

LOCAL AND PERSONAL

Prof. L. O. Packer, the Pittsburgh school man, was here over Sunday with his family.

Rebie Grove, aged about one year, daughter of Mr. and Mrs. Guyer Grove, east of town, is ill from pneumonia.

Rev. Frederic Moore, of Lewisburg, on his way to the Methodist Conference, in session at Altoona this week, spent over Monday night with his parents in Centre Hall.

A beautiful Easter pageant entitled "He Has Triumphed" is being prepared and will be rendered by the members of the Methodist Sunday school, on the evening of Easter Sunday.

John Carper will move from the Carper farm west of Linden Hall, recently sold to David Glasgow, to Linden Hall to the house occupied by J. W. Tressler. The latter will likely move to Centre Hall.

The Larro Feed Company convened its salesmen in convention at the Penn Harris Hotel, Harrisburg, Thursday and Friday. The gathering was attended by V. A. Auman and W. F. Bradford of the Bradford Milling company.

William Sweeney became suddenly ill at his home at Potters Mills on Sunday, and when leaving the house collapsed. He suffered no pain at the time, but was advised by his physician to remain close to his home for the present.

Squire Cyrus Brungart has been confined to the house for the greater part of the past two weeks with slight illness. Enforced idleness is a severe pill for the Squire, who has a large amount of business to look after as Justice of the Peace.

A decision of the Supreme Court makes the Potter-Hoy hardware building, in Bellefonte, an asset of the defunct Centre County Bank. The building, valued at about \$45,000, was owned by Mrs. Harris, widow of Dr. Harris, a member of the banking firm.

Four North Dakota potatoes are on display at this office. They were brought here by T. F. Royer, and are unusually large, and these, the owner declares, are not the largest grown in that State. He is taking orders for seed at \$1.75 per bushel, delivered.

Mrs. Stanley Brooks is improving somewhat from an attack of typhoid fever which developed more than a week ago. The latter part of February Mrs. Brooks, as will be readily recalled, gave birth to a daughter in the Centre County Hospital where she is being cared for at this time.

It is generally accepted that Ralph S. Hagan, of the Hagan Garage, is the only person who knows positively who will occupy the former Reformed parsonage after it is vacated by Walter Hosterman. If there is a second party who holds this information, it is a sweet little school teacher in Gregg township.

W. F. McCellan is now a salesman for the Decker Chevrolet Company, Bellefonte, where he will be located most of the time. "Bishop," as he is known here by his pals, has been with the Homan Motor Company for two and a half years, and has a host of friends who will wish him success with his new firm.

Harold Durst, of Centre Hall; Edward Sommers and Clarence Shirk, of Pleasant Gap, left on Monday for Cleveland. They will be employed for the next two or three weeks on the electrical work in connection with the Federal Government between Cleveland and Detroit. Contractor Harry Bliger, of Pleasant Gap, is doing the construction work, and has let the contract for the electrical work to Mr. Sommers.

Franklin Ruble came home from Cleveland, Ohio, on Monday, where he will remain with his mother, Mrs. Sallie Ruble, for the present. He was just released from a hospital, where he was being treated for blood poisoning. He is employed by the Ferguson Construction Company, of which company his uncle, Joseph Ruble, is vice president. This company has the contract for the erection of one or more of the new Penn State buildings. The junior Ruble expects to be employed there when this line of structural work begins.

A number of the brothers, sisters and other relatives of Victor A. Lingle went by auto to Lewistown the other Sunday hoping to be allowed to visit Mr. Lingle at the Lewistown hospital, but owing to his serious condition they were not permitted to see him. While there the party was entertained at the W. I. Freed home, 127 Chestnut Street. Those comprising the party were Miss Gertrude Lingle, 2118 Arch St., Philadelphia; Thomas Lingle, Jersey Shore; Sergeant James F. Barrett, Camp Meade, Md.; Mrs. Jasper A. Wagner, Spring Mills; Mrs. Charles Dreese, Mr. and Mrs. Randall Dreese, Mr. and Mrs. Samuel Dreese, R. A. Freed, Robert Freed and Harold Freed, all of Beaver-town.

53 MILLION FOR ROADS THIS YEAR

Program Outlined Includes 575 Miles of Highway Improvements.

Approximately \$53,000,000 will be spent on Pennsylvania highways this year. Of this amount there will be contract expenditures of about \$35,000,000 and maintenance totaling \$18,000,000.

These estimates were given by W. A. Van Duzer, Assistant Chief Engineer of the State Department of Highways, in addressing 400 field employees of the department.

In outlining the 1928 program, Mr. Van Duzer said that 575 miles of road improvement had been scheduled for the coming construction season. It has been estimated that 225 miles will have been advertised by the end of the month, including the March 28 and 29 letting. This, he said, would be 150 miles more than was advertised during the same period in 1927. The department's program, he added, would involve contract expenditures of about \$35,000,000.

The department announced payment of \$74,765.59 in township reward claims under agreements whereby roads were constructed under the direction of the department, with the State assuming one-half of the cost.

THE RICHELIEU THEATRE

Showing CONTINUOUSLY from 2 to 11 P. M.
adults, 25c. Children, 10c

LOCAL AND PERSONAL

Mrs. D. K. Keller visited her sister, Mrs. John D. Lucas, in Lewistown.

