PARAMOUNT PRESENTS—  
CLARA BOW—In  
"ROUGH HOUSE ROSIE"—

An introduction to Rough House Rosie:

Ladies and Gentlemen, step right up and meet "Rough House Rosie"—the girl men never forget! When she meets 'em they're met right—when she leaves, they're left right. She's tough'n rough'n ready! Rosie may come from Tenth Avenue but she can go anywhere without having the old street hang its head in shame.

She knows her onions just a bit better than any Fifth Avenue debutante you've ever met. And, can she dance? Say, she knows her Charleston, Black Bottom, and anything else that's apt to be invented. Eyes! When she's out widing at night, the guy she's with can turn out his headlights. A form? She leads the chorus in a night club and any girl who can do that isn't far behind in figures. Cleopatra, Salome, and all the old timers put together would have to take a back seat and give this little girl a hand.

Also Fox News and Screen Snapshots. A genuine attraction for all classes.

Admission, 15 and 35 Cents.

A Nash Sedan of SUPREME Luxury  
—in Appearance—in Performance

When you see—and DRIVE—this Advanced Six Special Sedan, you'll instantly rank it among the market's COSTLIEST cars.

Here is luxury of appearance, luxury of appointment—and BEST of all—matchless luxury of PERFORMANCE! Yet it's priced at a figure amazingly low.

This Nash—EVERY Nash—has a 7-bearing crankshaft motor—with a bearing on each side of every connecting rod. That means super-SMOOTHNESS and silence at every speed.

You'll notice at once how it sweeps into action, the instant you step on the accelerator. POWER—so smooth, so quiet, so responsive—you'll find a new thrill in motoring.

It has more bearing surface than any other Six in its price-class. And that means SMOOTHNESS, too.

It has 4-point motor suspension, and rubber cushions insulating the engine from the frame at every single point. That means SILENCE and front-end STEADINESS.

Then, bear in mind these OTHER Nash advantages—straight-line drive for EXTRA power and longer life; tubular trussed frame for greater resistance to road shocks; Nash two-way 4-wheel brakes for quicker, SAFER stops.

Bring in the car you now drive. Use it as part payment on a new Special Sedan. Among fine sedans at this price, you'll never find anything to equal this Nash. Come in—TODAY—and see.

(26 different Nash models priced from \$865 to \$2090, f. o. b. factory)
