

**THE CENTRE REPORTER**

**REBERSBURG.**

Mrs. Iva Eversman, daughter and niece, from Pittsburgh, returned to their homes after spending several weeks at the Mrs. Hannah Palmer home.

Elmer Swopes, from Jacksonville, visited relatives on Sunday.

Russell Bickenbaugh and family, of Lock Haven, visited at the home of Newton Weber on Sunday.

Wesley Hækenberg, wife and daughter were to Gettysburg over the weekend.

Mrs. Thomas Gilbert, of Wolfs Store, who was so seriously injured last Wednesday while helping to close the barn doors before a storm, has somewhat improved.

Mr. and Mrs. Calvin Weaver, Jr., were to Lock Haven Sunday to see their son, Walter, who has been operated on for appendicitis.

Harry Weaver and family, of Pittsburgh, are visiting his parents.

J. Franklin Bonner, from Churchville, N. Y., drove to this place last week. On returning home he will take his family back with him. They have been spending some time at the Carrie Detwiler home.

**BOALSBURG ITEMS.**

(Received too late for last week.)

Mr. and Mrs. Harry Kuhn and daughter Margaret, of Williamsport, spent the week end at the Kuhn and Rowe homes.

Miss Ruth Miller, of State College, spent part of last week in town.

E. R. Tussey and family attended the funeral of his mother, at Altoona, last week.

Miss Anna Sweeney spent the past week with friends in State College.

Mr. and Mrs. William Brouse visited their son, Paul, a patient at the sanatorium at Crescon, on Friday.

J. B. Mayes, of Milton, was in town Monday.

Misses Anna Dale and Hazel Faxon are both under the care of a physician, suffering with rheumatism.

Miss Stewart is a guest at the home of her cousin, D. M. Snyder.

Wm. R. Ishler, of Washington, D. C., is spending his vacation with his parents, Mr. and Mrs. P. S. Ishler.

Mr. and Mrs. Wm. R. Rocky attended the funeral of Mr. Boyd Krape, at Bellefonte, on Thursday afternoon.

Harold Coxey and family, of Altoona, were visitors in town on Sunday.

Robert Reitz and Jerre Dunkleberger, of Tipton, were visitors in town on Sunday.

**Bartges—Miller.**

Ralph R. Bartges, popular P. R. R. freight office employee at Sunbury, and Miss Mary Miller, R. N., of Harrisburg, were married at Toledo, Ohio.

Using the natural vacation explanation to hide their true intentions, Mr. Bartges and Miss Miller left unquestioned and it was not until a telegram was received announcing the happy nuptial that friends and relatives were aware that cupid had fired his deadly dart again.

The bride is a native of New Oxford, Pa. She is a graduate of the Harrisburg Hospital Training School for Nurses of the class of 1925 and has been employed as a registered nurse in Harrisburg for some time, where she ranks high in her profession. The happy groom is well known in Sunbury circles, having been employed many years by the P. R. R. Co. He is a strong member of Post No. 201, American Legion, as well as a member of Spring Mills lodge No. 597, I. O. O. F. He is a son of Ivy Bartges, of Spring Mills.

The newlyweds spent their honeymoon touring several western states and Canada, and returned to Sunbury where they will reside for the present.

**FESTIVALS.**

Saturday evening, August 6th, the Sprucetown M. E. church will hold a festival on the factory lawn at Potters Mills. Proceeds for benefit of the church.

**Triennial Farm Census Under Way.**

The second triennial farm census in Pennsylvania is now under way in Allegheny and Blair counties and in several first class townships in the southeastern part of the Commonwealth.

The census takers will be busy in practically all the counties by September, according to L. H. White, director, Bureau of Statistics, Penna. Department of Agriculture.

The first triennial census was taken in the State in 1924, in accordance with an Act of the 1921 General Assembly. This Act requires that the farm census shall be made by the assessors at the time of making their regular triennial assessments for county purposes.

The second census figures will be carefully compared with the first census in order to discover trends in agricultural developments.

**Transfers of Real Estate.**

**NASH**  
Leads the World in Motor Car Value

**An invitation to drive the easiest riding cars you ever traveled in**

The Three New Series of Nash motor cars, introduced thirty days ago, have won America.

