

THE CENTRE REPORTER
THURSDAY, MARCH 25, 1926

SPRING MILLS
Among those who visited the William Smith home on Sunday were Mr. and Mrs. Michael Smith, Mrs. Ruth Thomas and son, Lowell Alexander and family of Millfin county. Mr. Smith, who has been ill, is improving slowly. Wm. Smith moved to the Harter farm below Coburn. Ivan Lingie will move into Mr. Smith's home. John Dunkle is busy painting. Calvin Finkle is ill. William Osman and Byron Bartley are moving to Port Matilda where they will operate a garage. Rev. Dayton, of Lopez, will move into the Evangelical parsonage. Rev. Haney goes to Grover, Bradford county. The teachers of this district attended the institute at Centre Hall on Friday.

GEORGES VALLEY
The sale held by Mrs. S. C. Decker, on Friday, was well attended, and everything brought good prices. William Emphield has gone to Johnstown where he will make his future home. Mr. and Mrs. Helen Decker went to the home of the latter's parents, Mr. and Mrs. John Noll, on Sunday, to enjoy entertainment via radio. S. E. Goble and family spent Sunday at the home of William Gingsy, near Potters Mills. Last Thursday, J. K. Confer moved from Potters Mills to the Leister farm which he bought. William Snyder moved to one of the Allison farms at Potters Mills. Samuel Reaick moved to his father's farm near Millheim. E. E. Gill will move where Snyder left on the Confer farm. James Gulsewite will move onto the Mrs. Ida Decker farm, which has been vacant for several years.

REBERSBURG.
The stork visited the Beckenbach home and left them a baby boy. Rev. Warburton and family left today (Thursday) for their new field of labor at New Freedom. Mrs. Alice Sholl, widow of the late Jacob Sholl, died on Saturday night at the home of her son-in-law and daughter, Mr. and Mrs. Charles Bierly. Her remains were laid to rest in the Lutheran and Reformed cemetery on Wednesday forenoon. An infant child of Mr. and Mrs. Meyer Brungart died and was buried last Thursday in the Lutheran and Reformed cemetery. Last Tuesday Ray Stover moved from Mrs. Wolf's Store to Rebersburg into the Harry Garret home at the extreme east end of town. Orvis Swartz, who will make sale of his live stock and farming implements on March 29th, has rented the William Haines home in town, and will move there soon after his sale. Agnew Lambert, who had sale of last Friday on his farm near Wolf's Store, will in the near future move to town and occupy his own home. Floyd Bressler will move onto the farm vacated by Lambert.

LINDEN HALL
(Received too late for last week.)
Many people in this section are ill with the grippe; among those who are affected are Rodney and Miles McClellan, J. H. Rose Robert and James Gearhart, and Samuel Ross. Measles also have appeared, the first victim being the little son of Mr. and Mrs. Lynn Ross. Miss Mildred Wieland returned Monday from a week-end visit with friends in Philadelphia. The Fred Cox sale on Tuesday drew a large crowd and everything sold at good prices. Mrs. John Carper went to Clearfield Saturday, having been called there on account of the serious illness and death of her brother, J. W. Miller, which occurred on Sunday night. Mrs. James Swabb is visiting her sister, Miss Izora Rupp, at the J. J. Tressler home.

NOTICE OF PRIMARY ELECTION.
In accordance with an Act of Assembly, known as the Uniform Primary Act, approved July 15th, 1913, amended 1925, and supplements thereto, notice is hereby given that a Primary Election will be held on TUESDAY, MAY 18th, 1926, at which time the polls will be open from 7 o'clock A. More than just building materials
Almost any lumber dealer can supply you with the building materials you need for a specific job—so many feet of lumber—bundles of shingles—pounds of nails—or even the genuine Beaver Board.
That's really a small part of the job. When you buy your materials from us you receive our building advice that has been gathered from years of actual experience. That item doesn't show on your bill but it's a mighty important one—one that will mean a saving for you.
And we have tried to buy only the very best materials for our stocks. We are sure that you will appreciate our service as much as the speedy delivery of materials. You should at least consult us before you place an order for building materials.

KEYSTONE KVALITY Mixed ... Feeds ...

Feeds made to your favorite formulae. Write for prices. State amount of each ingredient by weight, and, if possible, the analysis or feeding value of each.

Also "Best by Test" Feeds.
Here's some examples:
New Jersey State LAYING MASH
consists of Wheat Bran, Wheat Middlings, Beef Scrap of 50 per cent. protein, Corn Meal and Ground Oats. The last two grains are perfectly cleaned and HAMMER MILL GROUND at the plant, rendering them as pure, if not purer, than the other ingredients which are shipped here.

