HISTORY OF GOOD TIRES

You Pay No More for these Warranted Tires

In fact, you will find that USCO Balloons, High-Pressure Cords and Fabrics are priced lower than many unmarked, unwarranted tires of questionable value on the market today.

USCO

tires are famous for their ability to give long mileage. They are protected by the name, trade mark and warranty of the United States Rubber Company—the world's largest rubber manufacturers and owners of the largest rubber plantation in the world.

Come in and let us show you the advantage in price and quality of these dependable tires.

Supremacy in Fine Steel

In the percentage of Costly Chrome Vanadium Steel used, Dodge Brothers Motor Car outranks any other automobile in the world, regardless of cost.

It is everywhere conceded that Chrome Vanadium Steel is the toughest and most enduring metal ever created for use in the vital parts of a motor car.

It may not be so well known, however, that Dodge Brothers Motor Car ranks first in the world in the use of this costly and fatigue-proof material.

Dodge Brothers power assembly is almost entirely Chrome Vanadium—motor, connecting rods, crankshaft, transmission, universal joint, drive shaft, differential and rear axle.

Even the front axle is Chrome Vanadium—the entire steering unit—and every leaf of the springs.

In fact, wherever any manufacturer uses alloy steels, Dodge Brothers use costly Chrome Vanadium. And in numerous instances Dodge Brothers employ it where plain carbon steel, even in the costliest cars, is commonly thought sufficient.

This has been true from the day Dodge Brothers built their first motor car.

This explains why the words *Long Life, Safety and Dependability* are habitually associated with the name Dodge Brothers wherever motor cars are serving mankind.

SESQUICENTENNIAL HISTORY SKETCHES

The one hundred and fiftieth anniversary of the adoption of the Declaration of Independence will be observed by the Sesquicentennial International Exposition, which opens at Philadelphia, June 1, 1926.

Everybody says "It costs so little to Own and to Operate"

for Economical Transportation

CHEVROLET

Touring or Roadster	\$510
Coach or Coupe	\$645
Four Door Sedan	\$735
Landau	\$765
1 Ton Truck (Chassis Only)	\$395
1/2 Ton Truck (Chassis Only)	\$550

Although it is bigger, and more rugged than other low-priced cars, Chevrolet has a world-wide reputation of costing less to own and to operate.

This reputation has been won, first, by the longer life, slower depreciation, and freedom from repair that result from Chevrolet's modern design—and, second, by the oil and gas economy of Chevrolet's powerful valve-in-head motor.

Hundreds of thousands of Chevrolet owners will tell you that this car is not only powerful, speedy, comfortable and smart appearing—but that you can enjoy its exclusive advantages at a cost which is lower than you imagine. Get a demonstration and let us show you why this is true.

DODGE BROTHERS ENLARGE OUTPUT TO MEET SALES

With a record of 11 highly successful years behind them Dodge Brothers, Inc., are apparently determined to make 1926 outdo all their previous sales achievements.

The pace set by this manufacturer during the first quarter and so far in May is discussed quite generally as one of their achievements of the industry. From the seventh day of January, when prices were reduced, there has been a constant acceleration in demand for Dodge Brothers Motor Cars and the Graham Brothers Trucks—Graham Brothers is a division of Dodge Brothers, Inc.—with the result that each of the first three months successively established a new record.

"Our chief concern now is production," said E. G. Wilmer, president of Dodge Brothers, Inc. "We invested \$10,000,000 in new buildings and equipment with the hope that for once, at least, Dodge Brothers Dealers would be given all the cars they needed. In 1925 it was estimated conservatively that they could have delivered 50,000 more cars had they been available."

"Dealers from all parts of the country are wiring for more cars. Our records show that there were on April 24 in the hands of dealers in the United States 26,921 new Dodge Brothers motor cars and Graham Brothers trucks against which these dealers held 17,568 signed, unfilled orders. Spread the difference, 9,353, over an organization of 3300 dealers with their numerous selling connections and you begin to realize how small the stock really is.

"As a matter of fact, deliveries right now are exceeding production. During the week ending April 24, for example, our total shipments to dealers in the United States and Canada were 8264 and our deliveries 9566. We had expected to add materially to our stocks or several weeks yet before deliveries were made from surplus."

"Every year heretofore thousands of persons who wanted Dodge Brothers cars have been compelled to take a second choice car with the result that other companies have thrived on our overflow. This year, with all our determination to cut these second choice to the absolute minimum, history seems destined to repeat itself, although I am happy to say, to a much smaller extent than ever before." adv

Wiping Out Pests.

Many predatory animals are caught in their dens by government hunters, who are experienced and sufficiently fearless to work their way through narrow, dark tunnels and attack wolves, coyotes or mountain lions at close quarters. They usually get the adult female and a number of pups. Out of 1,791 animals taken in Montana during 1922 by predatory-animal hunters employed by the biological survey of the United States Department of Agriculture and the state fish and game commission, 348 were taken in dens, 900 were trapped, 144 shot, 191 poisoned and 1 snared. Dogs were employed in taking 138. Skins and skulls of all the animals secured were turned in to the district office of the bureau as evidence of capture. The number included 1,544 coyotes, 55 bobcats, 56 wolves, 38 lions, 17 bears and 81 miscellaneous animals.

A Question of Antiquity.

As one of the tales of the great unwashed, it might be told that on one of the grimy windows of the Indiana statehouse is the following inscription:

"Sherman marched to the sea yesterday."
Inasmuch as the statehouse was built since the day after General Sherman ended his historic hike, it is believed that the inscription is the work of some wag and not that of a historian.—Indianapolis News.

Searcy County Bankers Association, Arkansas, entertained as its guests recently some seventy-five farmers and business men. The result was the organization of the North Central Arkansas Agricultural Association. Its purpose will be to co-ordinate the efforts of the farmers and business men in promoting a better agriculture. Searcy County bankers are giving 100 settings of purebred eggs for distribution to the boys' and girls' clubs in the county.

Growth and Strength in Baby Chicks

Now you can speed growth in your chicks safely. And at the same time give them strength to resist disease.

For Pratts provides their little bodies with such perfect nourishment that they thrive. Thoroughly predigested ingredients. Selected and prepared with the attention that even human food seldom receives. Tens of millions of pounds are made yearly. Not a pound ever sent out unfit. The biggest selling Chick Food in the world.

Pratts Buttermilk Baby Chick Food

To Our Customers: We guarantee Pratts Buttermilk Baby Chick Food unconditional. Carry out back if your chicks don't thrive on it.
