

CENTRE COUNTY HOSPITAL NOTES.

Edna Shank, aged two years, daughter of Mrs. Sarah Shank, of Benner township, on Monday was admitted as a medical patient.

Mrs. Albert Knisely, of Bellefonte, is a medical patient, having been admitted Monday of last week.

Miss Laura Beckwith, a student nurse at the hospital, was admitted as a patient on Monday of last week.

Clifford Horner, of Lemont, who had been a surgical patient for the past three weeks, was discharged on Monday of last week.

Master Elmer Rockey, aged 8 years, son of Elmer Rockey, of Bellefonte, who had been a surgical patient, was discharged on New Year's Day.

Miss Edna Witmer, night superintendent at the hospital, who had been undergoing medical treatment, was discharged on New Year's day.

William Keeler, of Bellefonte, is a medical patient, having been admitted on Tuesday of last week.

Walter Corman, of Howard, an employe of the Decker Motor Co. in Bellefonte, on Tuesday was admitted as a surgical patient and was discharged on Friday.

Marvin Dullen, aged 17 years, son of John Dullen, of Marion township, who had been a medical patient for the past three days, died on Wednesday of last week.

Mrs. Agnes Fry, of Bellefonte, on Wednesday of last week was admitted for medical treatment.

Mrs. Harry Gross, of Centre Hall, on Wednesday of last week was admitted for surgical treatment.

Master Earl Walker, 22 months old son of Mrs. Ruth Walker of Milesburg, is undergoing medical treatment, having been admitted on Wednesday.

Prof. Earl Stock, superintendent of the Bellefonte High school, is a medical patient, having been admitted on Wednesday of last week.

Otto Corman, of Bellefonte, on Saturday was discharged after having been a surgical patient for three days.

Mrs. James McCullough, of Milesburg, is in a serious condition as the result of a fall sustained at her home on Wednesday of last week. Examination revealed a fracture of the left hip and several internal injuries.

Mrs. Carrie Hackett, wife of Irvin Hackett, of Bellefonte, on Wednesday of last week was admitted for surgical treatment; discharged on Friday.

Master Robert Spear, 4-year-old son of Howard Spear, of Milesburg, underwent surgical treatment on Wednesday of last week; discharged the same day.

Mr. and Mrs. LaRue Hazel, of Bellefonte, are receiving congratulations upon the birth of a son at the hospital on Friday of last week.

Edna Shank, 3-year-old daughter of Alfred Shank, of College township, on Thursday of last week was discharged after having undergone medical treatment.

John Robinson, of Union township, who had been a patient for the past four weeks, was discharged on Friday.

Oscar Hackett, of Bellefonte, an employe of the Centre County hospital, died on Friday, after a week's illness with influenza and complications.

Mrs. Helen Thomas and infant, wife and child of Leslie Thomas, of Bellefonte, were discharged on Friday.

Mrs. Esther Forsburg and infant, of Bellefonte, were discharged on Friday.

Mrs. Lera Bressler and infant, of Bellefonte, R. D., were discharged on Saturday.

Joseph Sunday, son of Annie Sunday, of Pleasant Gap, who had been a surgical patient for the past four weeks, was discharged on Saturday.

Mrs. Marguerite Keller and infant, of Bellefonte, were discharged on Saturday.

Mrs. Alta Flaburn and infant, of Bellefonte, R. D., were admitted as medical patients.

Fred Weber, of Boalsburg, is a surgical patient, having been admitted on Saturday.

Mr. and Mrs. John Bottorf, of Bellefonte, are rejoicing over the birth of a son at the hospital on Saturday.

Methodists Want Over \$9,000,000 for Service.

Plans for raising \$9,100,000 for the benevolent enterprises of the Methodist Episcopal church as represented by its world service program were presented at a three-day conference of church leaders which opened in Evanston, Illinois, last week.

More than 600 bishops, district superintendents and members of the world service agencies attended the opening.

The conference has no legislative authority in the Methodist Episcopal church but will be for the purpose of "selling" the benevolent program to the leaders who will carry the program to their own districts.

Centre Hall Man Buys State College Plumbing Business.

William Seckinger, of Centre Hall, until recently employed as a master plumber by the Central Pennsylvania Gas Co., last week purchased the plumbing business of Robert B. Taylor, of State College, and took possession on Wednesday. Mr. Seckinger will do all kinds of plumbing and expects to specialize in gas appliance installations. He is a veteran of the World War and recently married Miss Beatrice Kramer, formerly a nurse at the Centre County Hospital.

