WILL LAUNCH NINE SHIPS AT NEWPORT NEWS, VA.

Big Event in American Shipbuilding, March 20th.—Former Local Resident Writes Reporter About It.

Newport News, Va., Mar. 8, 1926. Centre Reporter:

I am enclosing a program concerning a big day we are having March 20th. I am sure if you publish this there will be some of the people in and surrounding Centre Hall who will try and see this launching of nine ships in one day. You will have an opportunity of seeing the shipyard where about 80 per cent of our battleships have been built and at the same time see a number of historical places which can be reached within a radius of 30 miles from Newport News. If any one wishes to come I will be only too glad to make all arrangements at this end. You certainly can't afford to miss this rare treat, and it's only a comfortable boat ride from Baltimore or Washington; leave either place at about 6 P. M., daily, arrive Newport News, 7 A. M. Very truly yours,
M. P. BREON.

[Note: The program Mr. Breon included in his letter tells of the most unique event in the history of American shipbuilding at Newport News, Va., March 20th. Nine ships will be launched; three keels laid in three hours (11:30 a.m.—2:45 p.m.) at the Newport News shipbuilding and dry dock yard, including five different types of vessels, from the liner to half-million dollar yachts. The laying of keels of two Clyde liners and of a great Panama Pacific liner (the largest commercial keel ever laid in America) will take place. In this great yard the "Leviathan" was reconitioned; the \$4,000,000 thousand-foot shipways built for the battle cruisers "Constellation" and "Ranger."—Ed.]

AUTO ACCIDENT BRINGS DEATH TO YOUNG WOMAN

Lewistown Woman Victim of Midnight Crash of Cadillac Car at Centre Hill.—Telephone Pole is Snapped Off.

Miss Marion Pennypacker is dead as the result of a most terrible automobile accident which occurred shortly after midnight, Sunday, at a point less than a quarter mile beyond the Bruce W. Ripka farm home, at Centre Hill.

From reports of citizens living in that locality, two cars were heard to be running at great speed, and in a short while thereafter a terrific crash was heard. Whether one car tried to pass the other, or whether the one skidded, is not known, but upon reaching the top of the hill beyond the Ripka buildings, and taking the curve to the left, the Cadillac car in which Miss Pennington was an occupant with a gentleman whose name we could not learn, struck a telephone pole, snapping it off as if it were a toothpick. The car then swerved to the left, crashed through a fence and landed in what is known as Blausner's lot, turning several somersaults and taking the form of a complete wreck when coming to a standstill.

A passing auto-stopped and brought the injured woman to the office of Dr. Hugh Morrow, in Centre Hall, where the physician did all he could for one whose case appeared hopeless. An examination disclosed a fractured pelvis, a crushed chest with fractured ribs puncturing the lungs. She bled profusely from the mouth. She was later removed to the Lewistown hospital where she died Tuesday afternoon. She was aged about 27 years.

The party were said to have been returning to Lewistown from State College where they had been visiting relatives. One report has it that the driver of the car was a chauffeur for a Lewistown banker.

Mrs. Bruce W. Ripka was one who heard the cars passing her home during the midnight hour, and the terrific crash which followed a minute later. Others in the neighborhood also heard the crash.

TWO TON LITTERS PAY; ENROLL 11 THIS YEAR

Convinced by two years' experience that it pays to put the feeding rules of the club in practice on a large scale, Peters Brothers, of Stormstown, in Centre county, have enrolled eleven sows in the 1926 Keystone Ton Litter Club.

Ten litters produced on the Peters farm in 1924 and 1925 pointed the way for the brothers, so when County Agent R. C. Blaney and L. C. Madison, swine extension specialist of the Pennsylvania State College, recently visited them they told of their decision.

If the litters from the 11 sows are all large enough to make a good showing, they will be nominated. A large number of the pigs farrowed are usually sold to neighbors for feeding purposes. This year they plan to make sales from the smaller litters only, keeping the larger ones for the ton litter club.

Reports from many sections of the State indicate a greater interest in ton litters than ever before. This year the banner county of the United States in 1925 with 28 ton litters, already has enrolled nearly twenty litters, County Agent Weber announces.

Death from Auto Accident.

William Russell Henry, aged 25, of Millroy, died Friday night in the Lewistown hospital from a crushed skull sustained the night previous when an unknown driver struck a car driven by Walter Snook, throwing it into a telephone pole, and fled. No trace of the "hit and run" driver has been obtained.

Howard Has New Reformed Minister.

Rev. O. T. Moyer, the lately appointed pastor of the Nittany Valley charge of the Reformed church, moved his household effects from Chicona, Butler county, to the Reformed parsonage in Howard, last Thursday.

The Reformed congregation has been without a regular pastor since the resignation of Rev. Gass. Rev. Moyer is an experienced man and a very able speaker. He has preached several times in the Howard church since his election as pastor, but owing to the bad condition of the roads in the community from which he moved he was unable to move his material effects before this time.

Bandit Gangs of Children.

