

LOCAL AND PERSONAL.

Union Thanksgiving services will be held in the Methodist church this (Thursday) morning at 10:30 o'clock.

Clifford S. Thomas is driving a new Cadillac straight-eight sedan, purchased through his son, Ashbridge Thomas, of near Belleville.

Mr. and Mrs. J. C. Rossman, of Mifflinburg, drove to Centre Hall on Tuesday and visited Mrs. Rossman's brother, H. W. Dinges.

A contribution to the Red Cross, through the form of a membership, is an unselfish contribution, given largely through a genuine desire to help others.

Mr. and Mrs. R. W. Powell and daughter, Geraldine, of York, were guests over Sunday of Mrs. Powell's sister, Mrs. W. M. Luse, in Centre Hall.

The monthly Y. P. B. meeting will be held in the High school building, Monday, December 6, at 7:30 P. M. The parents of all the Y. P. B. members are invited to attend this meeting.

Don't forget the box social in the High school building, by the senior class, tonight (Wednesday). Candy, ice cream and cake will be for sale. Attractions will be the art gallery, side show and fortune telling. A cordial invitation is extended to everyone.

There is a world of significance in the fact, revealed by the official figures, that John S. Fisher, the Republican candidate for Governor, received 1,102,828 votes in the recent election, as against 822,187 cast for William S. Vare. The difference of 280,636 votes reveals in part the revolt of independent and self-respecting Republicans against the candidate of the Philadelphia machine.

Mr. and Mrs. F. V. Goodhart and Mr. and Mrs. J. Shannon Boozer and daughter Patricia, early Tuesday morning left in the former's Nash car for Youngstown, Ohio, where they stopped with Dr. and Mrs. H. L. Kline, and later went on to Canfield, where they were entertained by Mr. and Mrs. Edward Foreman. Mrs. Foreman is a sister to Mr. Goodhart and Mrs. Kline is a sister to Mr. Boozer. They will return home today (Thanksgiving day).

W. S. Krise, Esq., and son, Fred Krise, of Johnstown, motored to Centre Hall Saturday, and after visiting the former's sister, Mrs. W. S. Slick, left for Lewistown to visit another sister. The following day, the trip was continued to Lancaster where the gentlemen witnessed a professional football game, their chief interest centering around Mr. Krise's son, Charles H. Krise, a former P. and M. football star, and now a member of the Lancaster professionals, who took part in the game Sunday.

A poster—hand-lettered and hand-painted—advertising the High school social for this (Wednesday) evening—done by one of the High school girls, is so far above the average in execution, that it deserves mention here. High school students have been doing considerable of this kind of work, advertising the various social activities of the school, but there are many shortcomings in lettering, design, harmony, balance, and color—not noticeable, of course, to the casual observer, but looking quite different to a printer who sees the beautiful in letter design, color harmony, and the other elements entering into the well-planned poster. This is not meant for a hyper-critical expression on the work done by the students as a whole, but we simply couldn't refrain from showing our reaction to the poster referred to and placed in the Reporter window. It is far from perfect, of course,—the lettering is in crude Gothic, sans serif, and there is the "inevitable" dot over the capital "I" (which, by the way, is done by many artists making pretensions at lettering); but the drawing, coloring and general make-up is mighty fine for all that, and the Reporter wishes to congratulate Miss Grace Wible on her good work.

Morris Kelley, the lumberman, is driving a new Chevrolet sedan.

J. A. Engard advertises one hundred pullets—Barred Rocks—for sale in this issue.

The Linden Hall Literary Society will hold a meeting in the school house, Friday evening of this week.

Mrs. Martha Luse, who has been living in Harrisburg for some time, visited friends and relatives in Centre Hall from Friday until Tuesday.

The supper given by the Ladies' Temple, K. G. E., on Saturday evening, was well patronized and the patrons were well pleased with the supper.

Mrs. D. R. Keener became ill on Friday afternoon and was taken to the Centre County hospital by the hospital ambulance. Her condition has improved.

Mrs. Isalah Fleisher and daughter, Miss Margaret Fleisher, of Philadelphia, who had been in town for a week or more, on Wednesday left for Tyrone where they will be guests of the Moore family before returning to their home in Philadelphia.

The middle of a frozen pipe should never be thawed first. Work toward the water supply. To thaw a waste pipe work upward from the lower end to permit the water to drain away.

The Francis hardware store, in Lewistown, was looted. The robbers doing a night job, got \$800 in cash.

Much of the corn crop remains to be husked. Many farmers who are depending on husking by hand have large quantities yet to harvest, while those prepared to do the work with machinery have also been delayed on account of the water-filled soil, making it very unpleasant to handle the fodder and then haul it from the fields.

State highways in Centre and other counties are being marked with route numbers, the markings being on telephone poles. The road between Mifflin county line and Milesburg will bear a Keystone and number 34, over a blue background. Between Old Fort and Union county line the number will be 65, the other markings similar to that described above. Other State roads in the county will also be marked.

The talks by Rev. G. R. Wolf, general secretary of the Luther League of Pennsylvania, in the Lutheran churches at Centre Hall, Spring Mills and Tusseyville, in the interest of the organization he represents, are expected to yield results. The speaker spoke in plain words a few thoughts many ministers are fearful of mentioning—the fact that the reason so few young people become leaders in Christian organizations is because the places are monopolized by older people who should be helpers. Rev. Wolf was a real booster of the Luther League cause, and that without attempting to lessen the importance of other similar organizations supported by sister churches.

W. W. Kerlin, manager of the local poultry plant, has been "shooting" some nice deer the past week or more,—but hold on before you jump to conclusions—there is nothing illegal about this. His shooting is in the form of a Grafex camera, and besides possibly a little fright, the innocent deer are none the worse for the experience. The large herds of deer that have been seen all summer along traveled roads in the Seven Mountains impelled Mr. Kerlin to attempt to get some close-up pictures. Unable, however, to get within close enough range by day, the trip was made by night when the glaring headlights of an automobile invariably blind the deer and they stand as in a trance. Flashlight powder is then set off, but the first pictures taken indicate that a larger amount of the powder is necessary. He hopes to get some real good pictures of the deer in their native haunts in the Seven Mountains.

Learn the Truth First

Do not decide to buy any automobile merely from advertised claims as to power, equipment, economy, comfort or roominess.

Try before you buy!

Learn by demonstration which car has the most power, flexibility, quietness and ease of handling. Learn by sitting in it which has the most room, best ventilation, most complete appointments and equipment.

Observe with your own eyes which has the most artistic lines and color, and the best built bodies. Learn from owners, which car costs least to operate and maintain.

We can afford to urge such careful buying, because people who buy that way buy Stars.
