

LOCAL AND PERSONAL

F. K. Carter, of Glen Iron, was doing carpenter work for James Runkle, near Tusseyville, for a few days.

Mrs. Fernie E. Homan, of Centre Hall borough, wife of Warren A. Homan, was appointed Notary Public by Governor John S. Fisher.

Squire Cyrus Brungart continues to remain in a poor state of health. He suffers much pain and is confined to bed much of the time.

Mrs. W. H. Lingle and daughter, Miss Dorothy, were among the Reporter's callers on Wednesday and expressed an interest in the result of the election on Tuesday.

While playing football on Monday with his school mates at the Centre Hall High school, Fred Luse became mixed up with one or more of the contestants, resulting in a broken collar bone.

Miss Freda Cummings, of near town, on Friday went to Jersey Shore where she will be with her father, Arbor Cummings, for a week. Mr. Cummings is employed as a night watchman in a silk mill at Jersey Shore.

Mrs. W. Frank Bradford accompanied Mr. and Mrs. Clyde A. Smith on their way to South America as far as Philadelphia, where for a day or two she was a guest of friends in that city and at Ardmore was entertained by Miss Emma Wolf.

Mr. and Mrs. Leroy Puff and children visited Mrs. Puff's parents, Mr. and Mrs. William Petterolf, for a short while before moving to Jersey City, N. J., where Mr. Puff has been employed since the first of July. The family previously lived in Tyrone.

Paul Miller, son of Harry Miller, of Milton, a former school boy here, while engaged at State College, was pretty badly injured a few days ago. He was working about a steam shovel making excavations for the engineering buildings, when the massive shovel struck him.

While coming down a hill on the east side of Millheim, the large traction engine used in connection with a threshing outfit by Sumner Frankenberg, skidded and turned in the opposite direction from which it was traveling and when it came to rest was lying on its side over an embankment.

Rev. John H. Keller, of Clifton Grove, N. C., arrived here on Sunday and until Friday will remain among relatives. He came up to Maryland to attend a meeting of Synod of his Church and from there visited a school friend in Virginia, coming here from the latter State.

Mr. and Mrs. A. E. Kerlin left for St. Petersburg, Florida, on Tuesday. This will be the fourth winter the couple will have spent in that southern city and they are as enthusiastic now as ever over Florida as a place to live in the winter months. They have their own home there, which is said to be a delightful one.

Mr. and Mrs. H. J. Lambert, after casting their ballots early Tuesday morning, departed by auto for their winter home in Lakewood, Florida. They will take considerable time en route, Mr. Lambert expecting to stop off at many of the principal cities of the South and visit the larger barber shops and put his original corrugated edge on barbers' shears.

Miss Bertha Rimmey, a nurse at the Centre County Hospital, and Miss Ida Frazier, of Centre Hall, have gone to Akron, Ohio, to spend several days with Mrs. Carl Bohn, who was the former Miss Helen Neese, when head nurse at the Centre County Hospital. They will also visit Attorney and Mrs. Lee Frazier, at Painesville, Ohio, and on their return will stop at Erie and Niagara Falls.

The Reporter is indebted to J. Shannon Booser for the reception of the election returns by radio, on Tuesday night. Mr. Booser, who is a dealer in Crosley radios, gratuitously placed a fine Crosley outfit in the office which kept us posted from the early returns to the final announcements declaring Mr. Hoover victorious over Mr. Smith by a large majority. Thanks.

Harry Hoy was pretty badly hurt in the auto wreck he experienced last week at Penn Hall. The crash came when he made a left-hand turn going west at the same time a car was going east at that point. His car was badly damaged, and the wonder is how he escaped with his life. It was reported on Monday that Mr. Hoy was dead but his neighbor, John Bare, says he is up and around and therefore could not be dead.

