BOILER BLAST IS LAID AT OFFICIAL DOORS

Coroner's Jury Blames Three Departments of State Government for the Tragedy.—Exonerates Fired Man.

Three departments of the Pinchot Administration were censured and held responsible by a Dauphin county Coroner's jury for conditions which caused the boiler explosion in the Capitol power house on September 29, which caused the death of two boiler firemen. The jury, which concluded hearing testimony late Friday, after an inspection of the "death hole" under the Capitol, deliberated almost two hours before reaching its verdict.

Albert Emerick, of Harrisburg, former engineer of the power house, a former resident of State College, who was dismissed by Governor Pinchot for "inefficiency" following the explosion, was specifically exonerated of blame. The verdict neither condemned nor exonerated Livingston Saylor, 80-year-old Pottstown Civil War veteran, who was the chief of the boiler inspection section of the Department of Labor and Industry, and the other subordinate State employee dismissed by the Governor for responsibility in the explosion.

The jury held as responsible for the conditions which led up to the explosion the Department of Labor and Industry, of which Richard H. Lansburgh is the head; the Department of Property and Supplies, of which Berkeley H. Boyd is the head; and the budget officer of the Commonwealth, Dr. Clyde L. King, Secretary of the Commonwealth.

FARM CALENDAR

Timely Reminders from The Pennsylvania State College

Hold "Hot" Week.—The second Horticulture Week for Pennsylvania orchardists and vegetable gardeners occurs at the Pennsylvania State College, November 17 to 20. Come and bring your neighbor.

Leaves Are Useful.—Leave make a good fertilizer when shaded into the garden soil. They also make a good mulch and protection to rose bushes and shrubs from damage by frost.

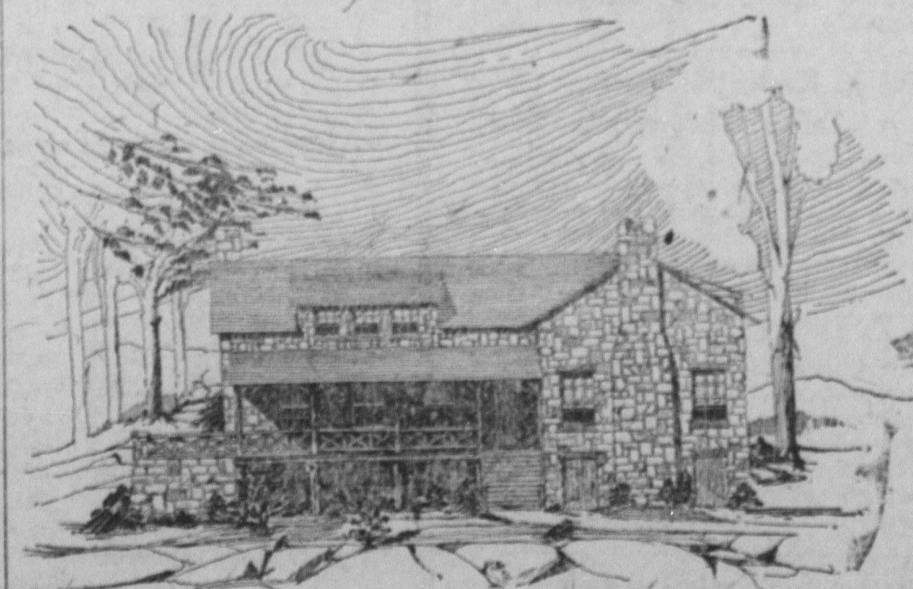

Keep Them Scratching.—Keep the body weight of pullets up during cold weather by feeding liberal amounts of scratch grain, say poultry specialists of the Pennsylvania State College.

Show Garden Products.—Many of the county farm products shows offer substantial premiums for exhibits of fresh and canned vegetables. Consult the premium list of your local show, then pick some canned goods and some stored roots, cabbage, and celery to help make the exhibit interesting and the competition for prizes keen.

Win Dairy Honors.—Pennsylvania placed third among the nation's great dairy states when 261 Keystone dairy herds won places in the National Three Hundred Pound Honor Roll for performance of the past year. Many other herds by a little weeding and better feeding can win a place on this honor roll next year.

Apple Packing Requirements.

All Pennsylvania apples which are packed in closed packages must comply with the requirements of the State Apple Packing Law. This law provides that the name and address of the packer, the variety of apple, the size of package and the minimum size of fruit must be marked on the

outside of the package. It further provides that the apples on the face of the package must be a fair representation of the fruit in the balance of the package. The law is compulsory on all apples packed in closed packages within the State.

Gifts to Charities in Will.

The will of the late Sallie A. Prizer, of Schwenksville, disposes of an estate valued at more than \$37,000, and makes a number of charitable bequests in which the local Reformed church members are interested. Two hundred dollars apiece are given to the Good Shepherd Home and the Phoebe Deaconess' Home, of Allentown; the "Nazareth Orphans' Home and the Bethany Orphans' Home. The Board of Foreign Missions of the Reformed church will receive \$300. The residue of the estate goes to relatives in the Perkiomen Valley.

His son Charles is charged with the same offense, and Mrs. Gill with assisting an officer. The raid was made by Officer Gambering, of Sellingsgrove, and seven State policemen.