FORMAL OPENING OF COOPERATIVE MILK PLANT

Members of Dairymen's League at Spring Mills Formally Open Plant Costing \$25,000 to \$30,000, on Saturday.

The milk plant erected at Spring Mills was formally opened on Saturday, beginning with an inspection of the plant in the forenoon, a lunch in the Grange hall and an afternoon of speeches, music, and recitations. The plant, a full description of which appeared in these columns some weeks ago, was erected by the Dairymen's League Cooperative Association, whose headquarters are in New York City. The sum set aside for the construction of the plant was \$25,000, and additional sums may have been spent. The plant is very complete, and is equipped with the most modern machinery. At the close of this article will be found the method of financing the erection of this and similar plants.

George W. Slocum, chairman of the Twenty-fourth district, the district covering this section, was ably backed by two women—Mrs. Wagner and Miss Mary Lobb—who were present in the interest of the Home Department of the league. They were capable of enthusing the audience and their appearance will undoubtedly have a beneficial effect in the future among the wives and daughters of League members.

A group of young people formed a chorus and with Miss Josephine Duck as pianist sang a number of selections, and several younger children recited suitable selections. The names of those participating in this feature are—Marion Duck, Mabel Hagan, Mary Homan, Mary Zuber, Mary Neese, Kathleen Slegal, Mary Eungard, Maud Eungard, Emma Zettie, Leona Lohr, Mae Wingard.

The local League is officered by Percival Thayer, president; H. D. Rearick, vice-president; S. Grover Walker, secretary-treasurer; with R. H. Shook and S. W. Eisenhuth, directors. These five constitute the board of directors.

Mr. Slocum, who acted as chairman, addressed the gathering, the substance of his remarks being as follows: Marketing milk cooperatively in Centre county began about a year ago. Dairymen in the solution of making farming profitable in localities like this where milk can be produced more economically than at many other places. The one other necessity is to market efficiently. This locality enjoys the best for milk to be had, and the plant being formally opened today gives the best possible facilities for marketing it.

At Milton, from 1916 to 1918, farmers contributed directly \$125,000 for a milk plant. Yours was erected without you scarcely noticing any effort or making a direct contribution. The result of enlisting 40,000 dairymen in the cause made a large problem small. Speaking on the problem of the farmer in general and the dairyman in particular, the speaker argued that the best relief the farmer could get was through co-operation, and that the government could do little for them except they cooperate. On the tariff, relative to the effect on the farmer, the speaker contended that in the past the farmer was given a dollar in tariff, but parted with two dollars. The schedules were made by uninterested persons, were entirely inadequate and unequal. A new tariff schedule proposes adjustments more beneficial to farmers and dairymen.

The chairman called on a number of members of the Dairymen's League patrons among whom to respond and give support to the movement were Messrs. Ralph Shook, Mr. Harter, Mr. Stover, Mr. Strayer (the first man in the district to sign a contract), John A. Hosterman, Charles Frazier, H. S. Lambert, John W. Zertzy, Boyd Carner, W. F. Rishel, S. W. Eisenhuth, Charles Smull, S. G. Walker.

Method of Financing.

Every business or corporation must be financed. The method of financing the Dairymen's League is sound, simple and most practical. This new plant at Spring Mills was built out of an appropriation of \$25,000, granted more than a year ago by the board of directors. The local committee was not called on to build this plant, but the entire 42,000 members, in Pennsylvania, New York, New Jersey and the New England States shared the burden, share and share alike. However, while this would be less than sixty cents apiece, the League does not assess its membership. Neither do they go on the money market and borrow the funds.

Now, the Dairymen's League need money to build, equip and operate their many plants, including the Spring Mills plant. Ten cents are held out on every 100 lbs. of milk a member delivers to one of the League plants, from April 1st to March 31st, next. Shortly thereafter a 5 year 6 per cent certificate of indebtedness is issued, covering this amount, and a like issue is issued each year. Also, one issue, five years old, is redeemed or paid off each year. A few cannot acquire controlling interest by buying a majority of stock, for there is no stock issued.

This is a straight, democratic organization, which provides for a member producing 16 lbs of milk a day the same privileges and voting power as his neighbor who produces 1000 lbs of milk per day.

