

**GRAND JURY REPORT.**

**Met Wednesday of Last Week and Found Fifteen of Eighteen Bills Presented True—Many Improvements Recommended.**

The report of the Grand Jury is before you, having been forwarded to this paper by Prothonotary S. Claude Herr, and is as follows:

To the Honorable the Judge of Quarter Sessions of the Peace in and for the County of Centre.

May Sessions 1923, the Grand Inquest of the Commonwealth of Pennsylvania, inquiring for the county of Centre, in all matters relating to the same, do respectfully report:

That they have acted upon eighteen bills of indictment of which they found fifteen were true bills, three were not true bills.

We beg leave further to report that we have visited the county buildings and find the following: Repairs to book case in County Superintendent's office, three rows of filing cases and two rows of book cases should be provided for the Prothonotary's office. A typewriter desk and floor covering should be provided for the Register's office.

All plumbing in court house should have a complete overhauling, as water is not obtainable in most of the toilets.

We further report, a sanitary drinking fountain should be placed in a convenient location in front hall of court house. Spouting and coal chute at court house should be repaired, also an effort should be made to repair or renew court house roof. Condition of toilet rooms could be improved if kept clean. Conditions at the county jail were found deplorable. The women's quarters should have immediate attention, under present conditions no female prisoner should be kept in the Centre county jail. A fire escape should be provided when repairs are made, also bath provided in women's quarters.

Kitchen in jail should be papered, front hall be repapered, floor be repaired and new floor covering be provided, one room on second floor be papered, roof on porches and spouting be repaired. All plumbing and floors in all should be repaired.

We respectfully tender our thanks to the Honorable Judge and District Attorney for their courtesy and assistance rendered us during our deliberations.—James S. Morrow, foreman.

**FARM CALENDAR.**

**Timely Reminders from The Pennsylvania State College.**

**TUNE IN ON PAYM PROGRAM.**  
Do you want to know how to take care of summer meats? Tune in on WPS-C, 299.8 meters or 1600 kilocycles, at 7 o'clock, Tuesday evening, May 29. The Penn State meat specialists will talk on that subject then.

**KILL CABBAGE MAGGOT.**—The root maggot is a serious pest of early cabbage, cauliflower, and radish. The most expensive and a very effective method of control is through use of corrosive sublimate. Use one pound to 100 gallons of water, one tablet to one pint, or one ounce to eight gallons. Four about one-half cup, or five ounces, of the solution on the soil around the plant at the point where the stem enters the ground as soon as possible after the plants are set. Corrosive sublimate is very poisonous.

**SAVE CHICKS FROM DISEASE.**  
Measures recommended by poultry specialists of the Pennsylvania State College for the prevention of coccidiosis are: Use only clean eggs in the incubators. Raise the chicks on clean ground or in close confinement. Clean the brooder house every five days. Install roosts when chicks are three weeks old. Remove cockerels as soon as they can be distinguished. Supply some milk in the growing ration. Avoid overcrowding in the brooder houses.

Four Johnson buses carrying the State College band of seventy pieces and citizens, passed through here on Monday on the way to Reading where the Knight Templars are holding a conclave.

Dickinson Seminary, Williamsport, will graduate a class of 77 students, June 13th.

Kitchen in jail should be papered, front hall be repapered, floor be repaired and new floor covering be provided, one room on second floor be papered, roof on porches and spouting be repaired. All plumbing and floors in all should be repaired.

We respectfully tender our thanks to the Honorable Judge and District Attorney for their courtesy and assistance rendered us during our deliberations.—James S. Morrow, foreman.
