RED CROSS ROLL CALL.

\$30,000,000 Collected and Distributed charged Monday of last week. During Year for Relief Work of Fire, Flood and Other Sufferers.

Plans are nearing completion for the Twelfth Annual Roll Call of the American Red Cross, to be conducted here between Armistice Day and Thanksgiving Day as part of a nation-wide week for treatment of injuries suseffort to enroll five million members, J. E. Kaulfuss, Roll Call Chairman of happened earlier that day. State College, announced this week.

Stressing the fact that only during the Roll Call held once a year, does the organization seek support through memberships for its local, national and international work, Mr. Kaulfuss said the campaign plans will include the extension of a direct invitation to every resident to join. This will be Fred Houser died Tuesday of last week. done by reaching them at their places of business or at their homes.

"The American Red Cross," he said "meirts the support of everyone. The services it is rendering in this community, in the nation, and internation ally, are indispensable and must continue. They can do so only with adequate response to the Roll Call.

"It is the only agency organized and equipped to cope with disasters in this and other communities. It answers a like the call for help from the smallest towns and the challenge of such overwilelming national calamities as the Mississippi Valley flood of fast year. In the last three years it has collected and disbursed for the relief of sufferers from fires, floods, hurricanes and other disasters more than \$30,000,000.

"In the field of public health, in service to the veterans of the World War, in the prevention of accidental deaths through instruction in first aid and life saving, and in its many other fields of activity it is taking the lead and daily performing countless deeds

of service. "The confidence of the American people in their Red Cross is unbounded. They have only to be asked and they will join. This is why we are laying such careful plans to present every man and woman in the community s personal invitation to join the Red Cross for the ensuing year.'

New Method of Growing Chicks,

Successful beyond all expectations in his first experience with the "closed door" method of growing chickens, Earl Yeager, of Clearfield, declares that he will continue to use the complete confinement system.

Starting with 2100 chicks last spring Yeager lost only nine per cent of his flock by death. He recently placed 914 pullets in laying houses, and there are no signs of paralysis or parasitic troub-les in any of the birds. In growing these healthy birds, Yeager built sheds on the side of his brooder house, and the fronts were covered with fine mesh wire screen.

This system, in which the birds are never allowed to set foot on the ground, 28 advocated by extension workers of the Pennsylvania State College, where the practice has been used for the past three years.

Cabinet Heater in your home, in less than an hour,

wherever a stove can be

Set requires no basement

It remained for the largest makers of heating equipment in the world to produce such a superior Cabinet Heater as the Sunbeam. In ap-pearance a fine piece of furniture, in principle and operation a fur-nace, the Sunbeam Cabinet Heater heats the 5 to 7 room home, yet re-quires no basement. It can be comoletely installed in less than an hour. Replaces two or more stoves.

The Sunbeam has a heating unit of the furnace type, built entirely of heavy-weight cast iron. The fire pot alone weighs \$4 pounds. It will last a lifetime and will retain its heating efficiency and handsome appearance, indefinitely.

This year, Sunbeam Quality talks Price. You can now obtain this superior heating device at no greater cost than that of an inferior heater. Increased demand and volume pro-duction make this possible. Call and get the whole Sunbeam story
