A CAR FOR THE WHOLE FAMILY

Because it is so attractive, dependable, safe and easily operated, Oldsmobile is continually referred to as an ideal car for women.

Because it is so smart, so lively in performance, it delights the spirited generation of the teens.

Because it is so solidly comfortable and reliable, so thoroughly excellent, so thrifty in operation and so long of life, it represents both wise selection and sound investment for the man.

Father, mother, sister, brother—it suits the taste of each, fills the needs of all, and Oldsmobile Six has come into its own as the car for the American family.

Star owners can now be as proud of their cars as Locomobile owners are of theirs

—because style and smartness in a motor car are matters of design rather than of price. And in addition to the fineness of the Star you get a power plant such as you probably never expected to find in a low-priced car.

All we ask is that you DRIVE A STAR before you decide that any other low-priced car is "just as good." Then buy the car that suits you best.
