POLITICAL ANNOUNCEMENTS.

For National Delegate to Democratic Convention.
I hereby announce my candidacy for delegate to the Democratic National Convention from the Twenty-third Congressional District, subject to the decision of the Democratic Primaries, to be held on April 24th, 1928.—**JAMES KERER**, Clearfield, Penna.

For Representative in General Assembly
We are authorized to announce the name of **ANDREW CURTIN THOMPSON**, of Philipsburg, for Representative in the General Assembly, subject to the rules governing the Democratic Primaries.

For Representative in General Assembly
We are authorized to announce the name of **WILLIAM R. HAM**, of Boalsburg, Harris Twp., Centre county, as a candidate for the General Assembly, subject to the rules governing the Republican primary, Tuesday, April 24th, 1928.

LOCAL AND PERSONAL.

Mrs. Mary Rossman, of Tusseyville, spent Wednesday with Mrs. Lizzie Jacobs, in town.

Master "Billy" Kerlin was taken to the Clearfield Hospital by his parents, Mr. and Mrs. W. W. Keran, on Tuesday, where he will undergo a minor operation.

Mr. and Mrs. E. M. Huyet spent the Easter season with their daughters, Mrs. Wm. A. Magee and Mrs. Harold O. Alexander, and their families, at Wenonah, New Jersey.

The local school board, at a meeting on Monday night, reduced the millage for school purposes for next year from 24 to 19 mills, the per capita tax remaining the same, at \$4.00.

A. S. Allen, who was seriously injured in an auto accident in Millroy some weeks ago, is able to resume the use of lightning rods, and is making trips by car he is operating himself.

Marcellus Sankey is at present located in Millheim, having come there from near Middleburg, where the farm he recently sold was located. He is not certain whether Millheim will be his permanent home, but for at least for a few months he and his family will live there.

J. C. Brooks and son, Stanley Brooks, and Richard Brooks, on Tuesday, drove to Clearfield to visit Mrs. John Royer, of Pleasant Gap, a patient in the hospital there. Mrs. Royer, who is a sister of the Brooks brothers, was operated on a short time ago for the removal of a goiter.

James I. Fetterolf, local Durant car dealer, went to Pittsburgh on Monday and returned the following day, driving home a new Durant-Star coach, which is made to sell with the lowest priced car on the market today. The new car has many fine qualities, and the local dealer will be glad to demonstrate it to you at any time.

Mrs. Stanley Brooks, of near town, who has been a Centre County Hospital patient for eight weeks, is improving and at this time is able to be out of bed for short periods, but is not yet strong enough to walk. Her little daughter is also doing nicely. A short time after confinement, Mrs. Brooks contracted typhoid fever which accounts for her long stay in the hospital.

With little to do except to thoroughly enjoy the day, B. D. Brislin, on Thursday of last week, celebrated the eighty-sixth anniversary of his birth. He is among the oldest male citizens in this community and well preserved in every respect. He continues to almost daily drive his car, eats three hearty meals a day and sleeps well at night. He is a veteran of the Civil War with large and varied experiences.

DEATHS

GLENN—William Glenn, a well known resident of Lemont, died Wednesday morning of last week of heart trouble, following a two weeks' illness, aged 69 years. Mr. Glenn was born on the Branch and was a son of James and Susanna Glenn. He was a graduate of Penn State and a farmer practically all his life. He is survived by his wife, Miss Annie Williams, to whom he was united in marriage in 1880. Two children, Hamd, of Pine Grove Mills, and Mrs. Margaret Shirk, at home, as well as one sister, Mrs. Elizabeth Bailey of Altoona, also survive. Funeral services were held on Saturday morning at the home; interment at the Branch cemetery.

GOWLAND—Mrs. Sallie Gowland, widow of the late Frank Gowland, of Philipsburg, died at the McGirk sanatorium in that place, as the result of a stroke of apoplexy, following a month's illness.

Her maiden name was Sallie Irvin Barr, a daughter of Mr. and Mrs. David Barr, and she was born at Shingle town on February 24th, 1859. A portion of her early life was spent in Massachusetts and South Carolina, but she had resided in Philipsburg for thirty-eight years. Her husband died a number of years ago, but surviving her are two sons, Fred, of Philipsburg, and George A., of Ellengrove, W. Va. She also leaves one brother, Benjamin Barr, of Burham.