It is their beauty, speed, lowered lines, attractive colors and, above all, their phenomenal new performance which have given so much added impetus to Nash sales. (July 58% greater than any July in Nash history; and production now reaching the unprecedented total of 700 to 800 cars daily.)

Praise for these finer, faster models of Nash is heard everywhere.

Those who have driven them will tell you that supreme riding luxury is accomplished by the new Nash super-springs of secret-process alloy-steel.

They will tell you the engines in these new cars are smoother and quieter than ever.

And they will also tell you that these are the *easiest steering cars on earth!*

*It is the greatest motor car contrast in the world today to step out of your car, and then drive one of these great new models of Nash.*

We want you to know that contrast. This is Nash "Come Drive" Week. Courtesy cars are waiting at our showroom for you to try.

All you need to do is step into the car, sit down behind its wheel, and drive it. No sales pressure. No obligation. Don't buy any car today, until you have driven a Nash!

**3 NEW SERIES—AT NEW LOWER PRICES**

**Hosterman's Garage** Centre Hall, Pa.

**FARM CALENDAR.**

Timely Reminders from The Pennsylvania State College.

**Keep Up Milk Flow.**—Do not let the cows get down in milk production and flesh during the month of August, say dairy specialists of the Penna. State College. This is the hardest month of the year. Supplement pasture with grain so that the cows will go into fall and winter production at a much higher level than when grain is not fed.

**Dip Those Sheep.**—Now is a good time to dip all the sheep that have been neglected to date. Lambs which do not have to fight ticks make better use of their feed in the finishing-out period. There also is an enormous loss entailed in the feeding of high-priced grain and roughage to breeding ewes which are infested with ticks. Any coal tar preparation will kill ticks if used according to directions on the package.

entious and diligent spraying with bordeaux mixture will save the 1927 potato crop from the ravages of late blight. Sufficient pressure should be used in the spraying operation so that 125 gallons per acre are applied.

**Have Plenty of Equipment.**—See that there is a good supply of picking baskets and picking ladders on hand for the fruit harvest. When the fruit is ready to pick it will be too late to even think about getting this equipment.

**What Folks Are Saying.**—We're going to build a septic tank just as it ought to be; We'll use the community form because it's quite cheap, you see.

**Annual August Furniture Sale.**—Twenty (20) per cent. discount on all cash sales. Large and up-to-date stock, consisting of furniture, tapestry, Axminster, Congoleum and linoleum rugs. Free delivery within a radius of fifty miles.

Continue Potato Spraying—Consult S. M. CAMPBELL, Phone 3R11, 4t, o32 Millheim, Pa.

**WHEAT FARMERS: HERE IS NEWS—**

**35 BUSHELS**  
Where 15 Grew Before

La Plata, Md.,  
Sept. 8, 1926

The American Agricultural Chemical Company, Baltimore, Md.

Sirs: When I seeded my wheat last fall, I used 300 pounds of "AA QUALITY" Fertilizer (Red Dragon Brand, 2-12-2) per acre and obtained an unusual yield for this section of the country—35 bushels to the acre. This I consider extraordinary, considering that the wheat was planted on tobacco soil.

The grain and quality of the wheat was exceptionally fine and I am selling it for seed wheat at \$2.00 per bushel. Farmers down in this section of the country who have not realized that fertilizer pays are still getting about 10 to 15 bushels per acre.

Very truly yours,  
B. A. HOWARD

An exception? Not at all. 1739 such cases have been reported to us. In this instance, the increased yield meant an added profit of \$21.40 per acre. To say nothing of higher grade and better price for the entire crop. Proof that it pays to select fertilizer on its crop-producing record.

"AA QUALITY" Fertilizers assure a higher grade of wheat with the same seed, the same acreage, the same labor. Result, lower production cost for every bushel and a greater margin of profit for you. "AA QUALITY" Fertilizers usually pay several times their cost in increased yield and quality.

THE AMERICAN AGRICULTURAL CHEMICAL COMPANY  
Baltimore Sales Department  
700 Lexington Building, Baltimore, Md.

Look for the "AA QUALITY" seal on every bag of fertilizer. It stands for 60 years of manufacturing experience.

This seal guarantees more than correct chemical analysis—it assures you of proven crop-producing value.
