"THE NIGHT PATROL"

There's no such word as fear in the language of Dick Talmadge! He stands alone—absolutely—as the King of all Stuntmen and dare-devils of the stage and screen!

And in this, his latest F. B. O. production, Dick proves his ability as an actor in scenes of astounding dramatic power!

Dick as a swagger young policeman! What fun he gets out of such a role! What thrills! And what a romance!

There's a great melodramatic kick, too. Brothers, Dick leaps into his car and races madly thru the night to save the brother of his sweetheart from the electric chair! Whow! Wham! Not to say Zowie! It's all in fun and thrills when you see this picture!

POWER

DAILY, Niagara Falls delivers hundreds of thousands of horsepower to nearby plants. Yet this is but a small fraction of the enormous reserve power of this giant cataract. Star Cars, like Niagara, have great power in reserve. They mount with ease, hills so steep, as to force most cars to crawl up in reduced gear.

That's one reason why Star owners love to drive.

Over the span of months and miles, in the hands of thousands of owners, Oldsmobile demonstrated its unchallengeable right to the now familiar praise... "The car you can recommend to your best friend—it asks no favors, fears no road!" But even that could not satisfy a policy pledged to progress.