WEAVER—George Henry Weaver, 16-year-old son of James Weaver, of Rote, died at the Lock Haven hospital following a short illness of complications. He is survived by his father and the following brothers and sisters: Walter, Elizabeth, Agnes, Armetta, at home; Mabel and Ruth, of Lock Haven.

HEVERLY—Mrs. Charles Heverly died in Bellefonte, Thursday of last week, aged almost eighty years. Interment was made on Sunday. Her maiden name was Miss Sarah Mallory. She is survived by her husband, three sons and a daughter.

LARIMER—Mrs. Marietta Larimer, wife of William Larimer, who died at her home at Rockview on Wednesday of last week, was buried in the Bellefonte Union cemetery, following services at her home, Chaplain Osborne, of the Penitentiary, and Rev. C. C. Shuey, of Bellefonte, officiated. Mrs. Larimer was in her sixty-ninth year. She is survived by her husband and two sons: Lee, of Jersey Shore, and Charles, of Bellefonte; and by two brothers, William and George Chambers, of Bellefonte.

WEAVER—Mrs. Fieta Weaver died on Friday morning at the home of her grandson, Wilbur Confer, near Spring Mills, at the age of 77 years, 3 months and 23 days. She was the widow of Andrew Weaver, who died many years ago. Interment was made at Paradise church on Monday. A son living in Lewistown survives the deceased.

Hospital Notes.

Mrs. Rosetta Lingle, wife of Henry Lingle, of Colyer, whose illness is noted elsewhere in this issue, was taken to the Centre County Hospital on Tuesday evening, the hospital ambulance calling for her.

Mrs. Ophelia Fair, wife of Charles Fair, who was seriously injured at the same time her husband was killed, is getting along nicely.

Mrs. (Dr.) H. S. Braucht, of Spring Mills, has been a patient in the hospital since last week. She is under observation.

LOCAL AND PERSONAL.

Miss Coribel Emerick is reported improving at the present time. Her condition last week was not so hopeful.

Lock Haven Teachers' College will receive \$125,000 for new construction work.

Harry Haney, a student in Susquehanna University, and a friend, Miss Everett, were guests of the former's parents, Mr. and Mrs. William Haney, over the Easter period.