By this method of financing an endless chain is produced, for five issues are always outstanding, one issued and one paid off.

DEATHS

G. R. Meiss, Former Colyer Merchant. George Rishel Meiss, born and reared in Potter township, about Colyer, and lived there nearly all of his life, passed away at his home in Lewis-town, 603 East Walnut Street, at 12:45 o'clock on Monday morning, after an illness with bronchial pneumonia, from which he was confined to bed from Tuesday previous. He, however, had been complaining for some time prior to his last illness.

The body was brought to the parlor of the Goodhart undertaking establishment here and after being prepared for burial was conveyed to the home of a daughter, Mrs. John Jordan, near Colyer, from where funeral services will be held this (Thursday) afternoon and interment made in the Zion Hill cemetery, nearby.

Mr. Meiss was a son of Jacob and Nancy (Rishel) Meiss, and was aged 73 years, 1 month and 26 days. He is survived by a wife, formerly Miss Anna Catharine Bair, and four children, namely: Mrs. John Jordan, of Colyer; Mrs. R. S. Boal, Altoona; Mrs. Roy Martz, Lewis-town, and Miss Ella, at home. Also, a brother, Jacob Meiss, of Montreal, Canada. Surviving also are six grandchildren.

Mr. Meiss conducted a general store at Colyer and in connection with it buckstered for many years. Last April he moved to Lewis-town where he purchased a small grocery store.

When a boy he suffered the loss of one of his lower limbs, but regardless of this handicap he was an exceedingly active man and was able to perform any kind of work with apparent ease. He was successful as a huckster and merchant. He had a large acquaintance over the county formed through business contact. He was of friendly disposition and during his business career came to the aid of many.

TUSSEY—After an illness of ten days with flu and pneumonia, Mrs. Edwin R. Tussey passed away Thursday morning of last week.

Margaretta Goheen was the daughter of Wm. and Catharine (Woods) Goheen, deceased (both having died suddenly about a year ago), and was born April 22, 1883, on the Goheen farm east of Boalsburg. She attended the public schools in Boalsburg, later entering Millersville Normal School. After graduation she engaged in teaching school until the time of her marriage to Edwin R. Tussey, on October 9th, 1918. Mr. and Mrs. Tussey began house keeping on the Tussey farm in Sinking Valley, where they lived until six years ago when they moved to Boalsburg.

Surviving the deceased are her husband, one son, Wm. G., aged 9; two daughters, Mary Helen, aged 8 years, and Catharine, 7; also, one brother, Matthew W. Goheen.

Mrs. Tussey was a member of the Presbyterian church, president of the Missionary Society, and taught the Young Ladies' Class in the Lutheran Sunday school.

Funeral services were held at her late home Saturday at 2 P. M., Rev. Kirkpatrick and Rev. W. K. Harnish officiating. Rev. and Mrs. Kirkpatrick sang several selections. Interment was made at Boalsburg.

Among the friends from out of town who attended the funeral were Dr. and Mrs. Thomas Glenn, of Bradford, Miss.; Cunningham, of Alexandria; John Tussey, of Oil City; Mr. and Mrs. Wallace, of Bellwood; Mr. and Mrs. Matthew Morrow, of Altoona; Rev. W. K. Harnish; and also a number of friends from Sinking Valley.

(By the Reporter's Boalsburg correspondent.)

MILLER—David W. Miller, a Civil War veteran, died at his home in Pine Grove Mills, early Sunday morning. Funeral services were held from the home on Wednesday morning and interment made at Pine Grove Mills. Services were conducted by Rev. Martin and Rev. Kirkpatrick. He was aged 83 years. Mrs. Miller, who before marriage was Miss Mary Ann Cooper, died a number of years ago, but two sons survive the deceased, namely: Samuel Cooper Miller, superintending principal of the Chester public schools, and John Gilliland Miller, now living retired in Pine Grove Mills.

The Miller family lived nearly all of their time on the Cooper homestead, near Pine Grove Mills. After leaving that village, Mr. Miller was appointed postmaster, and also applied to office through the voters of the Republican party.

When a youth of between fifteen and sixteen years, Mr. Miller enlisted as a member of Co. G, P. V., at Boalsburg. At the time Capt. McFarlane was raising a company. He was among the youngest members in the 148th Regiment. He was in a number of engagements and was wounded. The history of the 148th Regiment contains a very good account of his company, written by him.

