**LETTERS FROM SUBSCRIBERS.**  
Kamp Kewano, La Plume, Pa., July 9, 1928.

Dear Editor:  
My work for the summer, as you see, is located at La Plume, Pa., about eighteen miles north of Scranton, in a boys' camp.

We have about seventy boys here and a nice location it is, just on the edge of a beautiful lake, and we therefore have boating, canoeing, swimming, and all the sports that go to make a good camp.

I will be here until September 1, and would desire my paper to be sent to the above address. I will be home for a few weeks after that date, then I will again go back to work at Naperville, Illinois.

Most sincerely,  
FLOYD T. JORDAN.

**YES**  
Dodge Brothers Standard Six is the fastest car, with the fastest pick-up, under a thousand dollars.

**HOWEVER**  
That is only HALF the story. The IMPORTANT point is that this exceptional speed is made practical by Dodge ruggedness of chassis and body construction

**OTHERS**  
Might succeed in building a car at this price with equal SPEED, but to do so successfully they would also have to build a car with equal STURDINESS.

**AND**  
That is where Dodge Brothers, with years of experience in building a dependable low-cost product, are years ahead of the field

**YOU**  
Can buy the Standard Six knowing that it is not only the fastest car in its class but the sturdiest—and the one is every bit as important as the other.
