

LOCAL AND PERSONAL.

A Ford coupe was purchased by E. E. Zettie, who is doing carpenter work in the Johnstown district, for the use of Mrs. Zettie and daughters, Misses Vienna and Florence.

A car load of rhododendrons, together with other wild shrubbery, was shipped from the Seven Mountains to the Pittsburgh district to be used in beautifying a park or private estate.

Several of the large oiling trucks were brought from Harrisburg to Centre Hall during last week and will be used for oiling the State highways in this section in the near future.

Miss Bessie Blagden, daughter of Mr. and Mrs. John Blagden, of Potters Mills, a member of the senior class of the Centre Hall High School, will enter Shippensburg State Normal School, June 15th, to prepare for teaching.

Mr. and Mrs. John J. Spangler, accompanied by two of their children, attended the funeral of Mr. Spangler's father, James B. Spangler, on Monday. Mr. Spangler is located at Downers Grove, a suburb of Chicago.

Mr. and Mrs. Dean Snyder, of Tower City, were guests at the home of R. M. Smith a few days ago. The couple was recently married. Mr. Snyder opened business as an undertaker in Tower City, a thriving coal town.

John D. Meyer, accompanied by his mother, Mrs. D. J. Meyer, Mrs. Ellen Bower and Mrs. Jenkins, were an auto party who drove through Centre Hall on Tuesday on their way home from Lewistown. Mrs. Meyer, who had been ill for four weeks or more, is again herself and is enjoying life.

A public meeting will be held in the local P. O. S. of A. hall Tuesday evening of next week for the purpose of arranging a program for Memorial day observance. The various Sunday-schools and orders of the town are urged to send representatives to the meeting. By order Committee.

Cussing must be done forcibly, to be effective. This hardens the mouth, wrinkles the brow and brings on premature old age. An angry face is never beautiful. Men have used strong language since the beginning of time. That is why there are so few good-looking men, and why women should not cuss.

Misses Mae Blausser, Myrtle Ruhl and Edward Fisher, of Thomasville, York county, spent a week with the former's parents, Mr. and Mrs. J. M. Blausser, at Potter's Mills. Mr. Fisher spent his time along the trout streams and was pleased with his catch. Some of his big ones measured from 18 to 20 inches.

Mrs. W. H. Strohecker and daughter-in-law, Mrs. Clair Strohecker, and three children arrived here on Tuesday afternoon from Bethlehem, and will remain for several months. The junior Mrs. Strohecker in March underwent a serious operation and she will remain here until she more completely recovers.

H. E. Shreckengast reached his home here on Friday from the Geisinger Memorial Hospital, Danville. He underwent an operation and was in good spirits on reaching home. On Sunday he had a relapse and since has been in a very serious condition. A sister-in-law, Mrs. A. J. Weaver, of Tusseyville, has been helping to care for him.

Mrs. John F. Kramer, the latter part of last week, returned from the Pittsburgh district where she had been talking care of her brother's children since the death of Mrs. Reuben Garis. Mrs. Kramer brought home with her the youngest of the family, a boy, Charles, about eighteen months old, who for the present will be a member of the Kramer family.

The Older Boys' Conference to be held at State College Friday, Saturday and Sunday will be attended by Russell Slack and Russell Goodhart, representing the Presbyterian Sunday school, and by Franklin Gross, a representative of the Methodist Sunday school. The other Sunday schools in the town, for reason not good enough to be printed, did not take action on the conference question.

C. A. Hennigh, of Gregg township, was a caller at this office last Friday. Mr. Hennigh owns a small farm, but by intensive cultivation manages to reap crops in volume equal to that of many farmers tilling two or three times his acreage. Quality, too, is a reward of his good farming, and each year Mr. Hennigh could easily dispose of his entire crop of corn, wheat and oats for purely seed purposes among farmers in the valley.

H. E. Robertson and B. E. Holt, representing the Young Men's M. E. Sunday-school, class in Unionville, were in Centre Hall Tuesday evening to arrange to produce two plays in Grange Arcadia on Friday night. May 1st. The young men promise the plays to have plenty of pep, and that the songs between acts will prevent any slack in the program. Admission, 15 and 25 cents. See posters.

On Monday and Tuesday a large number of persons gathered at the places where the wind storm had done damage and assisted in gathering together the shattered timbers and debris. The coming together of friends and neighbors was an expression of sympathy and an offering of aid much needed at the time. At some of the places there were as many as fifty men, who remained until the work was completed.

DEMONSTRATION LESSONS IN FORESTRY

Signs Along State Highway Over Seven Mountains Call Attention to Accompanying Demonstrations.

District Forester Harberson of Milroy has developed a number of interesting forest demonstration plots along the Lewistown-Bellefonte highway. During the winter months his forest rangers have been making improvement cuttings in stands of hardwood trees and have done pruning work in evergreen plantations along the highway. Travelers along this highway are impressed with these practical object lessons in forest treatment. At a commanding place near one of the improved plantations a double faced sign, 3x7, has been erected with the following inscription:

"White Pine, Planted 1913. Watch Them Grow."

The letters on the sign are 8 inches high and can be easily read from a fast moving automobile.

Another double faced sign 3x6 feet has been placed near another improvement cutting. It bears the following words:

"This area was devastated by fire in 1909. Nature's new forest axe treated, 1925."

This improvement work and the display signs are the most practical kind of forest advertisement. Without the sign the value of the improvement work would be greatly reduced for it tells the story of the work that has been done. Educational signs without the accompanying plots would be of little value, for there would be no visible objects at hand to demonstrate the meaning of the text of the signs.

These practical forestry advertisements will create a favorable sentiment and pay big dividends, for thousands of people will see them annually. We need more demonstration plots in the State to show the people the practical features of forestry work.
