Says  
Mr. Powell:  
(Now His Health is Restored)

"I AM a circus clown and about two years ago began to have severe attacks of indigestion—I thought I would have to give up. I lost weight and my appetite was bad." [Anyone who has suffered attacks of indigestion can understand just how Mr. Powell felt.] "A friend told me about PE-RU-NA, so I bought a bottle and started taking it. I have now taken three bottles. My health is restored and my work a pleasure." [For over 50 years, PE-RU-NA has been the key to a renewed health and vitality for hundreds of thousands.] "An earnest desire to help others prompts me to make this statement." [Signed: Albert Powell, Louisville, Ky.] [A PE-RU-NA user is always a PE-RU-NA friend—thousands recommend it to others. All druggists have it; get a bottle today.]

### The Bait

Between the halves of the U. S. C. Wildcat game, two fair co-eds were discussing one of the Trojan players. "Why don't you set your cap for him, if you like him so well?" asked one.

"Both my knee caps have been set for him for a long time," gurgled the other, pointing demurely at her dimpled tempters.—Los Angeles Times.

### Mrs. Bell Tells Her Friends of Her Narrow Escape

"Something over a year ago I had the flu, which left me with a very bad cough which kept getting worse all the time, until I could not lie down at night. If I attempted to lie down I would cough all night and choke up so I would have to sit up in bed. This continued until I got so weak I could not walk across the floor, and every night I thought would be my last. I became so thin that my hands would meet around my legs. My doctor said that my lungs were affected and I was in a desperate condition. "Finally I read about Milks Emulsion and started to use it. I have now taken it about three months and I am entirely recovered. My cough is gone and I have taken on flesh and strength, and I thank God that I found Milks Emulsion.

"I have spread the good news among all my friends and there are five of my immediate neighbors taking it, and they all say it has done them so much good. Yours truly, MRS. K. BELLS, 1640 Bergen St., Brooklyn, N. Y."

## Have Kidneys Examined By Your Doctor

Take Salts to Wash Kidneys if Back Pains You or Bladder Bothers

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which most paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink.

## NEWS REVIEW OF CURRENT EVENTS

### Hoover Spends Week in the Capital Conferring and Building a Cabinet.

By EDWARD W. PICKARD

PRESIDENT-ELECT HOOVER spent the week in Washington conferring with President Coolidge, Secretary of the Treasury Mellon and others prominent in the Republican party. Besides discussing German reparations, farm relief, an extra session of congress and other problems, he was presumably selecting at least some of the ten members of his cabinet. But he was firm in his determination not to make public any results of his conferences and cogitations. Washington correspondents were compelled to guess, and they did a lot of guessing.

As to the new cabinet, the guessers were almost unanimous in the belief that Mr. Mellon would retain the treasury portfolio. It was said this was settled even before the election. Soon after his arrival Mr. Hoover had luncheon and a long talk with the financier, probably concerning the European project to liquidate German reparations and the war debts owed the United States. The scaling down of those debts to America was formerly a matter on which Hoover and Mellon were in sharp disagreement. The deep interest Mr. Hoover displays in Latin-America intensifies the belief that his secretary of state will be Ambassador Dwight W. Morrow, who has done such excellent work in re-establishing amicable relations with Mexico. For the same reason some of the correspondents think Mr. Hoover will select for secretary of commerce Dr. Julius Klein, who, as chief of the bureau of foreign and domestic commerce, helped greatly the expansion of American trade with Latin-America.

That the southern border states will be given representation in the cabinet is taken for granted, and one of the most conspicuous candidates is Mrs. A. T. Hert of Kentucky, a vice chairman of the Republican national committee. She wants the place of secretary of the interior, and last week several Republican congressmen from Kentucky urged Mr. Hoover to give her that place or make her postmaster general. No woman has ever been a member of an American cabinet. The interior department portfolio also was asked for Bascom Slemple of Virginia. William J. Donovan's claims on an appointment are strong and it was thought he might be made either attorney general or, more likely, secretary of war. One of Mr. Hoover's callers was Senator Smith W. Brookhart of Iowa and it was his purpose to warn the President-Elect that the Republican radicals in the senate would make a bitter fight against confirmation of either Mr. Mellon or Mr. Donovan. Semi-officially it was stated Mr. Hoover did not expect to complete his cabinet until just before his inauguration. He was soon to go to Miami Beach for a rest, intending to return to Washington by February 15 to continue that job. This plan will make his projected visits to Cuba, Haiti, Porto Rico and Mexico City rather hurried.

Representatives of agricultural states told the President-Elect they would rather have an extra session for the handling of farm relief legislation. They think a more satisfactory bill may be passed under Hoover than under Coolidge, and they would rather have the former appoint the federal farm board. The Pennsylvania delegation in congress wants the extra session also to take up the matter of tariff revision upward.

