

LOCAL AND PERSONAL.

The First National Bank, at Spring Mills, will now be open Saturday evenings and closed in the afternoon, until further notice.

Mrs. Edgar Fluke and daughter, and O. Fay Fluke, from Williamsburg, were an auto party who visited Mrs. Lanson M. Burris, in Centre Hall, Wednesday of last week.

Mrs. Charles A. Bauer and baby son, Charles, of Wilkingsburg, came to Centre Hall on Monday to remain with Mrs. Bauer's parents, Mr. and Mrs. Clyde E. Bradford, for a week.

Marcellus Royer, son of Jacob Royer, of near Colyer, who has been seriously ill at the Centre County hospital, continues to improve. His condition, however, is none too promising.

Mr. and Mrs. Robert Burchfield and daughter Jean, and Mrs. Burchfield's sister, Miss Benadine Decker, of Montgomery, were Saturday visitors at the Frank J. McClellan home in this place.

On Saturday the Phillipsburg Daily Journal entered upon its fortieth year. It is a newsy newspaper and one which ought to command a large patronage in all its lines of work in the locality in which it is published.

Patricia, little daughter of Mr. and Mrs. J. S. Boozer, who was operated on for double mastoids at the Mary M. Packer hospital about ten days ago, will be brought to her home here today (Thursday). She is getting along very well.

Mrs. Ella Black, of Beaverdale, Cambria county, treasurer and organizer for the State W. C. T. U., has been in the valley since Saturday, and is endeavoring to reorganize and build up several organizations that have become somewhat dormant.

Farmers continue to buy tractors, the latest purchaser having been Geo. W. Sharer, a Fordson, and Charles S. Smith, a J. I. Case, Charles B. Smith is also operating one of the latter pattern of farm power, having purchased it late last fall.

Mr. and Mrs. C. N. Kryder, who had been living in Williamsport for the past few months where Mr. Kryder was engaged with the Williamsport furniture company, opened their home here a few days ago and for the present will remain in Centre Hall.

George D. Hennigh, of Birmingham, Alabama, son of S. P. Hennigh, of town, seen this aunt, Mrs. Hennigh, a dozen American Beauty roses, which gift was highly appreciated. Mrs. Hennigh, who has been ill for some time, is improving nicely.

Elmer Noll, chief miller for more than four years at the Bradford & Co. mill here, will quit the business in the near future and move into the house now occupied by Mr. Macmorrow. The mill is doing an extensive business and Mr. Noll finds the work too confining for the good of his health.

Miss Myrtle Sharer, who was in training in the Lock Haven hospital nursing school, was obliged to give up her work there owing to the serious illness of her mother, and the young lady has returned to her home near Centre Hall. Mrs. Sharer, as noted in the Reporter a week ago, was taken to the Lock Haven hospital for observation, where it was decided her case was extremely critical and an operation not expedient.

At the close of his work as pastor at Hummelstown, last Friday evening, a farewell social was tendered Rev. J. Frederic Moore, son of Mr. and Mrs. Thos. L. Moore, of this place. At the close of a program, and refreshments, the members of his church and Sunday school greatly surprised him by presenting a beautiful gold watch, and a very fine red-indexed Bible as a token of their esteem. After his graduation in June from Dickinson College, Rev. Mr. Moore will be located in Lewisberry, this state.

Miss Gertrude Ruble, on Wednesday, went to Williamsport where for a week or more she will be among friends prior to leaving for Chicago where she expects to remain permanently. Miss Ruble, for a number of years, has been a clerk in the Penns Valley bank, and as such proved herself proficient both to her employers and the public. In Chicago she will be with a sister, Mrs. Jean Duman, who is employed in one of the large department stores in that city, but has not decided definitely what class of work she will take up.

The families moving out of town were those of Prof. Raymond Miller, to State College; Daniel Bloom to the Bartholomew farm west of town; Jas. H. McCool, to a tenant house on his farm, south of here. The incoming families were those of C. W. Slack and Henry White, both of whom had previously purchased homes here, and Frank Smith, who is employed at the Fetterolf garage. Movings strictly within the borough were confined to Howard Spangler from the Spangler home to rooms in the Penns Valley bank building; Mrs. Wm. Reese from the White home to the Benner property; C. J. Harter from the Logan house to the place vacated by J. H. McCool. These shiftings are not confined to April 1st, but to that period.

Mr. and Mrs. J. H. Boon and Mrs. George Robertson, all of Hartford, Conn., drove to Centre Hall in the latter's Chrysler sedan, arriving Monday, and will spend some time with B. D. Brisbin, father of the Indies. Mr. Brisbin celebrated his eighty-fifth birthday on Tuesday. He is a remarkably well preserved man and at this time is able to drive, and frequently does, his Chevrolet coupe like one fifty years younger. He is a Civil War veteran. While making his home with an uncle who lived on the farm now owned by T. F. Delaney, at Old Port, Mr. Brisbin volunteered and enlisted August 7, 1862, at the age of twenty years, in Company G, 148th Regiment. He was wounded at Gettysburg, July 3, 1863, and became a prisoner of war before Petersburg, Virginia, June 22, 1864.

NASH  
Leads the World in Motor Car Value

How many main bearings in your motor car? Nash recommends 7  
Because for the finest and smoothest performance results, you need 7, rather than 3 or 4.

Obviously, 3 or 4 supports for a crankshaft cannot give it the rigidity and smoothness of 7. That is why Nash—with customary engineering progressiveness—has developed the 7-bearing motor for all Nash models.

The 7 bearings of Nash achieve power-smoothness and quietness, and achieve it, moreover, with no sacrifice of acceleration. In fact, the proper support of the crankshaft decidedly improves the energy and aggressiveness of the car.

Here is another fact to remember about the 7 bearings of Nash: They have more bearing surface, by actual measurement, than any 6-cylinder engine of similar size and price, no matter how many bearings it has. (Actually 20 square inches more than leading cars with fewer bearings.)

When you buy your 1927 motor car be sure to ask: "How many main bearings?" And for better results choose the car that has 7. Nash offers you this performance-advantage in every single model, whether you pay \$2090 for it or only \$865.