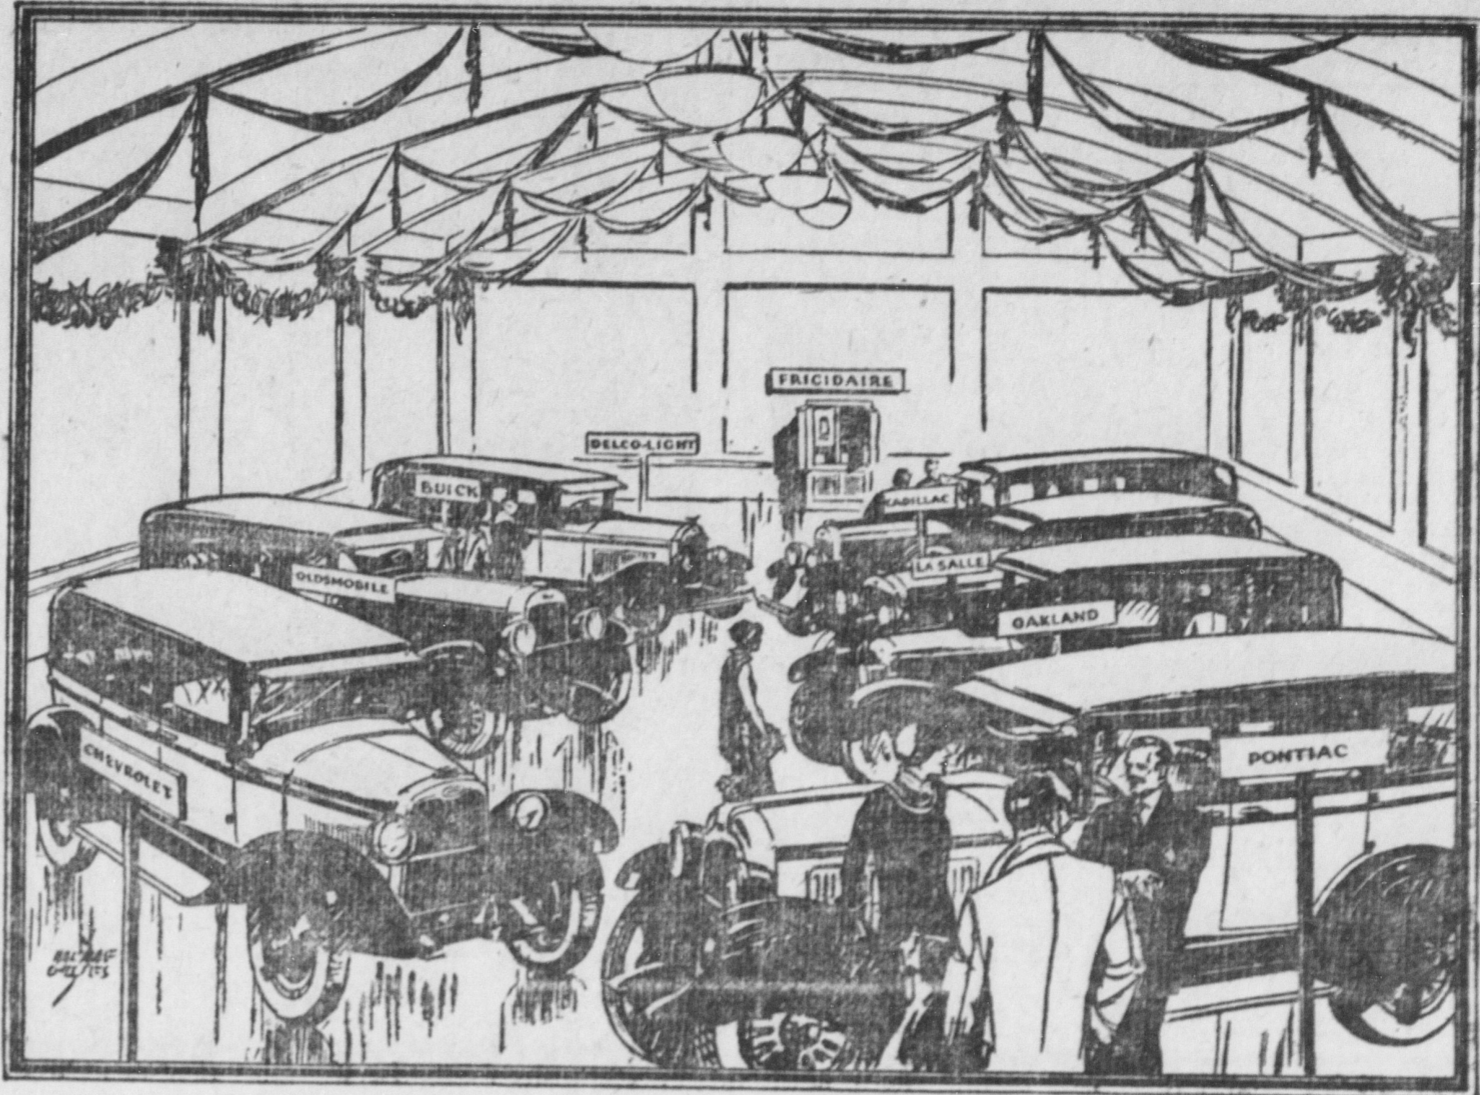

Rev. B. F. Bieber, accompanied by his daughter, Miss Frances, drove through here on Tuesday evening on their way to their home in Indiana, this state, where the minister has been pastor of a Lutheran church having a large membership, for a year or more. Mrs. Bieber was left at Watstown where she expects to remain for a short while. Miss Frances is a student in the Indiana Teachers' College which opened on Wednesday after the Easter vacation.

W. F. Colyer and H. H. Decker, the latter tenant on the former's farm lying east of Old Port along the State highway, will each plant fifteen acres to potatoes this spring. Both gentlemen have had considerable previous experience in potato growing and in most instances with success. Mr. Colyer will depend on commercial goods as a fertilizer, while Mr. Decker will use both manure and commercial fertilizers.

