## What About 1927?

There seems to be no disagreement on the facts rearding fundamental soundness of business. Credit is ample for legitimate needs. Inventories are low. Economy in national government is releasing funds for reduction of debt and at the same time reducing taxation.

Notwithstanding exceptional consumption of merchandise and extension of consumer credit, our savings are growing. Confidence in the honesty and integrity of business is continuing. Our Federal Reserve System has demonstrated its value. As the nation prospers so will our community, and 1927 holds bright prospects for our