HERB—John Abraham Herb, a retired farmer, died in Madisonburg, on Saturday, aged 69 years, 3 months and 1 day. He was a son of Joel and Mary (Brungart) Herb and was born in Clinton county. Funeral services were held and interment made in Mt. Bethel cemetery, east of Lamar, on Wednesday. The deceased is survived by a wife, but no children. He was a close relative of C. M. Kryder, of Centre Hall, who assisted in caring for him during his last illness.

LETTERS FROM SUBSCRIBERS

W. L. Royer Writes from No. Dakota. Taylor, N. D., Dec. 30, 1928. Smith & Bekey:

Your welcome paper reaches me every Saturday evening.

I don't think there is one State in the Union that will beat North Dakota if it improves the next twenty-two years as it did the past twenty-two. When I first came here, I rode out forty miles and passed only a few ranches. I saw Indians, coyotes, antelope and wild horses. Now if I was to pass over this same road I would see fine farms, houses, barns, telephone lines, graded roads, free delivery mail service, motor busses, trucks and tractors. Farming is done on a larger scale. I asked a big land-owner how much wheat he threshed this fall and he said 15,000 bushels, and would get 2,000 more from his renters. I asked him about his sheep and he told me he had 15,000 worth of wool and lambs. Besides this he had barley, oats, flax and corn. One man twenty miles north of here this fall sold over \$18,000 worth of fat cattle. There were no hogs raised to ship when I first came up here, but now it is a common thing to see a car load of hogs go south to St. Paul to Swift & Armour. When I first came up here I spoke of raising corn. The rancher told me, "This is no corn country." I bought some land and started to raise corn and hogs. Since I have raised as good corn as I did in Illinois. I can beat Illinois raising all kinds of grain and stock from horses to chickens.

With best wishes, I remain, Yours truly, W. L. ROYER.

[Note.—A paragraph of Mr. Royer's letter was omitted because it had been written with a pencil and had become unreadable.]

H. J. Lambert Tells of Storm's Damage in Florida.

Lakewood, Florida, Dec., 1928. Editor, Reporter:

Before leaving Centre Hall a short time ago, I promised I would tell you something about the storm upon reaching my home in Florida. Well, it is almost impossible to explain the conditions. Hundreds of homes are entirely gone; parts of the buildings were blown square from where they stood; large garages built of concrete blocks (like Homan's) only three times as large, are flat to the ground. The Ford place here was the largest and it is as flat as a garden. I am very lucky—a part of the roof of my house was blown off; all the screens are ruined and a few windows knocked in by flying limbs and wreckage from other places. I am about all fixed up again as good as ever. I just was over to Elmer Evey's place (Mr. Evey is from Lemont); well, his home is a complete wreck, completely upside down, and one of Mr. Reed's (from State College) places is not to be seen. Part of it is at least 200 yards from the foundation.

All you can hear now is the buzz of saws and hammers. They are rebuilding fast and more substantial than ever. This is a sight one will never forget.

The weather is just beautiful now, about like July in Centre Hall. We are all well here.

Very truly, H. J. LAMBERT.

Letter from Seattle, Wash.

Seattle, Wash., Dec. 20, 1928. Editor, Reporter:

Enclosed please find check for another year's subscription to your good paper. I believe your paper is more appreciated by those who have moved from Centre Hall and live in far-off parts of the country than by those nearer at home.

This is a wonderful part of our country; wonderful climate, beautiful scenery, etc. The laws are as green as in June, and flowers still blooming; mercury ranges from 35 degrees to 45 degrees; have had several frosts so far, having less rain than is usual at this season of the year.

With best wishes of the season, I am, Yours respectfully, J. K. HOSTERMANN.

Bank's First Dividend.

The Peoples National Bank, at State College, paid its first dividend—two per cent semi-annual—beginning of this year. The bank was organized in 1923, and during the first two years of its existence was operated at a loss. During the past three years under the administration of cashier C. H. Gould, the institution added to its assets over a half million dollars.

Officers in large measure responsible for the growth of the bank are President Marlon B. Meyer, vice-president B. F. Homan; chairman of the board of directors, R. A. Dutcher; and Cashier, C. H. Gould.

Penn State to Have Two New Buildings.

