

BOALSBURG ITEMS.

Mrs. Wm. Rocky recently entertained her nephew, Edward Rishel, and wife of Braddock, during their week's vacation. They visited Woodward and Penns Caves, Bellefonte and State College.

Mr. and Mrs. Edward Bohn, of Akron, Ohio, are enjoying a visit among friends in this vicinity, this being Mr. Bohn's annual visit with his parents, Mr. and Mrs. David Bohn.

P. B. Lomberger and daughters and their guest, Miss Ruth Taylor, of Carlisle, and the H. W. Lomberger family, of State College, spent a week camping at Whipple Dam.

Miss Mildred Kuhn, of Williamsport, spent the week-end with her parents, Mr. and Mrs. E. M. Kuhn.

Frank Hosterman, of Cleveland, O., is spending his vacation with his parents, Mr. and Mrs. H. M. Hosterman. Postmaster and Mrs. Jacob Meyer are enjoying a visit from their son, Albert, of Pittsburgh.

Mrs. Alice Magoffin, of Hollidaysburg, is spending some time with relatives in town.

Mrs. F. M. Charles and daughter, who were visiting friends in Philadelphia, were called home Monday by the sudden death of Mrs. Charles' mother, Mrs. Stephens, of Centre Hall.

SPRING MILLS

Clair Allison and family, of Jamestown, N. Y., spent a few days with his parents, Mr. and Mrs. H. M. Allison.

Mrs. Martha Corman visited friends in the western part of the State.

Bruce McCormicks were Sunday visitors at the Bruce Meyer home.

A little child of James Foust, of Centre Hall was buried in the cemetery here on Friday.

The Spring Mills band has been engaged for two or three times a week for all summer.

George Lohr, of Penn Hall, was hurt quite severely on Monday by a hay tedder striking him.

Mrs. Augustus Kennelly and daughter, of Clifton Heights, spent Sunday at the B. F. Kennelly home.

Prof. John Decker purchased a new Chevrolet car.

Robert Kennelly, who is working at State College, was seriously hurt on Saturday when a shaft in an elevator was lowered on him. He was taken to the Centre County Hospital.

The Reformed Sunday school will picnic at George Kline's Spring on Friday afternoon.

Observed 85th Birthday of Capt. Fry.

On Saturday afternoon, from 2 to 5 o'clock, at the Fred Fry home at Fairbrook, the annual Fry reunion took place in conjunction with the celebration of the eighty-fifth anniversary of the birth of Capt. William H. Fry, the actual date of which was the 18th. For the past few years this event has been held annually, when the descendants, friends and neighbors of the veteran gather about him in joyous reunion. There is probably no man in this section so widely known as Captain Fry, and the Reporter felicitates him on his having reached another milestone on life's journey.

FARM CALENDAR.

Timely Reminders from The Pennsylvania State College.

FIGHT LICE AND MITES—Keep a close watch on your birds for the appearance of lice and mites. Poultry mites may be controlled by painting the roosts monthly with used crank case oil.

TAKE CARE OF CALVES—Calves on pasture should be visited frequently, and if the feed gets short they should receive grain or some other supplemental feed, say State College dairy specialists. A check in growth always is expensive because it dwarfs the animal and delays the time that the heifers should come into milk.

TO MAKE WHITEWASH—Weather-proof whitewash can be made by slaking 52 pounds of quicklime in 12 gallons of hot water. Dissolve two pounds of common table salt and one pound of zinc sulphate in two gallons of boiling water and add to the lime mixture. Then add two gallons of skim milk and stir thoroughly.

KILL WEEDS NOW—Weeds must be annihilated without mercy even if the weather is too hot for comfort. If no weeds are permitted to go to seed in the lawn or garden, there will be fewer to fight next year.

CULTIVATE STRAWBERRIES—Keep the cultivator going in the young strawberry bed. The next two months determine the 1929 crop.

KEEP UP MILK FLOW—Efficient dairy cows will return a profit on grain fed even when the pasture is good. A small quantity of summer grain keeps up the milk flow and builds up the cow for winter.

FLY TIME IS HERE—Spray the cows daily for greater milk production. When cows are fighting flies, standing in streams or running through brush they are not filling up on pasture or chewing their cud contentedly and making milk. A light thin blanket thrown over the cow's back while milking also saves a few whacks around the head from the cow's tail.

CONTROL GRAIN MOTH—With harvest time near at hand farmers are again reminded by State College entomologists that early threshing must be practiced to protect the wheat crop from the Angoumois grain moth. Fumigation with carbon bisulphide in the bins should follow the threshing operation.
