

LOCAL AND PERSONAL

Mrs. F. O. Bairfoot, last week, took the examination for an auto license and came through one hundred per cent and is now driving her new Nash car.

Mrs. Maude Crotzer, who for several weeks was at the home of Mrs. Samuel Stump, on Friday went to Unionville where she will be employed.

Ray Mark, William Hanna and Samuel Bitner put in a day gunning for rabbits and shot eleven. Ray shot a limit of five, while "Bill" Hanna was a close second with four.

Hunters devoting more or less time to capturing small game are successful on some days and less so on others. Ringneck pheasants, rabbits and squirrels make up the bag.

The grand jurors for December court have been called to convene on the third day of that month, which falls on Monday. Court will open for hearing of cases on Monday, the 17th of December.

It is reported William Hanna, of Potters Mills, who for several years has been employed at the Keelin poultry plant, will move here next spring, at which time he will move into one of the Lambert houses, now occupied by Claude Dutrow.

James L. Faust, of Burnham, was a caller on Friday. He is employed in the forge department of the Standard Steel Works and states he has employment four days a week. He expressed gratification over the result of the election.

Mr. and Mrs. T. L. Moore met their daughter, Miss Miriam Moore, who is teaching public school at Lewisburg, at Sunbury the latter part of last week, and the three visited relatives at Elysburg and Shamokin over Saturday and Sunday.

Mr. and Mrs. V. A. Auman will attend the sessions of the Pennsylvania State Grange at Williamsport, December 10th to 14th. Mr. Auman is Master of Progress Grange which gives him an official standing in the State organization, and also provides for Mrs. Auman.

Mrs. Lewis Rossman is improving and her condition is regarded as very satisfactory to the Williamsport hospital authorities. Of course, this does not mean that she is near to being discharged, but that considering the very serious injuries she sustained much hope is held out for her ultimate recovery.

James Steininger, a moulder at the Burnham works, was in town for a few days last week and with his brother-in-law, Charles Cupples, scoured the fields and woods in quest of game. They were successful to some extent, and especially successful in getting the out door exercise bot of them concluded they desired and needed.

Musser Coldron is now occupying his new home on Nittany Mountain Top as a residence. During the summer he built a large platform on the slope of the mountain and used it for serving refreshments to guests. Toward fall he began the erection of a one-story building on it, and now is serving customers there as well as occupying it for a living place.

In the sale of the Evans farm, at Spring Mills, by Rufus Finkle, who acquired it from the Finkle estate, to Sumner Vonada, the Dr. Wolf home to the east of it played a part. The latter home occupied and owned by Mr. Vonada was taken over by Mr. Finkle in the deal. A large tract of timberland on Egg Hill, adjoining the Evans farm, was sold with the farm by Mr. Finkle.

Not in a number of years have weather conditions been so favorable for the harvesting of the corn crop as it has been this fall. The corn crop, which as a rule was very fair, was disposed of with the minimum amount of labor and expense. Up to this period—Saturday—the ground was frozen very little and in some immediate sections not at all, which condition was favorable to the handling of corn harvesting machinery.

C. N. Hockman has leased the Bartges home in the southern section of town and will move into it next spring. Mr. Hockman is engaged in the poultry business and hatching baby chicks. When he erected the large plant on Hoffer street a part of the building was set apart and finished for a residence, and it was occupied by Mr. and Mrs. Hockman and later by little Miss Hockman. When the family removes from there it will not again be occupied as a living place.

Mention was made last week of the strong box and forty or fifty dollars disappearing at the last night of the Halloween festivities in the Jodon sales barn, Pleasant Gap. The culprit has been apprehended. He is a young man and is said to be employed at White Rock quarries. The affair was sponsored by a civic club the heads of which have agreed not to prosecute the young man on condition that he make good the sum stolen and conduct himself properly in the future. The money was spent on a trip to Buffalo, N. Y., but his earning power is sufficient to make a refund in a reasonable time.

Miss Laura Runkle, of Centre Hall, is following a custom which her mother, the late Mrs. J. W. Runkle, long observed. It is a gift to the Lutheran orphans' home at Loysville in the form of bed quilts, which are the result of days of painstaking toil. Mrs. Runkle for many years remembered the orphan children at the Christmas season with these useful articles, and shortly before her death exacted a promise from her daughter to continue the good work. In addition to the quilts, which are beautiful pieces of hand-work, a dozen or more hand-embroidered aprons are included in this year's gift to the home.

MARRIED FIFTY YEARS.

Mr. and Mrs. John W. Dashem Celebrate Event Tuesday Evening.

Mr. and Mrs. John W. Dashem celebrated the fiftieth anniversary of their marriage on Tuesday evening at their home in Centre Hall.

On November 13th, 1878, John W. Dashem and Miss Aldora M. Wright, then twenty-five and twenty years old, respectively, and near neighbors, drove to the Centre Hall Lutheran parsonage and were united in marriage by the Lutheran pastor, Dr. W. E. Fischer, now at Shamokin.

Mr. Dashem's father died when John W. was a small boy and he was reared by his step-father, Benjamin Bitner, on the farm at Red Mill, and it was here the young couple set up housekeeping. Later they acquired the farm from the Bitner estate, and here they conducted farming operations until six years ago when they moved to Centre Hall where they now live.

The couple are the parents of five children, all of whom are living and are also engaged in farming. The children are: Minnie, wife of J. W. Foreman; Lizzie, wife of Edward Mersinger, both living in the Penns Cave district; Wilbur, on the Bower place; Frank, on the Stump farm, and Elmer, on the Dashem homestead.

Mr. and Mrs. Dashem are young in spirit and no one would think them to be in the 50th-anniversary class. They are both in very good health and are enjoying life and the comforts made possible by frugal living in earlier life.

