FARM CALENDAR.

Timely Reminders from The Pennsylvanta State College.

PREPARE FLOWER SUPPORTS-A number of perennials and other plants require staking. Chief among thse are dahlias, companulas, certain phloxes, asters, chrysanthemums, and gypsophylla. These stakes are most They should be prepared now for use

ORDER NEW BEES NOW-Package auct. bees are used to increase the population of existing apiaries or to start FRIDAY. MARCH 29, at 12:00 o'clock new ones. Order now for delivery in at Jodon sales stable, Pleasant Gap, late April.

SANITATION LOWERS MORTAL- and some cows .- E. M. Smith, auct. ITY-Reports from 117 farmers who brooded 79,000 chicks under a definite Russell Brungart, at Potters Mills, sanitation program last year showed will sell full line of household goods. an average low loss of 15 per cent E. M. Smith, auct. Troughout the growing season. This program included the following clean practices: clean chicks, clean brooder house, clean litter, clean feed, clean management, and clean ground, say State College poultry specialists.

MAKE BARN CONVENIENT-Now is a good time to study the arrangement in the dairy stable. Often changes can be made that will lessen labor and increase the comfort of the cows How about installing drinking cups in the stalls? Many who have put them in say that the increased milk during one winter paid all the cost.

PREPARE FOR EARLY VEGE-TABLES-The hotbed and coldframes sash should be repaired and the frames put in condition for use. Put the glass on the frams, and as soon as the soil thaws and dries sufficiently to be worked easily sow cabbage, lettuce and

other cool weather crops. INCREASE WOODLOT VALUE-TO secure the greatest returns the woodlot lot must be protected from fire and grazing animals, and a sound system of improvement cutting adopted. Cutting is the only practical method for the stimulation of growth of this type of crop. When the proper practices are put into effect, the timbered part of the farm becomes an asset.