Hammer Mill Ground is Quality Unsurpassable. That's "Keystone Kvality."

20 per cent. of the above mash is sterilized Beef Scrap, the correct amount as proven by Experiment Stations and Successful Poultrymen everywhere.
The fowls are given free access to this mash at all times as well as Grit, Charcoal, Oystershell and Water when the following Scratch Grain Mixture is fed twice per day (lightly in the morning and heavy at night) a perfectly Balanced Ration is formed. This ration used extensively in Egg Laying Contests—a Ration that has won Highest Honors many times. For instance: Fed on this Ration, Lady Egg-day breaks all Records at North-American Egg Laying Competition—343 Eggs.

The Scratch Feed—Cracked Corn, Wheat and Oats—thoroughly and perfectly cleaned and blended.

MY PRICES AT THE PLANT:
N. J. STATE LAYING MASH—\$2.50 per cwt.
N. J. STATE SCRATCH FEED—\$2.20 per cwt.
Here's an excellent Hog Meal for less than the average price of Standard Chop. Contains Grains perfectly cleaned and Hammer Mill Ground and the Highest Grade (60 per cent. protein) Tankage thoroughly and perfectly blended. Approximate feeding value—Protein 16 per cent.; fat 5½ per cent.; fibre not over 4 per cent. My price—\$2.00 per cwt.
The three of ten members enrolled in the "KEYSTONE TON LITER CLUB" who succeeded in raising TON LITTERS fed the famous 1-2-3-4 mix recommended thru the office of the Centre County Agriculture Extension Assn.
My price on the 1-2-3-4 mix—\$2.10 per cwt.
Any feeds delivered at the rate of 4c per cwt. per mile.

FARMERS—Spring's here. Time's precious. Grain's getting low in the bins and cribs and will shortly advance in price. The average farmer cannot afford to spend valuable time making his own feed especially when he can get the right prices for his grain at a local feed plant and bring back on the return trip a load of prepared feed of reliable public formulae to dump in the dry mash feeders, hog feeders, etc., or in other words, all ready to feed; and when the price of the prepared feed is practically the same as the sum of the prices of each ingredient in its consistency. A modern mixed feed plant must buy each ingredient in large quantities at wholesale prices. The average farmer cannot do this. Neither can he afford to buy the Nationally advertised feeds made in the city mills and put up in a loud color and which can't be any better than I can make, yet the farmer won't pay nearly as much here because there's no freight to pay on grain to the mill and back to the farmer's. No middleman's profits whatever. In building up a modern, local mixed feed plant am facing competition at its greatest. Four energetic mills within a radius of 5 miles. A dozen or more 1½ miles. I must pay the very highest prices for grain, buy high protein supplements in large quantities at wholesale prices, pay the freight, maintain high priced machinery for the manufacturing processes, etc., and compete with the feeds of every description as well as many farmers grinding their own grain. buying protein in supplement at retailer's prices and mixing it themselves. My prices on prepared feeds must be lower than the farmer's expense, time and labor in making their own feeds; lower than the prices of competitive feeds. The quality of my feeds must be sweeter, purer, cleaner, better than the BEST and the PRICES I pay for grain must be higher than the farmers can get elsewhere. All these plus patronage and satisfied customers will make this establishment possible.
Thus you see "Stirring the soup of Competition" will surely better conditions for the farmers.
Now then Mr. Farmer, you know fares don't lie, providing they are right.
If you take a load of corn (50 bu. ears) to the mill you receive @ \$0.6c per bu. \$30.00. \$40 will buy a ton of hog meal (a complete balanced ration) which will last many weeks. How long would that load of corn have lasted had you fed it whole or even ground it, to say nothing of the low and unbalanced feeding value of corn alone. A load (60 bu.) of oats at 46c is \$24.00. \$24 will buy 960 lb. N. J. State Laying Mash, enough to last 200 hens 6 weeks.
Farmers and Feeders, get in touch with me; it will mean much to you now; it will mean heaps to you later.
What are you feeding? Let me show you what I can save you. Try my feeds; have any of them analyzed at any time.
Order a ton of some feed; have me prepare it for you promptly; then if you have good corn to sell, bring a load along when you come for the feed.
You will positively profit by dealing here.

Help Yourself
People all realize the truth of the old saying: "A man cannot lift himself by merely pulling at his own boot-straps."
He may not lift HIMSELF very high by tugging at the OTHER FELLOW'S boot-straps, either. It pays to look out for yourself. In financial affairs, select a good strong Bank, like ours, to do business with, where your funds will be secure and you have the advantages of the very best banking facilities. That's a good way to help yourself.