Contracts have been let for the erection of the west wing of a new three-story botany building and a mushroom experimental house as a part of the agricultural group of buildings at the Pennsylvania State College. The west wing unit of the botany building which will measure 58 by 93 feet, is to be of buff brick construction. It will house seven laboratories and recitation rooms, a photographic department, four specimen preparation rooms, seven offices, a large class room and a shop in the basement. The mushroom house will measure 12 by 20 feet and will be constructed of cinder block with insulated ceiling and earth floor.

The Centre Reporter, \$1.50 a year.

SOCCER LEAGUE RULES.

Suggested by "Bill" Jeffries at Meeting Held at Centre Hall—Girls to Be Given Place in League.

Minutes of special meeting called to make up a suggested list of rules for Centre County Interscholastic Soccer League:

Meeting was called to order in Centre Hall High school building, "Bill" Jeffries, Varsity soccer coach at Penn State, presented the large silver loving cup donated by the U. S. Football Association, to the Centre County I. A. A.

The following rules were suggested:

1. The ball used in all league games shall be of standard make.
2. All league games shall be refereed by a neutral official. Mr. Jeffries suggested that it will be possible to furnish varsity men from college for these games. The schools shall furnish transportation for referees.
3. A schedule for all teams contemplating playing will be drawn up at a meeting held April 1st, in the Court House, Bellefonte.

4. Rules—

A. All league games shall be played according to the U. S. F. A. rules. Mr. Jeffries has a large supply of these rules coming and will distribute them to all schools.

B. Grades: No boy with more than one below grade shall be allowed to take part in any league game. Each school shall check up on Monday before each game, and any boy who has more than one below grade, at that time, shall be kept out of any competition that week.

C. All league teams shall be made up entirely of 9th, 10th, 11th and 12th grade boys. An exception to this rule has been made as follows: Bellefonte and State College high schools are considering entering the league provided they can enter teams composed of 7th, 8th and 9th grade boys. It is of course understood that these two schools will compete with the other teams of the league on an equal basis.

D. The executive committee of the C. C. I. A. A., which shall take charge of the soccer league, shall be composed of one representative of each school, this representative to be either the principal or coach.

E. Each school winning the cup shall pay for the engraving on the same.

F. Any school winning the cup three years shall have permanent possession of the same. These need not be in succession.

G. Any game necessary to decide a tie between two teams of the league shall be played on a neutral field.

H. The point system shall be used in determining the winner of the league, as: Two points for the winning team and a point for each of the two teams in case of a tie.

I. Each representative to the April meeting shall have a list of special events to be held in connection with his school at which time he might want a game to be played.

J. Better publicity for the County Soccer League should be given.

It has been suggested that a league be started for Dodge Ball and Volley Ball for the girls to be played in conjunction with the boys' games. Consider these in your own situation and be prepared to vote on them at the April meeting.

The committee wishes you to go over these suggested rules very carefully and bring with you to the meeting in April any changes or additions you would like to offer.

Meter Readers Attired in New Uniforms

In line with the practice of the most progressive power companies throughout the country the meter readers of the West Penn Power Company are now attired in new uniforms.

With the meter readers in this distinctive uniform there is no question as to their identity and appreciably better service will be rendered the customers.

The uniform consists of dark gray whipcord coat and trousers, gray flannel shirt, black leather puttees, leather overcoat and a cap, matching the coat and trousers, carrying the company badge.

It is the hope of the company that the people in this district will approach the meter readers with any questions bearing on electrical service. The reader will gladly furnish or procure the desired information.

Crippled Children's Clinic.

The sixteenth Crippled Children's clinic will be held at the Phillipsburg State hospital today (Thursday). The program as usual will be given over to corrective operative work, while the afternoon will be devoted to changing dress and examining new patients.

To date there have been 210 children examined at these clinics. The clinics have been held regularly every six weeks but owing to the Christmas holidays the interval between the last two clinics was lengthened by two weeks.

The Centre-Clearfield Society for Crippled Children, should be able to give a very good account of the work accomplished when its officers are called upon for a report at the annual meeting of the Pennsylvania State Society for Crippled Children, which will be held at the Penn Harris hotel, at Harrisburg, January 17 and 18. These meetings are attended by busy men and women from the service clubs of the various parts of the State and they always serve to send out enthusiastic workers for the crippled children's work.

TOWN AND COUNTY NEWS

HAPPENINGS OF LOCAL INTEREST FROM ALL PARTS.

