Mr. and Mrs. Clement G. Dale, of Pleasant Gap, spent Wednesday in town.

John Hess, of Altoona, was a visitor in town recently.

Mr. and Mrs. John Stover, of Altoona, spent Sunday with their parents, Mr. and Mrs. Wm. Stover.

Mr. and Mrs. Wm. Rokey and Mr. and Mrs. Ralph Rokey and children recently visited at the Willard Rokey home in Petersburg.

Mr. and Mrs. Henry Reitz and son Robert and wife motored to Stone Valley to attend the public sale of farm stock of Israel Reitz.

Charles Segner is having a new heating plant installed in his Main St. residence.

The Civic Club met at the home of Mrs. Ham on Friday evening.

W. L. Jacobs and mother, Mrs. Elizabeth Jacobs, of Centre Hall, were callers in town last week.

H. G. Stronheimer, of Centre Hall, was in town on business on Friday afternoon.

John S. Dale, of State College, was a visitor in town on Saturday.

The pupils of the primary and grammar schools, under the supervision of their teachers, Misses Dale and Schenck, are selling candy, the proceeds to be used in purchasing an organ.

S. R. Risher is circulating some interesting advertising matter to tire users.

Mr. and Mrs. George Mothersbaugh spent Thursday with friends at Pleasant Gap.

FARM CALENDAR

Timely Reminders from The Pennsylvania State College.

Prune Best Trees First—Concentrate on the money-makers. Prune the best apple trees first. Then if there is time, go over the poorer varieties. Regular annual pruning is best in avoiding the accumulation of weak wood.

Makes Work Easier—Using cotton disc strainers is advisable in the production of clean milk. They do not need scalding every day as the strainer cloth does, since the disc is used once and then discarded. If strainer cloths are now being used, the change to cotton discs will make the work of the housewife—who in most cases takes care of the dairy dishes—much easier.

Keep Milk Sweet—Cool the milk regularly now as warm weather approaches. Changeable weather is uncertain and milk may sour if it is not properly cooled. Use a cooler if you have it but if not, put the milk in a clean can, set it in running water, and stir it every five minutes for a half hour.

Use Skim Milk Powder—Skim milk powder is proving almost a perfect substitute for skim milk in raising dairy calves. It can now be purchased generally through feed dealers and is prepared by mixing one part of powder with nine parts of warm water. Calf-raising thus becomes easier in communities where whole milk is sold.

HOUSE FOR SALE CHEAP—Consists of three rooms and pantry, newly built, but must be torn down and moved in sections. Also a few hundred feet of new lumber and several bundles plastering lath. \$200 buys it all. For further information phone 6R32 or call at O. E. Aukerman's, Spring Mills (Georges Valley).