LOCAL AND PERSONAL.

Mrs. David Ruhl of Spring Mills, who suffered greatly from a case of acute indigestion on Sunday, is very much improved at this time.

Mrs. Roxanna Robertson of Hartford, Connecticut, arrived here by train on Wednesday morning and is now with her father, B. D. Brislin, in town.

Frank P. Phillips, the Potters Mills auto dealer, has his garage completed. It is as near fireproof as possible, having been built mostly of concrete and concrete blocks.

The annual meeting of the Agricultural Extension Association will be held in Bellefonte on Saturday, 24th inst. A number of important subjects will be discussed by speakers well versed in them.

Boyd Smith, of Potters Mills, who had been employed in the Ford factory in Detroit, returned home recently. He brings a glowing account of the benefits to Ford cars due to the proposed improvements.

The first fall of snow this fall of sufficient quantity to cover the earth, fell Sunday night, Monday morning everything was snow-covered, but by noon it had disappeared, Tuesday broke in bright and clear.

E. C. Zerby, of Spring Mills, was a Reporter caller on Monday, after having attended the Jodon sale of horses, mules and cows at Pleasant Gap. He

declared horses and mules brought fine prices.

No marriage licenses were issued in Centre county during the past week.

There will be a meeting of the alumni association of the Centre Hall High school in the High school building on Thursday evening, November 15th, at 7:30. All alumni members are requested to be present.—Secretary.

Mrs. J. S. Getchell and Mrs. Thomas Keefe, from the Pittsburgh district, have come to the home of their parents, Mr. and Mrs. Cyrus Brungart, to aid in the care of Mr. Brungart, whose condition is not at all favorable.

Mrs. Lizzie Mitterling and D. C. Mitterling wish to express through the Reporter's news columns their sincere appreciation of the noble, though futile, efforts made to save the Mitterling barn from destruction, last Wednesday night.

Mr. and Mrs. A. H. Spayd, of Centre Hall; Mr. and Mrs. Cleve H. Eungard, of Spring Mills, and Miss Vesta Bausler, of Potters Mills, are among those attending the sessions of the National Grange in Washington, D. C., this week.

The extensive milk plant being erected at Spring Mills by the Dairymen's League, a description of which plant was given in these columns a few weeks ago is progressing nicely. The interior is being finished and machinery installed at this time. A number of workmen are now engaged in making an excavation for a septic tank for the disposal of sewage.

Earl Husted, one of the partners in the firm doing business in Millheim under the name of the Hosterman-Stover Co., whose establishment is one of the most prominent businesses in that town, is housed up at present due to a broken bone in one of his feet.

Mr. Husted, in walking about his home, struck his foot against some object, and immediately he began suffering much pain. An X-ray examination made at Philipsburg revealed one of the bones in the foot broken. The foot was faced in a plaster cast, which relieved him of the pain he previously experienced, but he is obliged to remain away from business and that means much to a man of the activity of Mr. Husted.

A general sentiment appears to be growing among those interested in the proposed new High school building to accommodate pupils from Millheim borough and Haines and Penn townships that the location be at some point between Millheim and Aaronsburg. A joint meeting of the boards of the three districts named will be held tonight (Thursday), at which time the question of location may be discussed, and the probability is the selection of a site will not be made until a committee charged with that duty makes a report. The boards referred to have been able heretofore to agree on very important phases of the subject, and it is therefore anticipated that the question of location, will not disrupt their former spirit to work for the best interests of all concerned.

PUBLIC SALE.

THURSDAY, NOVEMBER 22, 10 A. M. 1 1/2 miles south-east of Oak Hall, D. A. Callahan will sell: Sorrel team of mares, 8 milch cows, 13 heifers, 3 bulls, all purebred or grade Guernsey; four brood sows, 19 shoats; also farm implements and household goods.

IS DEATH SOMETIMES A CAUSE FOR THANKSGIVING

Yes, sometimes. It ends needless suffering and sorrow; it brings eternal peace. After all, it is the end of life for which in itself we should be grateful. Certain it is, the passing of a loved one should be memorialized in one of our beautiful monuments.

DODGE BROTHERS NEW VICTORY SIX

Smarter in Appearance—More Luxurious in Appointments—With Increased Room and Still Finer Performance

Style stands out in all nine new Victory body types. There is an inviting swagger in the sweep of the improved one-piece fenders, an assurance of power in the higher and more massive radiator and hood lines.

Bodies are not only smarter, but larger, providing increased head-room, leg-room and seat-comfort. Deeper, softer cushions and specially selected hardware and upholstery sound a distinctive note of interior luxury, while higher and wider doors facilitate entrance and exit.

The new Victory Six emphasizes the unusual structural advantages first introduced in the original Victory. The chassis frame is so bolted to the body that it literally becomes a part thereof—a simplified, more rugged, and squeak-proof construction that reduces weight, eliminates rattles and lowers the center of gravity.

This unique Victory design provides roadability and riding ease as remarkable and unusual as Victory pick-up, power and flexibility.

There is just one way to find out how different and better Victory performance really is. Drive the car yourself!

PRICES—Touring Car, \$995; Roadster, \$995; Coupe, \$1045; 4-Door Sedan, \$1095; DeLuxe Sedan, \$1170; DeLuxe 4-Pass. Coupe, \$1170; Sport Roadster, \$1245; Sport Touring Car, \$1245; Sport Sedan, \$1295—f. o. b. Detroit.

Also Dodge Brothers Standard Six \$895

Smarter lines, greater comfort, richer appointments. A thoroughly dependable car in every item of construction that makes for smoothness, flexibility and long life. PRICES—Coupe, \$875; 4-door Sedan, \$895; Cabriolet, \$945—f. o. b. Detroit.
