MAKING USE OF VACATION.

The United States Public Health service offers some advice that is timely at the inception of the vacation season. For indoor workers it indorses the open air change and for those whose occupation keeps them outdoors it would reverse the prescription. This seems logical if vacation means a change. That certainly is what it should mean. There is recreation in doing for a small part of the day something different from what we are engaged in doing most of the day. Avocation is desirable in the way of change and to keep one in good shape for the regular vocation.

The health service also urges the vacationist to get new ideas. Therein is the advantage of seeking new environment in vacation time, meeting new and strange people and getting the point of view of others. All folks are interesting if touched on the right side. Few indeed but have some information of value to impart if it be the cocksureness of the speaker that he has plumbed the depths of human knowledge. The information that isn't true often is as interesting as something that is.

In the shops frequented by groups one may hear much delivered as by an authority that has little foundation but it is entertaining and no less enlightening as specimens of public opinion.

On the other hand one may hear much of truth developed as the result of experience. The vacationist who keeps eyes and ears open and is as friendly as others are willing to be with him, short of lending money, will be able to pick up information that will be enlightening in various ways. None has more knowledge than one needs and there is none but needs more.

Memorial and Patriotic Thanksgiving

Service by Local P. O. S. of A.

Floral tributes and flags will be placed on graves of deceased members on June 20th, as follows:

Centre Hall—2:30 P. M.; Tusseyville, 3:00 P. M.; Sprucetown, 3:30 P. M.

All members are requested to meet at camp room at 2:00 P. M., bringing flowers. If those that haven't cars will report to W. H. Bland, transportation will be arranged for—Comm.

Sunday, July 4th, 10:30 A. M., Rev. J. M. Kirkpatrick, a member of Centre Hall camp, will deliver a patriotic sermon in the Presbyterian church at Centre Hall. All members are requested to be at the camp room at 10 A. M., from which the camp will move in a body to the church. Veterans of the G. A. R., Spanish-American and World Wars are invited to come to the camp room and participate in this service. Members of all nearby camps are urged to participate, either as members or as a camp.—Order Comm.

DEATHS.
(Continued from first page)

changed his residence from Milroy to Burnham last fall.

The funeral services were conducted at his late residence Monday afternoon, by Rev. Russell F. Amman. The burial was in Church Hill cemetery, Reedsville.

STOVER—J. Oscar Stover passed away on Saturday at his home in Milroy where Mr. and Mrs. Stover lived the past few years. Interment was made at Milroy Tuesday morning.

Mr. Stover moved from Potters Mills to Milroy county more than 20 years ago. While at Potters Mills he was engaged in various phases of lumbering, but during the period of his activity after locating in Milroy county, he was engaged mostly about the several works at Yeagertown and Burnham. He was born at Unionville and was aged about seventy years.

Mrs. Stover, who before marriage was Miss Matilda Kohler, survives the deceased, as do also a son, "Bing," at Milroy, and a daughter, Laura, wife of Merrill Fultz, Reedsville.

Blind John Clark's Will

The will of John F. Clark, of Williamsport, better known as "Blind John," was filed at the office of register and recorder at the Lyscoming county court house. The estimated value of the estate is \$7,000. This is all personal property.

After providing for the burial expenses, the deceased made a number of bequests. Friends in the court house, in Williamsport, where he spent considerable of his time, were remembered in the will.

Martha Casner Waltz, a former deputy county treasurer, was bequeathed \$500, and Walter L. Rine, mortgage clerk in the register and recorder's office, was given \$400.

The other bequests include \$1,500 to his aunt, Mrs. Ella May Foote Dennis, of Williamsport; \$400 to Robert M. Hall, of South Williamsport, and \$500 to his uncle, Robert Morris Foote, of Millheim. The balance of the estate is divided among relatives.

State Employees Salary Increases.

Salary increases totalling \$76,490 annually were granted 754 State employees in the semi-annual promotion lists. The State executive board announced a few days ago. There are 317 women and 437 men affected by the increases, which total 1.29 per cent. of the total pay roll.

Increases were given 428 employees under a salary of less than \$1500 annually; 150 with a salary under \$2100; 93 with a salary under \$3000; 56 with salaries between \$3000 and \$4000, and 27 who receive salaries in excess of \$4000 a year.