DEBATE on the ratification of the Kellogg anti-war treaty brought out a lot of oratory in the senate, the most persistent speakers being those demanding reservations and interpretive statements. Pacifists were given credit for delaying action on the treaty, their idea being that this would help them in defeating the 15-cruiser naval bill. Senator Borah was confident that there were enough

votes for the treaty without reservation or interpretation. In the house right-of-way under special rule was given the bill for re-appointment of the house membership on the basis of the 1930 census. The measure, which is sponsored by Chairman Fenn of the census committee, would divide the representatives by the major fraction plan, which would result in the loss of about twenty-three representatives by some states and an equal gain by others, particularly those in the Middle and Far West, where the population has greatly increased since 1910, the last time an apportionment was made on the basis of a population of 91,641,197.

MICHIGAN'S "life for a pint" law and the plight of its latest victim, Mrs. Etta Mae Miller, stirred up a lively clash in the house. During the debate, precipitated by a dry defender of the Michigan code, wets seized the opportunity to compare the alleged past record of Mrs. Miller with the "moral lapses" of Sebastian S. Kresge, millionaire chain store owner and a chief contributor to the Anti-Saloon league.

The same day Senator Harris of Georgia offered an amendment to the deficiency appropriation bill adding \$50,000,000 for prohibition enforcement, and he said if this was defeated he would submit a similar rider to every appropriation bill brought to the senate.

In Ottawa, Canada, a conference on liquor smuggling was being held by delegates from the United States and the Dominion, and the former didn't do so well. They tried to persuade the Canadians to refuse papers to vessels seeking to clear for United States ports with liquor cargoes, but the reply of the Canucks was in effect an inquiry why the United States could not arrange her own laws to handle the problem instead of asking aid from another country. They also quoted former American prohibition officials as saying that liquor smuggled from Canada formed only a small portion of the total amount consumed in the country, and implied, in effect, "Why all the excitement about this small source?"

ALL records for sustained flight in an aircraft of any description were smashed by the army's big trimotored plane Question Mark over southern California. Manned by Maj. Carl Spatz, Capt. Ira Eaker, Lieut. H. A. Halverson and E. R. Quesada and Sergt. Roy Hoce, the plane was refueled in the air 36 times and flew for 150 hours, 40 minutes and 15 seconds before trouble with two of its motors forced it to a landing at the starting point on the Los Angeles air field. The practicability of refueling of airplanes while en route was demonstrated, and this was said by the army air officers to be the major purpose of the flight. The members of the crew were supplied with food by the fuel planes and came out of the ordeal in excellent physical condition.

Air mail and passenger service between the United States and the West Indies was inaugurated last week by the Pan-American Airways, Inc., operating company for the Aviation Corporation of the Americas. The trimotored plane Havana was first on the route, with distinguished passengers, including Miss Amelia Earhart. At Havana its mail was transferred to another plane which took off for Santiago de Cuba en route to Porto Rico. About the same time the service was started from Porto Rico.

Igor Sikorsky, famous Russian airplane constructor, told in London of the plan of himself and others to establish a 48-hour air service across the Atlantic ocean, which will be worked with the aid of four artificial islands to be anchored in the Atlantic.

QUARRELS between the Croats and the Serbs in the kingdom of Yugo-Slavia have resulted in the addition of another dictatorship to the growing list in Europe. King Alexander, declaring that the parliamentary system had failed completely, abrogated the constitution and dissolved parliament, the land assemblies and municipal councils, and assumed absolute power himself, with Gen. Peter Zivkovic, commander of the royal bodyguards, as his premier. The Croats were at first pleased by the coup, and the Serb politicians were

correspondingly depressed. Later, when it appeared that the military dictatorship would be long lived, none of them liked it so well. The king first clamped on a strict censorship; next he issued an entire new set of laws, completely changing the Yugo-Slavian jurisprudence, and then he issued a proclamation forbidding all public assemblage in the kingdom. Italy and Great Britain are intensely interested in these developments, and it is said the British government is far from satisfied with Alexander's action.

WHITE RUSSIANS everywhere were in mourning for Grand Duke Nicholas, chief claimant to the throne, who died in Cannes, France. He was a cousin of the late Czar Nicholas II and in the World war made a reputation as a great military commander. His nephew, Grand Duke Cyril, has now become the head of the Russian imperialists.

WORK of the Pan-American conciliation congress in Washington culminated in the signing of compulsory arbitration and conciliation treaties by representatives of the United States and nineteen Latin American nations. The arbitration treaty provides for obligatory arbitration of all juridical questions that has not been possible to adjust by diplomacy. The conciliation treaty provides for conciliation of all disputes arising between the signatory nations which cannot be settled by diplomacy. All nations are bound to submit their disputes to conciliation but are not bound by the decisions rendered. Permanent commissions are established and obligated to attempt to mediate disputes before they reach the dangerous stage. Under this treaty no contracting country can go to war for 18 months without violating the pact.

