

COLLEGE MERGING FINALLY APPROVED BY CONFERENCES

Evangelicals Also Indorse Plan to Erect a Building to Cost \$1,000,000—Will Campaign for Funds.

Approval of the merger of Schuylkill and Albright Colleges, joint meetings to receive the Reading Ministerial Association and hear reports of general church officers and reading of committee reports constituted the business of the East Pennsylvania and East Pennsylvania United conferences of the Evangelical Church at Reading, on Friday.

The college merger was approved unanimously by both conferences, which conferences also approved a resolution "to erect a new building in the immediate future for the school of theology at Schuylkill College," and private solicitation for the necessary funds among the conferences involved, after such a plan has been agreed upon.

A fund of \$35,000 now on hand for the erection of the proposed building is considered "entirely inadequate for the purpose," as the building is to cost \$1,000,000. The only item in the merger agreement which raised a question was the provision for "not more than 62 trustees" but the protest was allayed by the explanation of Bishop Bryfogle that this had been approved on the State Board of Education.

POTTERS MILLS

Word was received here last week of the death of Mrs. John McClenahan, Sr., at the home of her daughter, near Milroy. Mrs. McClenahan lived in our village for many years.

P. E. Ilte and wife, Harry Burley, wife and two children, all of Altoona, took supper on Washington's birthday at the G. H. McCormick home.

The people of our village were aroused from their beds on Friday morning by the call of fire. It was discovered in the store owned by Earl Smith, and was soon gotten under control with not a great amount of damage done.

Harry Fleischer and family, of Lewistown, spent Sunday at the home of T. J. Fleischer.

Ed. Foust, Gene Groff and friend, of West Chester, visited over the weekend at the H. E. Foust home. They were accompanied home on Sunday by Russell Copenhaver who will enter a barber's school in Philadelphia.

H. E. Foust and Russell Brungart left for Williamsport on Monday morning, where they have secured employment.

G. H. McCormick and family visited on Sunday at the E. G. Mingle home at Aaronsburg.

The Ladies' Aid is quilting this week at the home of Mrs. F. F. Palmer.

Mrs. Ruth Thomas, Mrs. Michael Smith and Miss Lizzie Slack attended the funeral of Mrs. James Swabb on Monday forenoon.

The members of the financial board, the pastor, and their wives, of the Sprucebrook M. E. church, spent a very pleasant time at the F. W. Decker home on Friday evening.

PLEASANT GAP

The Sewing Class, taught by Miss Reynolds, met in the Methodist church on Monday afternoon.

The members of the Loyal Workers of St. Mark's Lutheran church were entertained by Mrs. Roy Swartz at a quilting on Thursday last.

Mrs. Martha Noll returned Friday from a visit in Bangor with the Strunk family, and at Easton with her daughter, Jean, and a short visit with Mrs. Fred A. Clemens at Nesquehony. Mrs. Noll made the trip to Bangor with the Strunk family who had been to State College to see their son James, a senior in the college there.

The Loyal Workers served a hot dinner at the T. E. Jodon barn at his recent cow and horse sale and realized quite a neat sum. This was the second dinner served.

Mrs. Claire Hazel, who has been seriously ill, is slightly better at this writing.

Miss Eleanor Magargel entertained Miss Anna Comstock, of Boston, Mass., the past week.

The John Wilson family, of Ocochee, spent Sunday at Frank Millward's.

Mr. and Mrs. Walter Armstrong, of Bellefonte, were guests of the Millwards on Saturday evening.

FARM CALENDAR

Timely Reminders From The Pennsylvania State College.

MANY TO GROW CLEAN CHICKS—Early estimates indicate that over a half million chicks will be brooded this year in the clean chick project of the agricultural extension service of the Penna. State College. Last year 101 farms in the State brooded 67,224 chicks by the healthy method.

BORERS HIDE FROM POISONS—In answer to the question, "Why is not poison used to combat the corn borer?" entomologists say that the insect spends nearly all of its life hidden within the corn stalks where it cannot be reached by poison. The moths deposit their eggs over a period of three weeks, so that newly hatched borers are present throughout a similar period. Some of the borers can be killed by spraying or dusting at this time but the expense of several applications is too great to make the method practicable.

EGG PRICES DIPPER—Reports from 228 producers in Pennsylvania indicate eggs are sold to 15 different types of buyers. Net prices received by those selling direct to consumers are approximately ten cents a dozen higher than those selling to country stores receive, seven cents higher than those selling to New York wholesalers get, and six cents more than the hucksters pay.

PAINT FARM BUILDINGS—Paint makes buildings last longer and give better service. Attractiveness of the farmstead is also enhanced by well-painted buildings.

MAKE REPAIRS NOW—This is a good time to look over fences and buildings for repairs. Complete hauling out all manure and clean all buildings so that you may have clean stables for crops.

COMING—MINSTREL SHOW.

Coming—Friday night, March 9th, the biggest thriller of the year. An entire ensemble of negro men, women and children, bubbling with Negro jokes, yarns and melodies. A full evening of hilarious laughter for everyone, young and old. A real minstrel. In Municipal Building, Millheim, 8:00 P. M., March 9th, by the Millheim High School Melody Makers. General admission, 15 and 35c; reserved seats, 50c.

Chicks get from Purina LIFE and GROWTH

FROM the time chicks step out of their shells, they look to you for protection and care to live and thrive. Poultry yard facts show that more than 90% of the chicks fed Purina Startena and Purina Baby Chick Chow live and grow rapidly into plump broilers and early laying pullets. Isn't it sound business economy to feed Purina, which saves 9 out of 10, instead of average mixtures on which 5 out of 10 chicks die? Come in and let us show you how to save chicks and get them to early maturity.
