

THE CENTRE REPORTER

BOALSBURG ITEMS.

Albert Meyer, of Pittsburgh, was a visitor in town last week.

Miss Dorothy Lombarger spent the week end at Sabona.

Mr. and Mrs. H. M. Hosterman, accompanied by their son Charles, of Greensburg, enjoyed a motor trip to Watkins Glen, Niagara Falls and Cleveland, Ohio, spending some time at the latter city with their son Frank.

Mr. and Mrs. Paul Coxey, of Altoona, spent Sunday with their parents.

Wm. R. Ishler, of Pittsburgh, is spending his vacation with his parents, Mr. and Mrs. P. S. Ishler.

The Julia Allen show spent last week in our town, leaving on Sunday for Pine Grove Mills.

Charles Corl invited a number of friends to spend Monday evening in their Pine Street home in honor of Mrs. Corl's birthday anniversary.

Miss Louise Fisher recently visited friends in State College.

Mr. and Mrs. Jacob Meyer spent Thursday with their daughter, Mrs. Lee Brooks, at Farmers Mills. Friday, receiving the news of the burning of the Brooks barn, H. M. Hosterman and Mr. and Mrs. Meyer drove to the Brooks home.

Mrs. William Stover is doubly afflicted. While feeding a neighbor's dog the animal became excited at the presence of a stranger and bit Mrs. Stover's hand. First aid was rendered, Dr. Kidder giving further attention to the wound, which is healing nicely, although the patient is now suffering with sciatica rheumatism.

Misses Alberta and Marjorie McGirk of Altoona, returned home Saturday after spending a week with their aunt, Miss Anna Dale.

PUBLIC HEALTH ASS'N MEETING.

"Infant Mortality" to Be Definite Project of the Organization—Speakers for Fall Meeting.

The executive committee of the Centre County Public Health Association met Friday at 8 P. M. in Bellefonte. Miss Edith Stuckey, Field Secretary, Pennsylvania Public Health Association, of which our local association is affiliated, gave a very interesting talk on "Organization," and suggested that the association have some definite project and work toward that end. The subject of "Infant Mortality" was selected, as our county had a high rate in 1925. Tentative plans were made for the fall meeting to be held during the first week of November and in conjunction with the teachers' institute. The subject "School Sanitation," was selected and John Ziegler, Supervisor of School Sanitation, State Department of Health, Harrisburg, was selected as the speaker. Final arrangements will be announced later. Bellefonte was selected as the place of meeting.

Below are the statistics for Centre county and State:

Year 1925—		
	Centre county	State
Birth Rate	26.3	23.1
Death Rate	12.6	12.4
Infant Mortality	95.0	81.0
For year 1926—		
	Centre county	State
Birth Rate	24.6	22.2
Death Rate	13.5	12.7
Infant Mortality	70.9	81.6

Birth and Death rates are per 1,000 population.
Infant Mortality rate is per 1,000 live births.

Negro Escapes from Rockview.

Shortly after 8 a. m. Saturday, Just Fields, negro, of Allegheny county, escaped from the Rockview penitentiary while working at the big reservoir in McBride's Gap. He was serving a sentence of two to four years for robbery.

FARM CALENDAR.

Timely Reminders from The Pennsylvania State College.

Take Care of Calves—Calves on pasture should be visited frequently, and if feed gets short they should receive grain or some other supplemental feed, say dairy specialists of the Penna. State College. A check in growth always is expensive because it dwarfs the animal and delays the time that the helpers should come into milk.

To Make Whitewash—Weatherproof whitewash can be made by mixing 62 pounds of quicklime in 12 gallons of hot water. Dissolve two pounds of common table salt and one pound of zinc sulphate in two gallons of boiling water and add to the lime mixture. Then add two gallons of skim milk and stir thoroughly.

Cultivate Strawberries—Keep the cultivator going in the young strawberry bed. The next two months determine the 1928 strawberry crop.

Kill the Weeds Now—Weeds must be annihilated without mercy even if the weather is too hot for comfort. If no weeds are permitted to go to seed in the lawn or garden, there will be fewer to fight next year. The garden must be cultivated thoroughly and often during the hot, dry weather, to conserve the moisture. Cultivate after every rain and once a week during the dry weather.

New Springs of Secret Process Alloy Steel

individually designed and tailored for each Nash car

Now Nash introduces the GREAT-EST improvement in riding smoothness developed in years.

All new Nash models are now cradled on new springs built of a secret new steel alloy.

This new material gives to Nash springs a smoothness and ease of action found in no other car, regardless of price.

These new Nash springs are individually designed and balanced scientifically to the weight and size of each Nash model—actually 9 different *red spring types in all.*

Every new Nash model has these unique new springs, individually tailored—and then as a final contribution to your ease and comfort—shock

absorbers on every new Nash model. Even the new Nash Standard Six series, which sell at a 4-cylinder price, are so equipped.

In all, there are 21 new Nash models for you to view. Body designs and finishes are the smartest you have ever seen, and the color harmonies are of magnificent richness.

The bodies are extremely close to the road. The wheels are small. And there are a host of other great new features for you to see.

At the NEW LOW prices these new Nash models are the greatest values you have ever known.

Nash invites you to come in and see them and have a demonstration of their great speed and power-smoothness.
