**AN AUTOMOBILE CLUB FOR CENTRE COUNTY**

**Solicitation of Members Meeting With Success—Local Automobile Owners Join Movement.**

Within the last few days there has been inaugurated in Centre county a movement which promises to be of great importance to the motorists of Centre county. E. D. McNelly, Field Secretary of the Pennsylvania Motor Federation, in co-operation with some of the enthusiastic motorists of the county, has begun the organization of a Motor Club to be affiliated with the State organization known as the Penna. Motor Federation, with 99 clubs in the State, and with the American Automobile Association with 980 clubs in the United States and Canada. The American Automobile Association is 22 years old this year and during its quarter century of existence has been devoting itself to the interests of motorists in the securing of good roads, proper legislation, relief from burdensome taxation, making motoring safer and more comfortable. In addition to these problems affecting its motorists, its members are given many privileges which make it worth while to every motorist. Among these are towing service by its hundreds of service stations covering the country, up-to-date touring information, with maps, road logs, etc., furnished by the National organization, legal advice, assistance in the many tangles that arise in motoring.

The "AAA" emblem has come to mean a great deal to the tourist. Wherever he goes he looks for the emblem on service stations, good hotels and restaurants as a guide to proper service. It has become an insignia of a great brotherhood of common interests. Each member of the local club will be furnished with a beautiful enameled emblem for his radiator.

At the same time each member of the local club is automatically a member of the State and National organization and entitled to full privilege in each and every one of the 980 clubs of the country.

A number of local automobile owners have already made application to become members.

Nittany Mountain top is set with poles ready for wiring and installing electric light. When accomplished a large area of the "Top" will be lighted as well as the private residence, and business place of the proprietor, J. H. Detweiler. The contract calls for a stipulated number of lights to be lighted every night throughout the year. The electric lights will help lessen the danger to autoists who pass over the top during heavy fogs.

C. E. Swab will sell a carload of Indiana county cows, Holsteins, Guernseys, Jerseys and Durhams—at the C. B. Smith farm at Centre Hill, Saturday afternoon of this week. See posters, also ad. in this issue.

Four fire insurance writers gathered about the flames that consumed the farm barn located east of Centre Hall, and owned by C. D. Bartholomew, besides Mr. Bartholomew, W. B. Haskin, Bellefonte; E. T.
