

LOCAL AND PERSONAL

Mrs. Charles E. Fye, of near Colyer, was in town last week and called here on a business errand.

Prof. L. O. Packer came here from Pittsburgh on Wednesday morning and will remain until the public schools open after the Easter vacation.

Mr. and Mrs. Thomas Haugh and Rev. and Mrs. J. M. Kirkpatrick drove to Mt. Union on Saturday to attend the funeral of David Walls, a Civil War veteran.

The party who took the five-gallon drum of G. oil, on Tuesday afternoon, from Smith's Battery Service Station, Centre Hall, was seen. He is requested to return it or pay for it, to avoid trouble.

Miss Pearl Arney, who has been a patient in the Huntingdon hospital for two weeks, underwent an operation on Monday. Her condition since is reported as very favorable by members of her family here.

George Searson, James Searson and Roy Searson, and their respective families, all from town, on Sunday drove to Yeagertown where they were guests of the elder Searson's sister, Mrs. Irvin Stover, for the day.

Road outfitting machinery has been conveyed over the road, which indicates that the spring outfitting program will soon be commenced. It is announced that in Centre Hall next week, but no word has been given out where the first work will be done.

Hagan's Garage, Centre Hall, has been designated by the State Highway Department as Service Station No. 3263 during the "Save-a-Life" campaign which is in progress this month. They will give free inspection of your car, charging only for necessary adjustments upon your consent.

The interior of the court house is being calcimined, the work being done largely, if not wholly, by prisoners in the county jail, wards of Sheriff H. E. Dunlap. One of the prisoners, it appears, is a decorator and has the oversight of the work. Those who have inspected the work pronounce it satisfactory.

James A. Keller, Mrs. Keller and children, are at the home of Mr. Keller's parents during this week. The junior Mr. Keller is of the Lancaster High school teachers, and is able to be here on account of the custom in that city to close the public schools for a week prior to Easter Sunday.

The Penns Valley Ministerium held their regular monthly meeting at the Presbyterian Manse in Centre Hall on Monday. Rev. Alvin Metzger, pastor of the Methodist church in Pleasant Gap, read a well prepared paper on the subject, "Fishers of Men." All members were present.

Last week an occasional farmer was seen plowing, and this week the work has become more general, although the acreage turned is comparatively small up to this time. With good weather conditions during the remainder of this and the coming week, preparing for sowing and planting of spring crops will be well under way.

James Wilson of Millroy, will occupy the property at Potters Mills vacated by W. L. Jacobs. Mr. Wilson is employed in the Millroy stone quarries. The property referred to was purchased within the past year by Frank Phillips. Mr. Jacobs moved to Centre Hill into the house vacated by T. F. Royer.

The Rev. G. P. Sarvis, at one time pastor of the Methodist, charge here, who recently became a guest at Tyrona, has been quite sick for a few days, but is improving. He is the first ministerial guest at the home, and expresses himself as well pleased with the home and its comforts.

John A. McSparran, past master of the Pennsylvania State Grange, and Democratic candidate for governor against Pinchot, is an unopposed Democratic candidate for the nomination for congress in the Lancaster district. Congressman Geisler is also the only Republican candidate in the district. This condition defers all contests to the November election.

Cows were in good demand at the T. E. Jodon sale of Western Ohio stock last Friday, when eighteen head sold at an average price of \$153.50. Horses, too, sold well, the top price for a single animal being \$252.50, while the best team sold for \$444.00. "Jack" Smith was the auctioneer, and disposed of the carload of stock in short order. A team of horses was purchased by Charles Andrews, on the Durst farm at Earlsytown.

An albino deer has been seen frequently in the vicinity of Potters Mills where it was disappearing itself on Sunday. Deer are just beginning to get over their fright due to the December open season, and may again be occasionally seen along their former familiar haunts along the State Highway over Seven Mountains. Several fine specimens of the fleet-footed were observed leisurely browsing to the rear of Sunset club house on Sunday evening. The animals had the appearance of having been well fed and sheltered. They were fat and sleek.

"Jim" Foust, head mechanic in the Homan Garage here, is all put out because some one stole the radiator cap and motometer from his F B Chevrolet car. It is the cap he is exercised about and would very much like to have it returned. While the Reporter is a good advertising medium its clients are not thieves and consequently "Jim's" man won't read of "Jim's" wish here, but since nearly every copy of this paper is read by from one to ten persons not actual subscribers of the household of actual subscribers, it is possible his wish will be conveyed to by mouth to the thief, and in that case, if he isn't too raw, he will return the cap.

In this issue is reprinted a special dispatch from Bellefonte to the Philadelphia Record on the finances of Centre county. The compiler of the statistics falls to call attention to the fact that much of the increase in expenses is due to the increase in commodities, increase in salaries, increase in fees. To charge the increase in expenditures to automobiles and bootlegging is misleading. Under Republican rule in Centre county we must expect expenditures much in excess in the future. The decree of the Court, since the first of the year, added something like \$5000 in salaries per annum, and in this the automobile and bootlegger had no part.

Andrew Zettle, of near Millroy, visited his son, E. E. Zettle, and daughter, Mrs. F. K. Frank, in Centre Hall, during the latter part of last week.

Mrs. George A. Miller will hold her annual Easter Flower Sale at Miller's Hardware store, Bellefonte, beginning Wednesday, April 4th. Choice Easter Lilies, Potted Plants and Cut Flowers

will be on sale. Mrs. Grant Charles and little daughter of Boalsburg, on Tuesday came to visit Mrs. Charles' sister, Mrs. Thomas L. Smith.

Mrs. Jacob Sharer, of Spring Mills, suffered an attack of tonsillitis which terminated in quinsy, and for a time was pretty seriously ill. Mrs. Sharer

has the Bell telephone exchange in charge and her illness necessitated a substitute.

Jerome S. Wilkins, of Linden Hall, was a visitor in town on Saturday, and called at this office to join the Reporter's family of subscribers. For the past five or six years he has been employed at the Kelly stone quarries at Oak Hall, and has become a general all round man at the quarries.

How Many Will You Save?

IF your newly-arrived chicks could talk they would say: "Do not feed us until we are 72 hours old. We are supplied with food during this period by the remaining part of the egg yolks which we absorbed into our bodies just before we were hatched. When we are 72 hours old give us a feed which will provide life and growth vitamins." There are 1592 hatcheries which say, "Feed Purina." They know what it takes to keep chicks alive and growing. A new shipment of Startena is here. Tell us how many bags you want.

Day after day it becomes more apparent that the unrivaled popularity of the Bigger and Better Chevrolet is due to its basic elements of superiority.

And the greatest factor of all is the effortless driving it provides. It steers with the weight of the hand—for the worm and gear steering mechanism is fitted with ball bearings throughout... even at the front axle

knuckles. The clutch is velvety smooth in action and the gear-shift lever responds to the lightest touch. Acceleration is swift and certain, while big non-locking four-wheel brakes assure perfect control under every condition of highway and traffic.

You'll never know what a great car it is until you sit at the wheel and drive! So come in today for a demonstration!
