ANNUAL CONVENTION OF COUNTY SCHOOL DIRECTORS

Met Thursday at Bellefonte in 39th Session—County Now Has 345 Teachers and 10,000 Pupils—President Mairs Re-Elected.

Unusual interest marked the thirtieth annual meeting of the Centre County School Directors' Association in the court house Thursday, it being the final regular meeting of this group under the leadership of County Superintendent David O. Eiters, who is now rounding out more than a quarter of a century of service as superintendent of the schools of our county.

One hundred and forty school directors from all parts of the county assembled for the morning session at which Prof. T. I. Mairs, president of the County Association, presided. Dr. L. E. Driver, of the Department of Public Instruction at Harrisburg, spoke very interestingly and instructively of the director's duties and responsibilities in rural communities. Many questions were asked concerning the consolidation of schools, the transportation of pupils, etc., all of which Dr. Driver answered to the instruction of all.

The high spot of the convention was realized in the afternoon session when Prof. M. S. McDowell, president of the State College board, in behalf of the County Association, presented the retiring superintendent a purse of gold as a token of esteem and appreciation of his faithful untiring service during the past twenty-five years.

President Thomas I. Mairs, of State College, vice president Mrs. Emma W. Womelsdorf, Philipsburg, and S. W. Gramley, Millheim, were re-elected. Other officers elected were: Secretary, Prof. O. F. Smith, Boalsburg; treasurer, J. Will Mayes, Howard; delegate to State convention, C. S. Womer, of Rush township; auditor, Charles P. Cook, Bellefonte.

The directors will meet April 13 to elect a successor to Superintendent Eiters, whose term expires May 1st.

SPRING MILLS

Three funerals were held here the past week: Jacob Sharer's baby, Mrs. Adam Finkle and Wm. F. Lingie. Rev. Hazen is holding protracted meeting this week.

Charles Long and Ralph Shook attended the funeral of Ira Ohl, at Nittany, on Sunday.

Mrs. Harvey Bailey is spending some time at Antea Port. John Rishel and Jacob Lee returned from a trip to Florida, well pleased with the journey.

FARM CALENDAR

Timely Reminders from The Pennsylvania State College

Alfalfa Rated High—Alfalfa is a valuable dairy feed. Many farmers who have alfalfa on their own corn and oats are only paying about \$55 a ton for grain mixture this winter. Alfalfa not only makes it possible to have a cheap grain mixture but helps cows give more milk than any other roughage will. If alfalfa is not already grown on the farm, get in touch with the county agent and have your soil tested for the lime requirement; also obtain sources of good seed and inoculation.

In the Garden—Plan your garden for this year. Use as a basis the amounts of vegetables needed by your family for a healthful diet. Plan for the greatest quantity of the vegetables your family particularly likes. Make the location and size of plot fit garden you want, whenever possible, rather than plan the garden to fit a space that may be too cramped or inconveniently located.

Move Trees Now—Large trees may be transplanted to the home grounds now. Move with a frozen ball of earth attached. A block and tackle and rollers or a stoneboat will be necessary in moving the larger trees. Do not attempt to move trees more than six inches in diameter.

Attend State Show—Do not forget the State Farm Products Show at Harrisburg, January 18 to 22. It is the show window of Pennsylvania agriculture. Each day is a red letter one for the farm family. The exhibits will teach inspiring lessons.

Transfers of Real Estate.

One long and two short blasts when fire is north of Reformed church; One long and five short blasts when fire is south of Reformed church.

STEWED--- then CANNED

There is a whole temperance lecture in old St. Chestnut's short paragraph. He says: "Remember the fate of the tomato—it got stewed and then canned."

Of course it doesn't pay to get "stewed." Most of us found that out long before the Volstead Act. It pays to be temperate, conservative, in all things, but more especially in banking. People who trust their funds with a bank, demand security above all things. That is why our bank has the confidence of the people.