Andrew Curtin Thompson and son "Jack" Thompson, Esq., of Philadelphia, made a trip through Penns Valley last week to say to the Democrats on the south side of the county that the elder Thompson proposed waging a real campaign, and would leave nothing possible undone to win as a Democratic candidate for assemblyman. He was not nominated simply to fill out the ticket, but was nominated to win. He assured the Democrats he met here that he meant to make a thorough canvass in all parts of the county, and was being encouraged to wage a hot battle. Mr. Thompson is also the Prohibition nominee for assemblyman. Both nominations were given him without solicitation on his part.

Camp Boys and Girls.

Camp Kanestake, known generally as the Tri-county Sunday-school Association camp, located in Huntingdon county, which county together with Blair and Centre, or rather, the Sunday-schools in these counties, form the association, will open its first session for boys, Tuesday of next week, June 22, and will close July 5th.

The camp for girls will open July 6th and continue to the 19th.

The cost per camper, in tuition, is roughly \$20.00, which covers lodging, board and registration.

Centre Hall will have six young people to represent it. Five of these are girls. The Sunday-schools and individuals bearing the expenses are noted below:

Presbyterian: Emeline Brungart, 2nd year; Grace Wible.

Reformed: Alma Lutz, 2nd year.

Lutheran: Wilbur McClellan.

Mr. and Mrs. F. M. Fisher; Fay Bradford, 2nd year; Lenora Foust.

Other districts reported to this office who will send campers are:

State College, Presbyterian: Rignald Wood, Margaret Buck, Lutheran: Mildred Zerby, Thilda Lomberger, Evangelical: Three, names not reported.

Boalsburg, Lutheran: Virginia Dale, Sarah Bohn.

To date these are all the campers on the south side of the county who have filed applications.

3 KILLED GOING TO RACES.

Two men were instantly killed and another so seriously injured that he died within a few hours in the Lock Haven Hospital, as a result of an automobile accident at Snydertown about half way between Lock Haven and Bellefonte, Saturday morning.

They en left Towanda Friday night about midnight and were on their way to the races at Altoona. They were traveling in the new sedan of Allen Wooster, who is the owner of the largest garage at Towanda the car being driven by Fish A. Kline, an employe at the garage. All men except the driver were asleep when the accident happened.

There is a sharp curve in the road at the point, which is just over the Clinton county line, and the car failed to make the curve, striking a large tree on the left-hand side of the road with such force that it bounced striking a second tree on the same side of the road, then turning completely around and striking a third tree on the opposite side of the road, after which the car upset, a complete wreck.

The men were all thrown from the car with great force. The first to regain consciousness was Ispham Cox. He was able to get to his feet and found two of his companions, F. A. Green and Kline, the driver of the car, lying dead on the road.

Next he found Allen Wooster, who was lying face down, in a pool of blood, but who had regained consciousness and asked Cox to help him to the side of the road, out of the way of traffic. The last one he found was Joseph Mingoos, who was unconscious and who died a few hours later.

Ready to Do Concreting.

Having purchased from the John F. Kramer estate the equipment for making concrete in all forms, I wish to announce that I am now ready to all kinds of work in that line. Special attention given to making concrete walks, building blocks, foundation walls, etc.

Eradicating T. B. in Milffin County.

Tuberculosis eradication in Milffin county is progressing in an orderly manner. Three townships have completed the test, namely, Derry, Menno and Union, in which all of the cattle in these areas have been tested with the exception of three or four herds which are under quarantine. Arnaugh, Granville and Bratton have completed the 90 per cent. signing up and are awaiting test. Decatur and Oliver at the present time are conducting a survey to get the 90 per cent of herd owners signed up for the test. Wayne township is the latest township to take up this important question. Sentiment in this township seems very enthusiastic for the test. This leaves but one township in the county which is not proceeding at the present time to clean up tuberculosis in the dairy herds. This is Brown township.

A number of men in the county have signed up on the individual plan not wishing to wait for the area test. Dr. T. E. Muncie, Director of the Bureau of Animal Industry, has given notice that there has been set aside for Milffin county \$1,338 for individual plan testing.
