

THE CENTRE REPORTER

THURSDAY, FEBRUARY 11, 1926

BOALSBURG.

The annual foreign missionary service of the Reformed church and Sunday school will be given Sunday evening at 7:30. A program is being prepared which will likely be interesting. All are invited.

Mrs. Hazel Meyer had her father and mother, Mr. and Mrs. Edward Lucas, and their children, Agnes, Kathryn, Billie and granddaughter, Elene to a children and waffle supper Tuesday evening.

A social evening was spent at the Boal camp on Monday, dancing and card playing being the chief amusements. People were present from State College, Centre Hall, Oak Hill and Boalsburg.

Miss Campbell, teacher of the Grammar school, was at her home last week on account of suffering with tonsillitis. She returned to her work again on Monday morning.

At a meeting of the consistory of the Reformed church Sunday morning it was decided to support the Ministerial Relief endowment fund. The time to extend over two and one-half years.

George W. Rowe went to Williamsport Sunday to spend some time with his daughter, Mrs. Harry Kuhn.

Two sleds, loads of young people from the Methodist church of State College spent a social time at the Knights of Malta Temple Saturday evening.

POTTERS MILLS.

Mrs. P. H. Henshall, of Ventnor, is spending a few days at the home of her mother, Mrs. Ellen Wilkinson.

W. E. Lee visited for a few days last week at the home of his sister, Mrs. George E. Breon, in Reading.

Thomas Miller and family, from Tusseyville, spent Saturday at the home of his parents, Mr. and Mrs. M. N. Miller.

The serenaders of our village were busy on Friday evening. They gave Mr. and Mrs. Henry a warm reception.

Those of our town who are housed up at his writing are, Mrs. Frank Ennist, Samuel Lingie, Mrs. H. E. Foust and Rachael Foust.

Misses May and Hazel McClellan, of Tusseyville, called at the H. E. Foust home Monday afternoon.

Miss Caroline McClellan spent Tuesday at the C. D. Bartholomew home at Centre Hall.

Transfers of Real Estate.

Julia E. Ebert, et bar, to Charles E. Ebert, trustees, tract in Gregg twp.; \$600.

M. Gregg Keatley, et al, to Nellie K. McIntyre, tract in State College; \$8,000.

Bessie J. Foster, et bar, to Ida R. Kissinger, et bar, tract in Haines twp.; \$900.

Charles M. Thompson, et ux, to Geo. W. H. Williams, tract in College twp.; \$300.

FARM CALENDAR

Timely Reminders from The Pennsylvania State College. Get Chicks Early—Hatch or buy your chicks early. Early hatched chicks live better, grow faster, and mature more quickly than late hatched ones. The broilers from early hatched chicks also bring a much higher price. Pullets from early hatched chicks are more profitable, because they lay when egg prices are increasing.

Check Vegetable Supply—Early February is a good time to again take stock of canned and stored goods. Is there enough of all types of vegetables to last until May 1, the earliest date at which you can expect any return from the garden, and plenty of sweet corn, tomatoes, beans, and such vegetables that will not be ready until much later? If the farm garden did not produce an adequate supply the past season the difficulty may be remedied by enlarging the garden, applying more fertilizer, and taking better care of it.

Plan the Dairy House—Now is the time to plan the farm milk house to be built this spring. Circular 107, entitled "Building the Farm Dairy House," will be sent to you free if you mail your request to the Agricultural Publication Office, the Pennsylvania State College, State College, Pa.

Early Garden—Garden arbors can often be used to screen objectionable objects. These arbors can be made easily inside now and set out later. Vines, such as Climbing Roses, Clematis, Polygonum, and Wistaria, may be planted next spring and trained over the arbor.

TWENTY GOOD RULES FOR PERSONAL HYGIENE.

Here are twenty rules for personal hygiene. Hygeia, health magazine published by the American Medical Association, recommends them in its February issue, quoting them from Surgeon Allan J. McLaughlin's volume in the national health series. They are:

- First—Begin with a human appraisal by having a health examination.
Second—Improve immediately any defects or correct any faulty habits that such an examination may disclose.
Third—Breathe the fresh air all the time.
Fourth—Get outdoors as much as you can.
Fifth—Seek the sunshine.
Sixth—Eat plenty of wholesome, well selected, nutritious food.
Seventh—Drink plenty of water every day.
Eighth—Do not overeat and avoid overweight.
Ninth—Work hard, play often, and have a good time at both.
Tenth—Sleep enough; outdoors, if possible.
Eleventh—Exercise every day.
Twelfth—Wear sensible clothes, light and loose.
Thirteenth—Be cheerful, serene and contented.
Fourteenth—Don't let your nerves ever get the best of you.
Fifteenth—Take proper care of your eyes and other important organs.
Sixteenth—Have a bowel movement at least once a day.
Seventeenth—Keep away from persons having communicable diseases.
Eighteenth—Keep poisons out of the system.
Nineteenth—Get your hygienic advice from reputable, regular physicians or scientific health agencies and not from quacks and "patent medicine" advertisements.
Twentieth—Stand up and face the world for the world is all at your feet.

