"Shufflin' Sam from Alabam'" Not since the Jazz craze has hit the American music lovers, has anything been offered to compete with "Shufflin' Sam from Alabam'." The attraction coming to the Richelieu theatre, Bellefonte, Friday night, December 3; curtain at 8:15 P. M.

This attraction comes direct from the East, where it has been playing for the past year and a half. It is offered not as a number two company, but as the original company. The demand was made with the Western Managers with the understanding that the show would come to the theatres of the west just as it appeared in the east, without any changes in personnel and the management can truthfully guarantee that the patrons of the Richelieu theatre will see the original show with the original cast, a feature seldom offered in the west.

Of all the many ALL COLORED shows offered, this is the season's best offering—35 colored artists picked for their ability as singers, dancers and fun-makers, the most beautiful colored chorus ever presented on the stage, elaborately costumed and picked for form and grace.

RUG CARPET AND RUGS made to order; also, chairs re-caned. All orders promptly filled.—George W. Johnson, East Logan St., Bellefonte, Pa.

1926 Again Chevrolet's Greatest Year

In 1925 Chevrolet astonished the automotive world by attaining an annual production never before reached by any manufacturer of gearshift automobiles.

Thus, for two years in succession, Chevrolet has broken all its previous records and has set a new mark in automotive history.

This splendid achievement results from a steadfast adherence to the fundamental Chevrolet policy of building a car of the finest possible quality to sell at a low price.

That the vast majority of buyers now demand a car of this type—and that Chevrolet has been successful in building such a car—possessing the highest degree of smooth performance, smart appearance, and economical operation—is proved by Chevrolet's success during the year now drawing to a close.
