WILSON—John Wesley Wilson died at his home in Beech Creek Sunday morning after an illness of several months from causes incident to his age, and perhaps as a consequence of a fall sustained two years ago from a ladder while building a chimney.

He was aged 73 years, and was born at Julian. He was a stone mason by trade.

With his family he located at Beech Creek about ten years ago. He followed his trade despite his increasing years, and also was janitor of the High school building for several years.

He united with the Methodist church. He was twice married, and of the first marriage two daughters are living—Mrs. Annie Moore, Detroit, Mich., and Mrs. Ida McClintock, of Linden Hall.

His second wife survives him together with the following children: George, of Lewistown; James and Willis, of Port Matilda; Gordon and Walter, of Beech Creek. Also three brothers.

Funeral services were held Wednesday afternoon at the residence; interment in the Clark cemetery.

Holzworth, an appointee of the late Judge Keller on the board of county commissioners, whose competitors for the nomination for county treasurer on the Republican ticket tried to induce him to withdraw as a candidate because they allege he is ineligible, failed in their effort. Mr. Holzworth is staying in, because the water is "warm," and is taking no account of an old law raked up which forbids a county commissioner becoming a county treasurer for a certain length of time.

Recently Goodyear announced "The Greatest Tire in the World."

They said this new tire has an All-Weather Tread specially-designed for balloon tires, that it does away with all existing ideas of how long a balloon should wear, that it gives better traction, more non-skid.

Now—we know something about tires. We tested this one, looked it over, cut one up, tried it for everything we could think of.

Take OUR word for it. It is the World's Greatest Tire.