Mrs. P. H. Luse recently entertained the members of the W. C. T. U. at her home west of town.

Rev. Sarah P. Ecrody will hold preaching services in the school house at Linden Hall, Sunday evening, March 18, at 7:30.

Up to Wednesday morning no vocational director had been appointed to fill the vacancy caused by the resignation of John B. Payne.

On Tuesday, Mrs. Lizzie Jacobs ate dinner with her family for the first time in twenty-two weeks, all of which

time was spent in bed after sustaining a broken hip in a fall.

Harry Hettinger, living on the Hettinger homestead, near Egg Hill, has been suffering for a few weeks from rheumatism which has attacked his lower limbs and chest.

Reports circulated are to the effect that the Hon. J. Laird Holmes has in mind to render a real service to his party—withdraw as a candidate for a third term to the lower house at Harrisburg. What truth there is to the report we are unable to say.

PUSH EARLY LAMBS—Feed early lambs grain so that they will grow rapidly. They should be in condition to market in June before western competition begins.

ADVERTISEMENTS

HOME-MADE TAFFY—Orders taken for all flavors of home-made taffy; guaranteed to be pure; price, 20 cents a pound.—Mrs. George W. Sharer, Centre Hall; 'phone 7512.

FOR SALE—Grade Holstein bull, ready for service; t. b. tested. Several varieties seed corn.—Bruce W. Ripka, Centre Hall; 'phone 3011.

FOR SALE—Property known as the Herlacher property, in Centre Hall. For particulars consult Cyrus Brungart, or write to Mrs. Geo. M. Hall, 923 Myrtle Street, Huntingdon, Pa. 02

WANTED—10 or 12 small shoats; also several cows.—Jan. C. Goodhart, Centre Hall; Bell 35.

MILLHEIM

WHERE THE DOLLAR GOES THE FARTHEST

Pennsylvania Grower Gets Bumper Potato Crop

Yield 421 Bushels On Measured Acre

100% MORE POTATOES . . . Mr. Edwin Runt of Ephrata, Lancaster County, Pa., says: "Beside my own farm, I am working a farm on shares, and on this farm another make of fertilizer was used on potatoes, with the result that my potatoes on which I used 'AA QUALITY' yielded double the amount of the other farm on which another make of fertilizer was used."—Aug. 25, 1927.

428 BUSHELS PER ACRE . . . Mrs. Rose Murren of Littlestown, Adams County, Pa., says: "I used your 'AA QUALITY' Fertilizer on my potato crop. I planted 6 1/2 acres, and my yield was 428 bushels of choice potatoes per acre, which is unusual for this section of the country. I feel that this is about 100 bushels more than some others got who used other grades of fertilizer. My potatoes sold for \$1.25 per bushel and I have made a nice profit by the use of 'AA QUALITY' Fertilizer."—Oct. 27, 1927.

FINE POTATO CROP . . . Mr. Alfred P. Knabb of Lime Kiln, Berks County, Pa., says: "My potato crop was planted with 'AA QUALITY' Fertilizer in a heavy limestone soil. Nevertheless I harvested 300 bushels of fine potatoes per acre. I do not know of a single crop raised in this section that will average anywhere near this amount. I believe that my crop will average about 100 bushels more than any of my neighbors' crops."—Sept. 8, 1927.

"AA QUALITY" PRODUCES LARGE POTATO CROP . . . Mr. Howard Fiesel of Stewartstown, York County, Pa., says: "This season I tried your 'AA QUALITY' Fertilizer ('AA QUALITY') on my potato crop, and had a very large yield of potatoes, 400 bushels to the acre. The potatoes were perfect and it is a pleasure to handle them. I feel quite sure that this large crop is due largely to 'AA QUALITY' Fertilizer, which seems to have just the right plant food for potatoes."—Oct. 15, 1927.

Mr. John H. Richter of Duncannon, Perry County, Pa., was the first man to win his way into the Keystone 400-Bushel Club last year. He used "AA QUALITY" Fertilizer and grew 421 bushels of potatoes on a measured acre. Mr. Richter's crop attracted state-wide prominence. He says in his letter of September 25, 1927:

"I have the best crop I ever raised. The yield is fine and the quality is the very best. I dug out one measured acre today of the field of 60 acres in the presence of the Bankers' Association. This acre showed me a yield of 421 bushels. Much of the credit for this bumper crop is due to your high-grade 'AA QUALITY' Fertilizer."

Successful farmers everywhere find that "AA QUALITY" Fertilizers produce larger yields, better quality, more profit.

"AA QUALITY" Fertilizers are made especially for all crop and soil conditions. They are scientifically prepared, completely cured, and remilled to ensure perfect mechanical condition.

"AA QUALITY" Fertilizers have a record of over sixty years' successful crop production.

Use "AA QUALITY" Fertilizers for your 1928 crops. You can get a bigger yield and a better yield of potatoes per acre—and a greater yield of dollars.

"AA QUALITY" FERTILIZERS

Sold under a Double Quality Guarantee

1st Guarantee
on the front of each bag is one of the following famous old names that stand for a fertilizer made to meet the exact needs of your soil.
