

LOCAL AND PERSONAL

Centre Hall lodge P. O. S. of A. presented a rebuilt Remington typewriter to the local High school.

The annual banquet of the Centre County Bankers' Association will be held in the Bush House tonight (Thursday.)

A very welcome rain fell on Monday, filling cisterns, and at least for a short time increased the flow of some classes of springs.

Irvin McClellan, of Potters Mills, was a recent caller at this office. He is employed by Maynard Barger who operates a threshing machine.

The Progress Manufacturing Company installed a large boiler in their plant on Church street to take care of their increasing business.

An alumni association dues party will be held Thanksgiving evening, at 7:30 o'clock, in the High school building. All alumni are cordially invited.

Mrs. Rebecca Romig, of Liverpool, widow of the late Rev. Moses Romig, a Lutheran minister, is at the home of Mr. and Mrs. C. D. Bartholomew, her nephew and niece.

Mr. and Mrs. N. P. Pechin and daughter, of Radnor, and Mr. and Mrs. J. E. Delf, of Goodyear, were visitors at the Evangelical parsonage over Wednesday and Thursday of last week.

Endowments are available to provide for two additional rooms in the Centre County hospital. One room will be maintained by the Mary A. McQuiston estate and the other by L. Olin Meek estate.

Snow fence building is the order of the day in this section along the State highways. The snow fence could be adopted with much profit by township supervisors along roads that are otherwise closed by snowdrifts.

Mr. and Mrs. Mervin Kuhn and daughter, Miss Mildred, of Boalsburg, were guests on Sunday of Mrs. Kuhn's sister, Mrs. Alice Durst, in town. Miss Mildred is employed by Penn State in one of its various offices in Old Main.

William R. Houser, of Bellefonte, has been appointed a claim adjuster for the State insurance fund in the Department of Labor and Industry, effective last Thursday. He will cover Centre and adjoining counties.

Mr. and Mrs. Hayes Ralston are rejoicing over the recent arrival of their fourth child—a son—who was born Sunday, 11th inst. The youth has been named Herbert Stephen, and has two brothers and a sister who think "Herby" is the baby of all babies between here and Linden Hall.

Mr. and Mrs. Roy Martz of Lewistown, the latter's two sisters, Mrs. Robert Boal, of Altoona, and Miss Ella Meiss of Lewistown, attended the funeral of their aunt, Mrs. George Binner, at Millroy, on Saturday morning, and later in the day came to Centre Hall for a short visit.

H. G. Strohmeyer moved into the Picken home purchased by him some months ago, after having made several changes and improvements on the interior. The house where Mr. Strohmeyer lived, which was built by him thirty years ago, is now occupied by his daughter, Mrs. Clayton H. Homan, and her husband.

The head of a fine specimen of buck deer, four-prong, was found in a coarse feed bag lying in a field near Farmers Mills, by several rabbit and bird hunters one day last week. The buck had evidently been shot only the night before, because the head appeared to be in such condition to indicate this fact. This seems a strange way to get rid of evidence against the guilty parties.

The plank floor in the large stable owned by D. W. Bradford is being removed with the view of replacing it with one of concrete. It will require considerable filling to bring up the earth to the proper height on which the concrete will be laid. Mr. Bradford is a sales agent for farm machinery, tractors, etc., and the improvements now in progress are being made to afford better storage facilities.

Merchant Charles Cupples and Mrs. Cupples had the pleasure of sitting around a dinner table on Sunday on which wild turkey was the big noise on the menu. This pleasure was due to the good marksmanship of Mr. Cupples' brother, Howard, a student at Susquehanna University and the most excellent culinary skill of his mother, Mrs. Robert Cupples, in Lewistown, where the bird was prepared and served.

Mr. and Mrs. J. D. Shoop, of Pittsburgh, were guests of Mr. and Mrs. Fred Bender for a few days, and on Monday continued their journey to Wilkesbarre and from there will return home. Mr. Shoop is a foster brother of his host here. Mr. Bender, and is engaged as a truck gardener. Mr. and Mrs. Shoop were here on their honeymoon, and the boys and girls found it out, with the result that the couple were serenaded.

