Guy W. Jacobs was in Marion, Ohio, last week, and made his first visit to the home of President Warren G. Harding.

Orvis Weaver is laying the foundation for a new dwelling house on a lot he purchased in the Harcourt addition to Centre Hall.

Reuben Garis, who last week was reported very poor from an attack of typhoid fever, is improving at his home in the Pittsburgh district.

Edward Riter and A. F. Krape finished drilling a 270-foot well on one of the Hale farms, back of Axemann, now owned by Frank Donovan.

Children's day services will be held in the Evangelical church, Egg Hill, Sunday evening, June 14. A cordial invitation is extended to the public.

Mr. and Mrs. Jeremiah Shunk, on Friday, will leave by train for Navarre, Stark county, Ohio, where they will visit a daughter, Mrs. Walter Leighley, for a week.

D. A. Boozer is re-arranging the interior of his place of business, and later will put in two large plate glass windows. This will add greatly to the appearance of the place.

The members of the Y. P. B. will repeat the play, "A Modern Cinderella," in Grange Arcadia, Thursday evening, June 4. Admission, 25 and 15 cents to all parts of the house.

William Reese, on Monday morning, left for Cresson. He is employed with the Atlantic Refining company and is engaged in installing gas pumps. Last week he was in the Tyrone section.

So proud with the prospects of having the concrete road continued past his home, G. W. Tressler is having his dwelling house repainted so as to be in keeping with the improvements in the "North ward."

Mrs. George Miller will have a sale of plants and cut flowers for Memorial day, at Miller's hardware store, Allegheny street, Bellefonte. Sale will begin Wednesday, 27th. One thousand plants are offered.

Mr. and Mrs. Edward Weaver, of State College, and Mr. and Mrs. John Moery and little daughter Geraldine, of Centre Hall, motored to Harrisburg on Sunday to bid farewell to James Mowery, son of Mr. and Mrs. Mowery, who has enlisted in the navy for a four-year period.

Mrs. E. H. Laughner and little son, Donald, of near Pottery Mills, on Monday left for Derry, in the Pittsburgh district, and will be joined by friends who will accompany them to Bowling Green, Ohio, where a sister, Mrs. W. A. Harris, will be visited. The trip will cover a period of two weeks.

Among the callers at the Reporter office on Saturday was G. C. Rote, of Lewisburg, who is employed as an engineer in the Lewisburg chair factory. Mr. and Mrs. Rote were on their way to Philadelphia where they visited Mr. and Mrs. Charles Shovalter. Mr. Rote reported R. B. Killian and Calvin Ruhl, both former residents here, as getting along nicely and continuing to show an interest in Penna. Valley.

In connection with the meeting of the Lutheran Synod at Jersey Shore last week, the Brotherhood held a session in the Y. M. C. A. of the New York Central railroad, which was addressed by the president of Pennsylvania College, at Gettysburg. The meeting was attended by almost four hundred men, among whom were A. E. Kerlin, W. W. Kerlin, H. E. Leight, E. Bright, John E. Rishel, H. G. Strohmeier, and Jacob Sharer, of Centre Hall.

The Reitz Brothers, contractors for building the concrete road over Nittany Mountain at Centre Hall, have been very thoughtful of the auto travelers. While the road has been closed tight during working hours, machinery has been located every evening so that the road could be used with entire safety until work began the next day. The road was also open all day Sunday. This arrangement is a great accommodation to the people of Penna. Valley, and especially so during last week and this week, while court sessions are being held.

An unusually severe electric storm and down pour of rain passed over this region Saturday evening. There were almost continuous flashes of electricity, lighting up great areas of the sky. Four beacon light flashes are visible here, and these in connection with the interchanging flashes between clouds, presented many pretty spectacles. The rain fell was tremendous and continued intermittently for several hours. During Sunday rain fell for much of the time. Monday morning we awoke to see everything covered with an inch of snow, which lay on the roofs and protected places until nine o'clock. The range in temperature between Saturday and Monday morning was about fifty degrees.

The play entitled "A Modern Cinderella" given some little time ago by the members of the Y. P. B. will be repeated in Grange Arcadia on the evening of Thursday, June 4. Admission, 25 and 15 cents to all parts of the house. In addition to the original program there will be a number of new features, so that there will be attraction for those who gave their patronage to the first performance. Immediately after the play, the W. C. T. U. will give their "Dues Social." All members are urged to be on hand and prepared to renew their membership.

The Supreme Court handed down a decision in the Centre County Bank case, the substance of which is that Meek, Dale and Breeze cannot be held liable for losses of the defunct bank. "Planting" Pearls.
The finest fresh water pearls are found in the shells of mussels gathered in the Mississippi river and its tributaries. Upwards of 500 varieties of mussels are found in these waters. Plans are being carried out by the United States bureau of fisheries to assure a supply of pearls in years to come. A large crop planted this year will be available about 1928. The extent of the industry is surprising. A special study of the subject is being carried on in a laboratory at Fairview, Ia., which is serving to develop the industry.—Thrifty Magazine.
