Mr. and Mrs. G. H. McCormick and son William, attended the funeral of A. C. Mingle, at Bellefonte, on Tuesday.

Anyone wanting aprons or sunbonnets may purchase them at the home of Mrs. M. N. Miller, and in this way help the work of the Ladies' Aid.

PLEASANT GAP

Our barber, Joseph Fabuzzi, is seriously ill at his home.

Mrs. E. K. Keller has been sick for the past few days. Mr. Keller's condition remains unchanged.

Miss Gingerich, of Boalsburg, spent Sunday at A. D. Smetzer's.

Don't forget the date of the W. C. T. U. medal contest, in the Methodist church, May 24. An interesting program has been prepared, interspersed with good music.

John Strunk was taken to the Centre County hospital on Monday.

Mrs. H. D. Gehret, of Sunbury, is visiting friends here, having come to Bellefonte to attend the funeral of Harry Jodon, cousin of Mr. Gehret.

Mrs. Fred A. Clemens is visiting at her home at Nescopeck.

Mrs. Marian Riddle Kuhns, of Blanchard, called on friends in town on Sunday and arranged to have the Methodist people bring their play, "The School at Blueberry Corners," to Blanchard.

H. C. Foust, of Sunbury, who has been a guest at J. T. Nolls, has taken a job as guard at the Western Penitentiary. Mr. Foust will move his family here as soon as he can find a suitable location.

A number of young folks from Tyrone and Bellefonte spent Sunday evening at the F. A. Clemens home. (Received too late for last week.)

WHATEVER CAR YOU NOW FAVOR COMPARE IT WITH OLDSMOBILE

Check the features of whatever car you now favor against the known factors of motor car merit in Oldsmobile, and you will ask yourself one or the other of these questions:

"Why deny myself so much, to save so little?"

"Why pay more, when Oldsmobile not only fills my needs but gratifies my tastes?"

And then, in fairness to your own good judgment you will come to our showroom and look over Oldsmobile.

NASH

Leads the World in Motor Car Value

NASH has the power you need on the HILLS

Every Nash owner notices that he has very little gear shifting to do on hills, no matter how steep the grades may be.

Nash is a very powerful motor car. There is nothing half-hearted or sluggish about its response—the motor never "talks back" at you—even though you are climbing mountains.

One reason is the more than adequate power designed into every Nash motor car. Nash engineering has provided reserve energy for situations that tax the resources of other cars, and extend their engines to the point of strain.

Another reason for the powerful performance of Nash is 7 bearings. 7

bearings in every Nash model, instead of 3 or 4, means that power is not thrown away by crankshaft "whip." Proper bearing support conserves energy that older motor types waste.

Quick acceleration—powerful responsiveness—such as Nash provides, is a safety factor you cannot overlook. It is invaluable on the hills, very handy in traffic.

When you select your next car, be sure to see how unfavorably the power and pick-up of other cars compare to Nash, before you decide! There are 26 models priced from \$865 to \$2090 f. o. b. factory.

Why Firestone GUM-DIPPED TIRES Wear Longer

WE recently were given the tremendous advantage of having the mammoth Firestone factories brought to us. In Tire Educational Meetings we were shown, by means of motion pictures, charts, tire samples and complete engineering data, the details of Firestone tire design and construction—and how Firestone and Oldfield tires and tubes are made in the world's most efficient and economical rubber factories.

Firestone pioneered the original low-pressure tire and made it practical by Gum-Dipping. The motion pictures showed us how the cords of the carcass are dipped in a rubber solution, thoroughly saturating and insulating every fiber of every cord with rubber. Simple demonstrations and tests illustrated the great advantage of this process, which supplies the extra strength to withstand the extra flexing strains of low-pressure construction—one of the reasons why Firestone Gum-Dipped Tires are establishing such unheard-of mileage records.

Low Cash Prices OLDFIELD TIRES

30x3	Fabric.....	\$5.85
30x3 1/2	Fabric.....	6.85
30x3 1/2	Cord.....	7.35
29x4.40	Balloon.....	8.40
32x4	Cord.....	13.40
31x5.25	Balloon.....	15.35
33x6.00	Balloon.....	18.35

Oldfield Tubes are also priced very low. Made in the great economical Firestone Factories at Akron and carry the Standard Tire Warranty

We learned why the Firestone Balloon Tread gives extra safety, comfort and long wear. We were shown why Firestone, from the very beginning, designed and continue to use the round Balloon Tread, minimizing "shoulder breaks", so destructive to tires. Excess rubber at the edges of a Balloon Tread is wasted—actually detrimental to tire mileage. In the Firestone Tread the small units and sharp projections are scientifically placed to permit easy flexing, resulting in extraordinary riding comfort.

Come in and let us put a set of these Gum-Dipped Tires on your car—you can forget about tire trouble. Quality is higher than ever before—prices are lowest in history. Buy now!
