the Far East and in Europe crystals were supposed to be ice in permanent form. In Japan small crystals were said to be the breath of the Great White Dragon, while the larger ones were supposed to come from the Violet Dragon.

His Two Objects

E. H. Simmons, the new president of the New York Stock exchange, was defending the American business man. Mr. Simmons, nephew of the late E. H. Harriman, said:

"Our highbrows accuse the American business man of having only one object in life—namely, the resolve to be a millionaire at thirty-five. This is false, utterly false. The American business man has two objects in life.

"His first object, admittedly, is the resolve to be a millionaire at thirty-five. His second and far more aspiring object is the resolve to be a multimillionaire at forty."

"Fresh" Eggs in France

When is an egg fresh? After three days' deliberation, which shows how serious the question is, a French court has decided that an egg is fresh when it is not more than two weeks old in summer or more than three weeks in winter. A COVINGTON, KY., WOMAN Makes Remarkable Recovery

Mrs. Harry Ashcroft Tells How Lydia E. Pinkham's Vegetable Compound Relieved Her of Severe Illness and Pain

MRS. HARRY ASHCROFT
632 BEECH AVENUE, COVINGTON, KY.

Covington, Ky.—"I was so weak and nervous I could hardly do my housework and could not stand because of the bearing-down pains in my back and abdomen. I sat down most of the time and did what I could do in that way—as washing dishes, etc. One day a book describing Lydia E. Pinkham's medicines was put in my mail box. I saw how the Vegetable Compound had helped others so I gave it a trial. I had to take about a dozen bottles before I gained my strength, but I certainly praise this medicine. Then I took Lydia E.

Pinkham's Blood Medicine for poor blood. I was cold all the time, I would be so cold I could hardly sit still and in the palms of my hands there would be drops of sweat. I also used the Sanative Wash and I recommend it also. You may publish this letter and I will gladly answer letters from women and advise my neighbors about these medicines."
—Mrs. HARRY ASHCROFT, 632 Beech Avenue, Covington, Kentucky.

Mrs. Boyer Also Found Help
Gilman City, Missouri.—"I was in such a condition that I could not eat nor sleep to do me any good and I felt draggy all the time. My head ached, my right side and back would almost kill me at times, and I could be on my feet only a short while at a time. I was irregular and so nervous, irritable and despondent that I thought I could not stand the strain much longer. I had been this way more or less for ten years, but the last two years was just terrible. I took medicines, but got little relief until I began to take the Vegetable Compound. I took three bottles before I could see any change at all. I have taken seven in all and am improving right along. I have used Lydia E. Pinkham's Sanative Wash and take the Liver Pills. I can do most of my work now, and I live on a farm and there is lots of it to do. I wash, iron, hoe the garden, raise chickens and tend to the milk."—Mrs. T. M. BOYER, Gilman City, Missouri.
