Mr. Spearly, the Democratic candidate for county commissioner, is the only man on the Democratic ticket who has held public office. It is customary to give commissioners two terms as is the case in other offices with the custom in both parties. Mr. Spearly has been judged a high-class official and will again deserve and no doubt receive the support of all taxpayers who look first to their personal interest. Mr. Parish, a life-long Democrat, and conscientious business man, is Mr. Spearly's running mate. He is rated a man of good sound judgment and one of pleasing personality. Let's not forget what he did appear to be a belated "thank you" ten years ago, and show our appreciation by giving him our vote-Republican and Democrat alike.

It is only fair that Penns and Brush Valleys have some representation in the conduct of Centre county's business affairs. All Democrats think so, and a lot of independent Republicans age going to think so, also-and thinking so, will vote for Lyman L. Smith for recounting of the votes for Vare ness where he is consulted by many for treasurer.
