REBERSBURG.

William Hubler, who sold his home a few months ago to Charles Miller, of Madisonburg, recently moved into the house which his son Harry bought at the Mrs. John Ziegler sale.

Elery Day moved to Milton last week.

Daniel Royer sold his farm one mile east of this place along the State road to Arthur Cummings.

Those on the sick list in town are Mrs. G. P. Garrett and Mrs. John Spangler.

Nine years ago Harry Detwiler left here and since then his family knew nothing of his whereabouts. His appearance at his home, one day last week, was consequently a genuine surprise.

Emory Day, who teaches school at Howard, moved his family to that place one day last week.

Mrs. Howard Miller, who was housed up with a severe attack of grippe, is up and about again.

Samuel Gephart, who sold his store and dwelling house to Mr. Buoy, of Laurelton, a few months ago, has taken back the store as well as the buildings. Mr. Buoy was disappointed in his financial affairs, thus necessitating the change.

Domer Crouse, one day last week, moved from Lock Haven to Smulltown. Charlie Beck, who was employed at his trade, carpentering, returned to his home in Smulltown. Mr. Beck's eyesight became so impaired that he was compelled to quit his job.

Mrs. Amanda Bailey, who spent the past two weeks at the home of her son, Edward, left on Monday for her home in Georges Valley.

Robert Diehl moved into the eastern section of Mrs. Frank White's house. The Rebersburg hunting club are now snugly located in their camp in the 14-Mile Narrows. We wish them the best of luck.

Last Sunday night while William Rhine was driving on the State road a mile west of Wolf's Store with a horse and buggy, a large car owned by a Mr. Underwood, of Bellefonte, struck the buggy, smashing it to pieces. The Underwood car was upset and considerable damage done to it. Luckily, none of the occupants was hurt seriously. The chauffeur sustained a badly sprained arm. Both parties were in error as they had no lights on their vehicles, and no person is to blame but themselves.

Mrs. John Spangler was critically ill during the past week but is improving very much at present.

Charles Miller and family, from Pittsburgh, were here to assist Mrs. Miller's parents in their butchering.

FARM CALENDAR

Timely Reminders from
The Pennsylvania State College

Prevent Seed Corn Freezing—Many farmers in Pennsylvania already have suffered a distinct loss in seed corn

through freezing, according to reports received at the Pennsylvania State College. Only careful storing will prevent others losing their seed corn supply or at least having the viability of the seed considerably reduced by frost damage. A little heat in the seed room will help save the seed which will be so valuable next spring.

Feeding Syrup to Bees—Feeding sugar syrup to bees may be done by using a friction-top pail. Make 30 nail holes in the lid, put syrup in the pail and turn upside down on the frames or over the opening of the inner cover. The bees will draw the syrup through the nail holes and store it slowly in the combs.

Records Tell Story—Bookkeeping helps grow hogs profitably, it has been found by Pennsylvania farmers. Records tell the story of costs, gains, profits or losses. If some other part of the farm is supporting the hog-raising end, or vice versa, then you want to know about it.

Weigh Each Cow's Milk—The winter months provide a good time for a careful study of the dairy herd. Weigh the milk from each cow at regular intervals. Probably you are keeping some cows that do not pay their way. Weighing the milk exposes them. Feed them out.

Do Not Push Hens Too Much—Poultrymen who are not satisfied with a reasonable increase in production by the use of lights, and who push their hens much over fifty per cent production for any length of time, are borrowing trouble, as the birds are almost certain to molt in the spring, thereby causing a loss instead of a profit from the use of lights.
