The deceased was aged 62 years, 2 months and 26 days. He was a son of John and Harriet Royer, both deceased, and was reared at Millheim. Some time later, Mrs. Sampsell went to Miss Spicher's bed and found her dead.

Resolve to bank with the FIRST NATIONAL BANK CENTRE HALL During 1928. THE FIRST NATIONAL BANK CENTRE HALL, PA. 6 PER CENT INTEREST ON TIME AND SAVINGS DEPOSITS

2000 nearly articles Specially priced for January and February. If you haven't this Catalog send for it. Compare these prices before you buy anything anywhere. The Charles William Stores, Inc. New York City.

JANUARY and February are not ordinarily good months for business. Large firms all over the country dread this period, for it means to many of them that they must curtail their production; must cut down their organization; must go through a period when they are just marking time, waiting for the spring buying to start. It is the hibernating time of big business. Curtailed production means the shortening of forces. It takes time to build a smooth working organization and such an organization must be kept busy. It has taken years and much careful planning to build our organization. It is made up of trained people who know our customers' requirements—who know the keen satisfaction of an order promptly and properly shipped. They are an up and doing crowd that are happiest when they are busy. Months ago we planned to keep them busy during this period. Months ago we went to representative manufacturers and producers of high grade merchandise and said to them: "Make us prices on your products that will enable us to offer our customers, during January and February, prices that will defy competition; prices that will offer such real savings that it is well worth their while to buy at this time and we will give you orders for merchandise that you can make when your plants need business, and we will pay you cash. You can keep your factories running full time, when ordinarily you would be hard pressed for an outlet. Cut your costs to us and give us the best you can make and our customers will solve your problems, as well as ours." To many of them it was the one thing they needed—volume business in times which were ordinarily dull. They cut their prices, amazing reductions, even more than we ever thought possible. We, in turn, have cut our own usual small profits and are passing them along to our customers in the savings in this special January and February Sale Catalog. Take this new catalog (if you haven't a copy, send for it), look through it carefully. Buy now the things you will need for the first warm days of spring. Anticipate your wants. This is just like increasing your income, for during this sale, you can save a part of every dollar you spend. For clothes for yourself and family, for new things for the home, for new things you need in your shop, on your farm, for your car or your garage. Join the ranks of the thrifty. Send us your orders now. Already the orders are pouring in from customers everywhere. The merchandise is here; the organization is ready, the plan is beginning to work. There is an old saying that "If you want a job well done, take it to a busy place." Send us your order now, we will ship it to you promptly.