From time to time stories have come out of Russia telling how homeless children there have organized themselves into bandit gangs with most imposing names, but most of the tales heretofore have been little more than idle gossip. But now the Associated Press becomes authority for them. Recalling the savage tales that some of our own youngsters used to take in play in the days of the dime novel, it might be possible to laugh off this news from Moscow. But there is a difference. In the present situation in Russia there is no idea of play; it is all deadly seriousness, and the members of these juvenile gangs already have criminal records.

Ladies Temple Growing.

The Ladies Temple, K. G. E., in Centre Hall, is gaining largely in membership, the last class initiated, which ceremony took place on Thursday evening, was comprised of nine. The affair was largely attended and as is the custom on such occasions, refreshments were served.

TOWN AND COUNTY NEWS.

The Moose theatre in Bellefonte is to be improved according to a definite statement given out by members in authority. The stage is to be enlarged and seating capacity increased.

The regular March court for Union county was called last week, but there was no need for jurors as there was not a case up for trial. Jurors had been previously notified not to appear.

State College is preparing to entertain thousands of Odd Fellows and visitors on Tuesday, April 27th, the time for the annual meeting of the Anniversary Association of the three-linkers.

Mrs. Eliza Stover, who since last November has been at the home of her daughter, Mrs. Leher, in State College, returned to Centre Hall a few days ago, and is now with her daughter, Mrs. William McClenahan.

Mrs. C. R. Fair, of Reading, came to Centre Hall on Monday to visit her brother, John F. Kramer, who has not been in good health for some time. She was pleased to find him sitting by the window, waiting for her arrival.

John H. Welby, of Lemont, was a visitor in town on Saturday. He is a retired section boss on the local branch, and being an old-time friend of James H. Smetzler, also retired from like service, did not fail to pay him a visit while here.

An arrival from the South on Thursday of last week was Clifford S. Thomas, who spent the greater part of the winter in Georgia, near the Florida State line. He is highly pleased with the climatic conditions there and has become a more-or-less booster of the South in general.

The concert by the Kappa Gamma Psi, professional musical fraternity, assisted by Mrs. Harner, pianist, and Mr. Worthley, tenor, and the Symphony State College, on Sunday afternoon, was most delightful. The trumpet solo by Mr. Swift was especially pleasing to the large audience. The concert was attended by several parties from town, among them Mr. and Mrs. F. P. Geary.

Representatives from Middleburg and McClure in Snyder county, appealed to the State Highway Department for the permanent paving of the road between Middleburg and Lewistown. The road is a portion of the William Penn Highway and intersects with the Susquehanna Trail at Selingsgrove. Snyder county claims it has been unfairly treated in that it has not been given its share of road improvements. The representatives were promised that the State would build the road during 1926.

Mr. and Mrs. J. W. McCormick, of Columbia, S. C., came north on Thursday and remained at Centre Hall until Saturday evening, at which time they and Mrs. D. J. Meyer accompanied John D. Meyer to Tyrone. While here the Meyers and McCormicks prepared for and held the sale on Saturday, of personal property of Mrs. Meyer. While Mrs. Meyer will live with her son in Tyrone, she still will keep up her interest in Centre Hall and in time expects to secure several rooms here so she can come and stay at her leisure.

What to do with fines collected by the Williamsport mayors and aldermen since 1918 is a question now uppermost in the minds of Williamsport city officials. The State claims the city owes it \$2,763 for fines collected under State laws. The city solicitor takes the view that most of the fines collected were done so illegally, and if not paid to the State should be returned to the persons who paid them. Another divergent view the costs in these cases where aldermen held court for the mayor. The aldermen kept the costs instead of turning them into the city treasury.

Twenty conferees, representing the Central Pennsylvania Presbyteries of the Presbyterian Church, assembled in Sunbury, last week, for discussion of co-operation in child care. They represented Northumberland, Carlisle, Westminster, Lackawanna, Lehigh and Clarion Presbyteries, which group constitutes the Central Pennsylvania organization. The meeting was for the sole purpose of determining just what can be done along the line of child care. Co-operation of the various groups is being sought with the ultimate view of erecting an orphanage near Mifflinburg, where the Central Pennsylvania Presbytery is in possession of suitable land, a farm presented by Mrs. Jane Harrison, for this purpose. The possibilities of having an orphanage erected in this section are promising despite the fact that actual construction has not been talked of, all preliminary work such as determining how much and in what spirit it will co-operate, yet remains to be done.

PINCHOT CANDIDATE FOR UNITED STATES SENATOR

As his only reason for being a candidate for U. S. Senator, Governor Pinchot recites his exalted opinion of himself. The people of the State have made no demand for him to be a candidate. Centre county knows a bit about Pinchot. It knows something of his judgment.

No one believes Pinchot when he states as he did that it was his intention to retire from politics on completing his term of Governor, for every office he performed since he assumed the office was with a view of furthering his political advancement, and on this basis he is huckstered every appointment at his command.

The records show that his was the most extravagant administration in the history of the State, yet he has the effrontery to say economy was practiced. Shorn of his millions in wealth and egotism, Pinchot could well be spelled without a capital.

A year ago Mr. Brungart bought the ten head at \$200 apiece, and his neighbors questioned his good judgment, but they have since formed a different opinion.