J. Roy Schaeffer is bidding for automobile, workmen's compensation and fire insurance, in an adv. in this issue.

Mrs. Clyde E. Bradford was called to Wilkesburg a week ago on account of the illness of her daughter, Mrs. C. A. Bauer, who since has recovered.

John F. Hosterman was a caller here on business on his way to Bellefonte with Grover Walker. Both the gentlemen are farmers and live near Spring Mills.

Miss Gretchen Weedham, of Lock Haven, is the nurse who is in charge of the son born recently to Mr. and Mrs. Frank White. The boy has been named Franklin Harold.

Among the enlistments at the U. S. Army recruiting office at Williamsport during the past two weeks, was Carl Lingie, of Spring Mills, who enlisted in the Ordnance department to be stationed at Panama.

The J. F. Reber & Co., Lewisburg plumbers, who installed a number of heating plants here during the past five years, was sold to Thomas Shannon, for more than ten years the head mechanic of the firm.

Mr. and Mrs. W. A. Alexander visited their son, Harold O. Alexander, at Wiconah, N. J., and daughter, Miss Margaret Alexander, in training in the school for nurses in the University Hospital, Philadelphia, for two weeks or more.

William D. Reber, son of Mrs. Delta Reber, of town, a few days ago returned from the Panama Canal Zone, where he served with the 63rd Service Squadron, France Field, for several years. His enlistment has expired and he is not certain whether or not he will return.

After twenty-five years experience in the Millheim hosiery mills, C. G. Haseganger has resigned as its manager to take a position in a mill at Millroy and is now in Philadelphia undergoing training for that purpose. The Millheim mill is now under the management of Windom C. Gramley and R. W. Thompson.

After spending the holiday season at their home here, Mr. and Mrs. A. E. Kerlin returned to St. Petersburg, Florida, where they expect to remain for the remainder of the winter. Mrs. Kerlin who was not in the best of health on coming north in December, has improved under the direction of her physician.

Master Donald Goodhart attained the "venerable" age of ten years last week, and in order that the occasion might be fittingly celebrated, his mother, Mrs. J. C. Goodhart, killed the biggest and fattest hen in the flock, baked a cake and made a freezer of ice cream, all of which ten boys—chums of Donald—devoured with glee at a supper to which they had been invited.

The trend of road building will be toward constructing wider highways in addition to more new highways. For the past twenty years the good roads building movement has been an outstanding development of our national life. Highways passed rapidly from the luxury age to where they were necessities and today the community without sufficient paved roads is almost foredoomed to economic and social inertia.

Mrs. B. S. Dunham, better known as Miss Beese Weber, of New West Brighton, New York, a New York City suburban town, arrived here Monday morning and since has been a guest of her parents, Mr. and Mrs. John H. Weber, in town. She is looking fine and in splendid spirits. Her two sons, both of whom are approaching the 6-foot line, are in school and are giving much attention to sports indulged in by students these days.

The first real dash of winter came along Monday morning, with the thermometer registering fifteen above but the strong wind made it feel as though zero weather was on. Saturday afternoon rain began falling. The roads were soon covered with a thin coating of ice, making automobile driving hazardous. About 7:00 o'clock the rain became warmer and cut up the ice. The rain fall during the night was considerable, and very welcome.

Lewisburg lodge No. 36 I. O. O. F., was left a legacy of \$22,706.20 by a deceased member, Aaron Bickel, of Milton. Mr. Bickel was long a member of the organization and left his whole estate in his lodge with the exception of \$4000 in trust to care for his burial lot in White Deer cemetery. The lodge has real estate worth \$50,000, but had an indebtedness of \$20,000. This was paid, and a portion of the remainder of the fund will be used to improve the social rooms of the 273 members.

Mr. and Mrs. Paul W. Huprich, of Akron, Ohio, were among relatives and friends about here for a week, returning to their Ohio home the latter part of last week. Mrs. Huprich, daughter of Mr. and Mrs. D. C. Robb, of Boalsburg, where the greater part of their visit was spent. She is a Centre Hall High school graduate, and her marriage, which took place in Ohio last September, was not generally known hereabouts. Mr. Huprich is a young man of most pleasing personality. At the present time he is a special representative for Armour & Co., the large packing concern, but has a chance of a merited promotion to that of assistant manager in his district by April 1st.