State Claims Auto Fines.

The State has requested the city of Lock Haven to pay them the sum of \$824 which has been collected in fines from speeding motorists in violation of the city ordinance within the past several years, under the new State ruling. C. R. Miller, of the State Highway Department, inspected the dockets in the office of the mayor and alderman of the city last week, and stated that under the new act of legislature, these fines must go to the State. Lock Haven may decide to contest the right of the city to collect the fines in view of the fact that the city keeps up its own streets, which are subject to increased wear and tear through heavy trucks and motor cars.

Pa. Farm Families Average 4.27.

The average size of farm families in Pennsylvania, according to the triennial farm census, is 4.27. This is an interesting contrast to the farm families numbering 5 to 10 persons a few generations ago. The average family has 2.22 males and 2.05 females. These figures give at least one reason why farm labor is an increasing problem in agriculture, and also points to the need for greater use of home conveniences in reducing the tasks of the household.

The average farm family in Centre county is slightly above the average for the State, being 2.53 males and 2.35 females or a total average of 4.78.

War Veterans' Insurance.

World War veterans who have allowed their government term insurance to lapse will not be able to reinstate it after July 2, 1926. On that date also all war term insurance which has not been converted by World War veterans into some permanent form of government insurance will terminate. This information is contained in a letter sent out to every known organization of veterans, newspapers, and other organizations interested in the welfare of the World War veterans.

Of more than forty billion dollars' worth of term insurance written for service men by the government during and after the World War, less than one and one-half billion dollars' worth remained in force on June 30, 1925. Nearly seven per cent of this lapsed insurance, or \$2,597,564,237 worth, is represented by 274,138 term policies taken out by Pennsylvanians.

FOR OVER 40 YEARS

HALL'S CATARRH MEDICINE has been used successfully in the treatment of Catarrh. HALL'S CATARRH MEDICINE consists of an Ointment which quickly relieves by local application, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surfaces, thus reducing the inflammation. SARAH J. LINGLE, Admrx., JEROME I. LINGLE, Adm., Spring Mills, Pa. o9*

COURT PROCLAMATION.

WHEREAS the Honorable Harry Keller, President Judge of the Court of Common Pleas of the 49th Judicial District, consisting of the County of Centre, having issued his precept bearing date of the 12th day of January, 1926, to me directed, for holding a Court of Common Pleas, Orphans' Court, Court of Quarter Sessions of the Peace, Oyer and Terminer and General Jail Delivery, in Bellefonte, for the County of Centre and to commence on the

FOURTH MONDAY OF FEBRUARY, being the 22nd day of February, A. D. 1926, and to continue two weeks.

NOTICE is hereby given to the Coroner, Justices of the Peace, Aldermen and also such Constables, (that may have business in the respective districts, requiring to report to the Honorable Court) that they be then and there in their proper persons at 10:00 o'clock in the forenoon of the twenty-second day of February, with their records, inquisitions and their own remembrances to do those things to their offices appertaining to be done, and those who are bound in recognizances to prosecute against the prisoners that are or shall be in the jail of Centre county, be then and there to prosecute against them as shall be just.

Given under my hand, at Bellefonte, the 19th day of January, in the year of our Lord, 1926, and the one hundred and fiftieth year of the Independence of the United States of America. E. R. TAYLOR, Sheriff, Sheriff's Office, Bellefonte, Pa.

Show 1925 Best in Five Years for Prices to the Farmer

WHAT THE FARMER PRODUCED IN 1925. Table showing total value of farm products by years from 1916 to 1925. Includes categories like Eggs & Poultry, Vegetables, Dairy Products, Animals Raised, Cereal, Cotton, Fruits, Hay & Forage, and Tobacco. Total value in 1925 was \$17,355,000,000.

THE farmer produced just about as much stuff in 1925 as in 1924, and it was worth a hundred million dollars more, according to the annual year-end survey of the Sears-Roebuck Agricultural Foundation. The average of all farm prices is now 154 per cent of the pre-war average, as compared with 149 per cent last year at this time. The real significance of this is indicated more clearly by the relation of returns from the sale of farm products to wholesale prices of commodities which the farmer buys and consumes. This means, states the Foundation, that the purchasing power of the farmer's dollar has risen from 66, the lowest point following the war, to 90 for 1925 and indicates that agriculture is recovering.

Boosting Pays. Little is ever gained by finding fault, by scolding, nagging or knocking. Be at least a booster for your own business. It pays. That's why we are boosting our business in a modern way through newspaper advertising. Our Bank is a Booster Bank. We want more business. We want to see our bank growing bigger, stronger, every year, and it is doing just that. Why? Because we try to boost instead of knock and the people appreciate the fact. THE FIRST NATIONAL BANK, CENTRE HALL, PA. 5 PER CENT INTEREST ON TIME AND SAVINGS DEPOSITS.