Among the callers at the Reporter office on Saturday was Elmer McClellan, of near Tusseyville. He had just returned from a trip to Mifflin county with apples and potatoes. Apples are selling at from \$1.00 to \$1.50 a bushel, and potatoes for 75 cents a bushel. During the early part of September potatoes sold at \$1.00 and Mr. McClellan states they are slowly advancing in price. Mr. McClellan belongs to the optimistic type of farmer. He believes that farming pays, in spite of all the talk to the contrary. However, in order to make it pay, it must, like any other business, have close attention and care taken of the lesser products of the farm. For instance, Mr. McClellan finds that instead of permitting apples to go to waste in the orchard it pays handsomely to truck them to Lewistown where there is an ever-ready market.

New models and THE OPEN MIND

THE public, with its healthy desire for the new and the better, insists upon continuous improvement, and will withdraw its patronage from any product or service which stands still.

Nowhere is this more true than in the automobile industry. The car is more than a utility. It is a personal thing, involving your convenience, your comfort, your safety, your sense of beauty and color, your pride of ownership, your complete environment for many hours of your life. Customs and habits of living change fast; and the past holds many warnings of how quickly your favor can shift when an automobile, for even a single year, fails to show progress.

So continuous improvement is more than a policy with General Motors. It is a vital necessity.

THE PUBLIC DEMANDS NEW MODELS

And the public is right. Out of that demand have come electric starting and lighting, the closed body, Duo finish, four-wheel brakes and hundreds of refinements, big and little. Improvements that might have taken a generation have been born within a few years because people want greater performance, beauty and comfort.

Equipped with the largest research laboratories, proving ground and body building plants, and guided by an Open Mind which is ready to revise its thinking in response to new facts, General Motors believes that it is peculiarly fitted not only to sense but to anticipate public demand and to give the people better automobiles at better values year after year.

As evidence of that faith we presented some months ago the New Chevrolet, the New Pontiac, the New Oldsmobile. And now we offer, with equal pride, the New Buick, the New Cadillac, the New LaSalle and the New Oakland.

CHEVROLET. 7 Bigger and Better models, \$495 to \$715. 4-wheel brakes. More powerful engine. Luxurious Fisher Bodies. New colors. Also Light Delivery Truck chassis; \$275; Utility Truck chassis with 4 speeds forward; \$520.

PONTIAC. 7 models, \$745 to \$875. Lowest priced General Motors Six—now offers more power, greater economy—more speed, greater acceleration. Arresting beauty of bodies by Fisher expresses the vogue of the hour.

OLDSMOBILE. 7 models, \$925 to \$1085. Also 5 DeLuxe models, \$1145 to \$1235. "The fine Car at Low Price." Completely redesigned and improved by General Motors. More powerful 4-wheel brakes. Longer, roomier Fisher Bodies.

OAKLAND. 7 models of the new All American Six, recently announced, \$1145 to \$1375. Distinctively new original appearance. Splendid new performance. Luxurious appointments, in new bodies by Fisher. A car you'll be proud to own.

BUICK. 18 Silver Anniversary models on 3 wheel-bases, \$1195 to \$2145. Lightning flash getaway. Masterpiece Bodies by Fisher. Comfort and luxury in every mile. Power for the steepest hill and the longest run.

LASALLE. 13 new models, \$2295 to \$2875. Attractive car of Continental lines. Companion car to Cadillac. 90 degree V-type 8-cylinder engine. Beautiful Bodies by Fisher. Striking Duco color combinations.

CADILLAC. 26 models, \$3295 to \$7000. Standard of the world. Famous 90 degree V-type 8 cylinder engine. Luxurious Bodies by Fisher and Fleetwood. An extensive range of color and upholstery combinations.

YOU SHOULD BE USING GOODYEAR TIRES

THERE ARE A LOT of good tires on the market today—some not so good, and some that are just plain "no good." BUT AMONG THEM is one that is the Best. That's the one you want.

WE HAVE IT—IT'S A GOODYEAR, the WORLD'S GREATEST TIRE. IT'S NOT the greatest because we say so.

IT'S GREATEST because for over ten years more Goodyears have been made and sold than any other kind.

IT'S GREATEST because it is the acknowledged world's standard of quality.

IT'S GREATEST because more people ride on Goodyear Tires than on any other kind.

AND IT'S GREATEST too, because in spite of its supreme quality it costs no more.

AS A MATTER OF FACT you pay no more for a genuine Goodyear than you are asked to pay for many unknown tires of doubtful worth.

YOUR SIZE IS HERE and our prompt, expert, courteous service goes with every one we sell.
