FARM CALENDAR.

Timely Reminders from The Pennsylvania State College.

HAVE GOOD SEED SAVED.—See that you have good viable and disease-free seed for use next spring. Be sure the seed is thoroughly dried and stored in a place where it will not get wet or be destroyed by rats and mice.

OVERHAUL THE SPRAYER.—It is not necessary to put off overhauling the sprayer until spring. On rainy days it may be taken apart, oiled, and the worn parts replaced.

GROW OWN PLANTS.—Many vegetable growers find that they can grow their own plants for early use in the spring where they have proper equipment. Hundreds of Pennsylvania gardeners are using the small sash greenhouse planned and recommended by State College vegetable gardening extension specialists.

FAT TURKEYS ARE BEST.—Good Thanksgiving turkeys are well fed and fattened. A fat turkey carries a great deal of flesh and the meat is of higher quality. It pays to fatten the birds for market.

GOOD CONDITION COUNTS.—With

liberal feeding the brood sow will be able to recuperate from suckling her full litter so that she will be thrifty and vigorous when mated for her next litter. Rations rich in protein and mineral content should prevail prior to mating as well as throughout the gestation period. A combination of corn and oats; plus tankage, fishmeal or buttermilk, will serve the purpose well.

HOUSE FARM MACHINERY.—Protecting farm machinery from the weather now and during the winter will save heavy drains on the bank account next spring.

IMPROVE FARM WOODS.—Cutting the weed trees in the farm woodlot will improve the quality of the stand in future years.

BEFORE YOU DECIDE TO KEEP YOUR OLD CAR-- JUST TRY A "65"

DURANT

We know how it is. You want a new car, yet the old one runs pretty good, it gets you there, and back. Of course, you have to shift gears quite a lot, the brakes aren't what they once were, the motor seems rather tired, but still you've tried a few new ones and you haven't seen enough difference to make them worth the change. Well, just try a Durant "65", then try your old one, or any other new one. We know what you'll buy.