M. Roseman Wert, a State insurance examiner, and another representative from the Insurance Department examined the two local insurance companies in Centre county. Mr. Wert, who is a son of John B. Wert, of near Tusseyville, has been connected with the insurance department for more than a year, and in that time has been in all sections of the State. He was also sent out of the State a number of times, spending a considerable length of time in Chicago, and again on the Pacific Coast. The State examiners have to do only with Pennsylvania insurance companies, but they examine the books of branch offices of any of the companies doing business outside the State, which accounts for the many trips to other States made by him. Mr. Wert is looking like he says he feels fine.

Mrs. L. E. Rossman Improving.
Mrs. Lewis E. Rossman, of Spring Mills, who was so seriously injured in an auto collision with a freight train at Milton, at which time Mr. Rossman was almost instantly killed, remains a patient in the Williamsport hospital. Her injuries consist of a compound fracture of the collar bone, a compound fracture of the right leg below the knee, three broken ribs, and broken bones in several toes, together with bruises over her body. Her condition however, on Tuesday was reported from the hospital as very favorable to her recovery.

Our Greatest Mother
+ JOIN! +

Thousands of women, who were first enrolled as Red Cross workers during the period of the World War, have never ceased in their labors for that organization, but still carry on knitting garments for disabled soldiers, making dresses and layettes for children and infants, and giving hours of their time in the various volunteer activities of Red Cross work. Volunteer work by men also plays a large part in the organization of Red Cross.

This volunteer work is the backbone of Red Cross. Fully eighty-five per cent of the service this humanitarian organization is able to render the public, through public health, American Junior Red Cross, service to disabled veterans of the World War, and the service men of the regular establishment, and its many other activities, must fall upon the shoulders of the volunteer worker. Not only is this true of the national headquarters where such distinguished volun-

teers are enlisted as Judge John Harton Payne, chairman, and Miss Mabel Boardman, secretary of the Red Cross, and Col. E. P. Bicknell, vice chairman in charge of foreign operation, but also in every community where Chapter chairmen and other men and women devote hours of their time to fostering and planning the

RED CROSS NURSES AID
IN HURRICANE DISASTER

In addition to their year around work in the Public Health field, the Public Health nurses of the American Red Cross have answered a number of calls to combat epidemics, and in disaster work during the year just ending, the Red Cross states.

Their greatest task was in the relief following the West Indies hurricane when 20 nurses were despatched to Florida and 32 to Porto Rico, to assume charge of the health work there. Epidemic conditions were especially grave in both places, and inoculation of several hundred thousand persons had to be arranged in order to prevent spread of contagious. Nursing the injured, the sick, aged and young and caring for the newborn were heavy tasks in both areas.

The Red Cross nurses also were called upon for work in epidemics in communities, including the serious septic sore throat epidemic in New England and a typhoid epidemic in New York state.

More than 580 Red Cross Chapters throughout the nation operate nursing services which they support altogether or in part.

DODGE BROTHERS
NEW VICTORY SIX

Smarter in Appearance—More Luxurious in
Appointments—With Increased Room
and Still Finer Performance

Style stands out in all nine new Victory body
types. There is an inviting swagger in the sweep
of the improved one-piece fenders, an assurance
of power in the higher and more massive radiator
and hood lines.

Bodies are not only smarter, but larger, provid-
ing increased head-room, leg-room and seat-
comfort. Deeper, softer cushions and specially
selected hardware and upholstery sound a dis-
tinctive note of interior luxury, while higher and
wider doors facilitate entrance and exit.

The new Victory Six emphasizes the unusual
structural advantages first introduced in the
original Victory. The chassis frame is so bolted
to the body that it literally becomes a part thereof
—a simplified, more rugged, and squeak-proof
construction that reduces weight, eliminates
rattles and lowers the center of gravity.

This unique Victory design provides roadability
and riding ease as remarkable and unusual as
Victory pick-up, power and flexibility.

There is just one way to find out how different
and better Victory performance really is. Drive
the car yourself!

PRICES—Touring Car, \$995; Roadster, \$995;
Coupe, \$1045; 4-Door Sedan, \$1095; DeLuxe Sedan,