It appears that a market has been found for wheat straw in the manufacture of it into "boards" to be used in insulating buildings. A mill having a capacity of 20,000 tons of straw annually is in operation in St. Joseph, Missouri, at this time.

Leading Soil Improving Crop.
Sweet clover stands out in front of all the soil improvement crops, County Agent E. C. Blaney asserts. For improving the soil this legume has gained an unequalled position. When sown early in the spring and allowed to grow without cutting until killed by the frost, it will contain 75 to 125 pounds of nitrogen in the roots alone per acre.

One of the peculiarities of this crop, which makes it different from others, is that during the latter part of the first season top growth will cease but the plant will continue making food which is stored in the roots as a reserve material for the following year's growth. Because of this use of reserve material, the second year of growth often supplies little except an increase in organic matter.

Bring this complete automobile show into your own home

THE national automobile shows in New York and Chicago were too far away for most Americans to attend. But by clipping the coupon below, you can bring a representative automobile show into your home. At the shows General Motors exhibited a complete line of automobiles—"a car for every purse and purpose."

They are the quality cars of their respective price classes. They range in price-at-the-factory from \$495 to \$5,500. They include 89 models of every type and kind. They embody improvements tested and proved at General Motors' Proving Ground, which, together with the Research Laboratories, is maintained to assure continuous progress.

"A car for every purse and purpose"

The General Motors cars are briefly described below. The new models offer more performance, more comfort, more beauty than ever before in automobile history. All have 4-wheel brakes. All closed bodies are by Fisher. All have Duco finish. All are built of quality materials. And for their convenient purchase, General Motors has provided the standard low-cost GMAC Plan.

- CHEVROLET.** 7 models, \$495 to \$715. Bigger and better than ever before. 4-wheel brakes. Longer wheel base. Still more powerful engine. Luxurious Fisher Bodies. Shock absorber springs. New hood. New Duco colors. New instrument panel and other improvements. ALSO truck chassis: 1/2-ton, \$395. 1-ton, \$495.
- OAKLAND.** 9 models, \$1045 to \$1375. The All-American Six. Advanced engineering and precision construction. Longer, lower and more beautiful. Bodies by Fisher. Every convenience. 4-wheel brakes. New Duco colors. Harmonic balancer.
- BUICK.** 16 models, \$1195 to \$1995. The largest value in Buick's famous history. Beautiful low bodies by Fisher. Getaway like an arrow from a bow. Vibrationless beyond belief. Famous 6-cylinder "Valve-in-head" engine. Sealed-in chassis.
- LASALLE.** 16 models, \$2350 to \$2975. This beautiful car was designed as companion car to Cadillac. Has V-type 90 degree 8-cylinder engine which has made Cadillac the standard fine car of the world. Built in Cadillac factory. Continental in appearance.
- CADILLAC.** 26 models, \$3295 to \$5500. "What?" General Motors asked last year, "can possibly be done to improve Cadillac?" The result is embodied in the new models now on display, representing the high-water mark of Cadillac's long history. Sumptuous bodies by Fisher and Fleetwood. 500 color combinations to choose from.
- FRIGIDAIRE**—The Electric Refrigerator. General Motors has applied the processes which have made the automobile available to every family, to the production of electric refrigerators. Frigidaire is the refrigerator made by General Motors and it is now the world's largest selling product in its field.
- DELCO-LIGHT Electric Plants.** Provide the conveniences and labor-saving devices of the city for the farm. Electric light and power plants, water pumps, etc. Used in more than a quarter-million homes.

(All prices F. O. B. at the factories)

CLIP THE COUPON

Mark on the coupon below the General Motors product or products that you would like to see. Check all of them, if you wish, for the illustrated catalogues are so detailed as to form a show in themselves. In your own home you may examine the whole General Motors line, point by point, at your leisure. With the catalogues will be sent free a little book entitled "Principles & Policies." You will find it unusual reading, for it takes you behind the scenes and shows just what General Motors is and what it is doing to continue to merit public goodwill.