Secretary of State Kellogg announced the appointment of Brig. Gen. Frank R. McCoy as American member of the conciliation commission which will attempt to mediate the differences between Bolivia and Paraguay.

IF HOSTILITIES do not break out between China and Japan it will not be the fault of the Japanese. The latest trouble is in Hankow. A Chinaman was killed there by a motor cycle operated by a Japanese marine, and the Japanese consul refused to pay the compensation demanded. An anti-Japanese society picketed the Japanese concession, practically isolating it, and the reply of Japan was the landing of a strong force of marines in Hankow. Chinese Nationalist officials filed protests and warned Japan of the danger of serious results, and the Nanking government sent a navy squadron into Tsingtao harbor, which is occupied by the Japanese navy.

AT THE inaugural ball in Hartford marking the social beginning of the third term of Gov. John H. Trumbull of Connecticut, John Coolidge, son of the President, appeared in the resplendent uniform of a major, having just been appointed an officer on the governor's staff. Major John and Miss Trumbull, his fiancée, helped Governor and Mrs. Trumbull lead the grand march.

TEX RICKARD, greatest of American sport promoters, died in a hospital in Miami Beach of complications that set in after an operation for the removal of his appendix. His body was taken to New York and lay in state in the New Madison Square Garden which he built, and many thousands of genuine mourners passed before his bier. The funeral ceremony was held in the Garden in the presence of 10,000 persons, among them being prominent sportsmen and celebrities in other walks of life.

Another noteworthy death of the week was that of Benjamin Duke, principal figure in the American tobacco industry.

THE high council of the Salvation Army, meeting in Sunbury, England, adopted a resolution asking Gen. Bramwell Booth, leader of the Army for the last 16 years, to retire from that post because of the condition of his health. At the same time it was made clear that in retirement he would retain his title of general and continue to enjoy the honor and dignities attached to it.

# ATWATER KENT RADIO

"I know that man— that is exactly the way he talks"

SHE was listening to a demonstration of an Atwater Kent. Turning the FULL-VISION Dial from one station to another, suddenly she heard the voice of a friend she had not seen for years. She listened eagerly. It was "exactly the way he talked."

"I'll take the set," she said. "This radio tells the truth."

Anyone can convince himself that Atwater Kent receivers and speakers do give faithful reproduction. Listen to an orchestra and pick out the individual instruments. Each has its own character—its own identity.

Turn to a male quartet, a piano solo, a radio drama with all the varying voices and inflections—or to the President when he speaks. Every sound is true to the original. That is the standard of Atwater Kent performance.

Atwater Kent gives it to you for less money. Less money because Atwater Kent Radio is manufactured in great quantities, making economies of production possible. Yet this huge output does not affect quality in the slightest. For every set, besides being made of the finest materials, has to pass 222 tests or inspections in the course of manufacture.

Turn the FULL-VISION Dial and listen to "the radio that tells the truth."

The fifth-grade children were rehearsing a Christmas play, and one of the boys objected to the part that had been assigned to him, although it had only a few lines and a gorgeous costume. Being pressed for his reasons for objecting, he finally muttered: "Heck, all the other kids get to eat candy and nuts in the feast, and I am not in that scene!"

### Sign Language Weddings

The first double wedding of its kind was celebrated at Allentown, Pa., when four deaf mutes were married. The officiating clergyman was assisted by Edward W. Karcher, a senior at the Lutheran seminary at Mount Airy, who one his graduation and ordination will become the first deaf and dumb Lutheran pastor in the United States. All questions and responses at the wedding were in the sign language.

## Pay Roll Simple in Italian Rice Fields

A customary preliminary to harvest time, which begins in early September in Italy's rice-growing center surrounding the city of Alessandria, in the Piedmont, is that the farmers and peasants arrange for wages and other labor matters. Last year the respective syndicates of workers and growers reached an agreement based on "compensation by nature" or emolument in kind. No money to the worker; he shall be paid with rice.

Thus peasant lads from fourteen to fifteen years of age receive 17½ pounds of rice a day, those from fifteen to sixteen earn 23 pounds a day, and boys from sixteen to seventeen years get 35 pounds. Girls from fifteen to sixteen earn 20 pounds of rice for the eight-hour day, while the women's stipend is 26½ pounds.

Should a laborer insist on cold cash, the grower will be troubled with the necessity of utilizing his arithmetic. For he must take the number of pounds the worker is entitled to and multiply it by the current market price, which is about 3 cents a pound.
