

LOCAL AND PERSONAL.

Bell, the Lewistown gun dealer, was in town on Tuesday.

Three inches of snow fell Tuesday afternoon which was the greatest of the winter season to date.

Solomon Columbus, the Millheim junk dealer, who had gone to Cleveland for treatment, died in that city a few days ago.

What's the matter with the match-makers? No marriage licenses were issued from Register Rossman's bureau this week.

Mr. and Mrs. William Seckinger, on Tuesday, moved from Centre Hall to State College. Mr. Seckinger took over the plumbing business of Mr. Taylor at that place.

Mrs. C. H. Meyer, of Reedsville, returned from New York City where she had been at the home of her daughter, Mrs. Harold Butler, and family, for three weeks.

Mrs. M. E. Coldron returned from Geisinger Memorial Hospital at Danville, on Monday, where she underwent an operation for appendicitis. Her physical condition is excellent.

The association of school board secretaries will hold its State convention in Harrisburg, Tuesday, February 5th. The school code permits secretaries to attend and be reimbursed.

Fred B. Heady, clerk to the board of county commissioners, is back to work in the office after an absence of some weeks, during much of which time he was in a Baltimore hospital.

Vernon Godshall, of town, with five other boys, all students at the Gregg Township Vocational School, are attending the State Farm Products Show at Harrisburg, representing their school in competition with others in the State.

The Steubenville Automobile Club at a recent meeting elected Guy W. Jacobs its president. Mr. Jacobs, who was formerly from here, is a prominent clubman and former president of the Chamber of Commerce of that Ohio town.

Among the exhibitors from this section at the State Farm Products Show at Harrisburg, this week, is H. Ellis Hennigh, of near Spring Mills, who has entered several pens of his fine White Rock chickens.

Mr. and Mrs. George H. McCormick, the former's mother, Mrs. Laura McCormick, and Mr. and Mrs. F. P. Palmer, all of Potters Mills, attended the funeral of D. R. McClintock, in Tyrone, on Tuesday. An account of the death appears in this issue.

Mrs. C. F. Emery, of town, for several days at the home of her daughter, Mrs. R. R. Finkle, at Millburg, returning home on Saturday. The chief attraction at the Finkle home at this time is a little daughter, named Dorothy Ann.

M. E. Coldron, proprietor of the Nuttany Mountain Coffee Shoppe, wishes the Reporter to express his gratitude to friends who came to his assistance at the time of the fire at his business place last Wednesday morning, and especially to Messrs. Homan and Booser, who furnished the chemicals.

Mrs. Hazen, wife of Rev. Collins E. Hazen, pastor of the East Main Street Methodist church, Lock Haven, has suffered a complete breakdown and is ill at her home in that city. Mrs. Hazen is well known here, her husband having been pastor of the Methodist church in the valley, immediately prior to going to Lock Haven a few months ago.

Among the Reporter's callers on Monday was S. H. Creighton, of Millheim, field manager for the Dairyman's League Co-operative Association, Inc. His field covers the producing sections of the plants at Spring Mills, Millburg and Mill Hill. Mr. Creighton emphasized strongly that the impression that the plants named above were operated by a large and well-known milk concern other than the Dairyman's League was an error.

The "Willing Workers," a class in the Sunday school of the Reformed church, was entertained at the home of their teacher, Mrs. F. M. Fisher, on Monday evening. A program and refreshments were the order of the evening. The class has a membership of ten, all of whom were present except the last named: Hazel Lutz, Margaret Bradford, Sarah Odenkirk, Adaline Dingus, Isabel Bradford, Marvin Ishler, Robert Bradford, Alfred Reish, Marion Treaster, Catharine Runkle.

Clayton H. Homan narrowly escaped being overcome with monoxide gas while working in his place of business one day last week. He was building a generator for the Kerlin poultry plant to be used in cases of emergency. The precaution was taken to lead the exhaust pipe out of the building, but it appears there was an unobserved leak. When Mr. Homan discovered he was being gassed, he had yet enough strength and presence of mind to crawl to an outer door and open it.

In rounding the curve in the road leading from Tusseyville to Boalsburg, in the vicinity of Tussey Sink, on Sunday afternoon, John Schaeffer, son of J. Roy Schaeffer, of Old Fort, had the misfortune to have his Star coupe upset, with the result that both right wheels were broken. He was accompanied by two boy companions. None of the occupants was hurt. The driver's father was notified of the accident and he hurried to the scene and made arrangements for towing the machine to a garage.

Boalsburg I. O. O. F. 54th Anniversary.
Invitations are being sent out by the Boalsburg Lodge No. 894, I. O. O. F., to the celebration of the 54th anniversary of the lodge to be held on Thursday evening, January 31st. The lodge is one of the active ones in the county, and consequently a delightful evening is looked forward to by all who are fortunate to receive an invitation to the affair.

KIWANIS MEETS TUESDAY.

Live Wires Meet in Weekly Session—Rev. Schmidt, Judge Chase Among Visitors.

Kiwanis, as usual, had a live-wire meeting at the Brockerhoff House, Tuesday noon. Among the visitors was a former Bellefonte Kiwanian, Rev. Schmidt, who was cordially welcomed. Other visitors were Dr. Ham, and Mr. Budweiser, of State College. Kiwanian Judge Chase, of Clearfield, was introduced. Judge Fleming was absent, attending the funeral of an aunt in Williamsport.

The attendance committee put out a set of query blanks asking for suggestions to further attendance and also to keep up the class of entertainment of the club; their report will be given next meeting. Chairman of the program committee, George Bush, announced that next meeting Kiwanian Rev. Thena would deliver his fine service club address on "Faith," and that Major Lynn Adams, the head of the State Police, will deliver the address for Feb. 5th. The first ladies' night will be held Tuesday night, March 19, and will be in charge of the first quarter members of the club.

Several very commendatory letters were read from the State and National officers on the fine standing and work of the Bellefonte Kiwanis that has made itself known all over the State.

The chairman of all the committees and the board of directors will hold a meeting the first Thursday in February at the Brockerhoff House, in the evening. A new committee, called the Industrial Committee, was appointed. It includes active men of the club, with Jesse Stutzman as chairman, whose purpose is to assist in bringing about more industries for the community and work in conjunction with the Chamber of Commerce and Associated Business Men. They will hold their first meeting at the Bush House on next Thursday.

Miss Noll, the new Red Cross nurse, was present and introduced by President Walker and the members were invited to meet her at the conclusion of the lunch. Kiwanian Kennedy Johnston was then introduced as the speaker of the day. It was on anniversary day of the founding of Kiwanis fifteen years ago in the city of Detroit. Among other things mentioned were that two of the International Presidents had come from Canada and nine from the U. S. representing all parts of the country. The motto of the order "We Build," he said, he would change to "We Build the Builders;" that if all Kiwanians would live up to the principles of Kiwanis, all would be better men. He reviewed some of the fine talks of the year and their great teachings and lessons. Stated that the club had done wonders to bring our men together and learn to know each other, and accomplished much in bringing a closer feeling of comradeship between the country and the town people. ***

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping." Nujol is different from any other substance. It can be taken safely no matter how you are feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

Dental Clinic Now On.

All monies received from the sale of Christmas Health Seals will be retained and spent in the community for the benefit of the school children. The local dentist, Dr. H. R. White, will clean their teeth and chart all decayed ones. The work in Grade I began Tuesday and will continue until all schools shall have received the benefit of the dental service under the plan.
