

LOCAL AND PERSONAL.

Dr. P. H. Dale, of State College, is driving a new Buick car.

V. A. Auman was laid up for a part of last week on account of a felon on his hand.

It was twenty years on Sunday since Merchant C. F. Emery located in Centre Hall.

Quitting parties were held last week at the homes of Mrs. C. M. Emery, Mrs. Helen Bitner and Mrs. H. L. Ebricht.

Ira Auman, of Potters Mills, was a caller here on last press day and was interested in the mechanical feature of publishing a newspaper.

The Men's Bible class of the Lutheran church will be entertained this (Thursday) evening at the home of Perry H. Luse, a member of the organization.

W. L. Jacobs and sister, Mrs. Margaret Jacobs, spent Wednesday night with the family of Jerry Miller, at DuBois. The Millers were former residents of Centre Hall.

Mr. and Mrs. Charles Homan and three little daughters, of Pine Grove Mills, were recent visitors to the home of the former's brother, William H. Homan, in town.

Tuesday was a characteristic March day—one of the very, very bad ones. Rain and snow and blow, all day long and into the night. By 9 o'clock, when the snow fall ceased, about five inches had fallen.

Mrs. Jacob Sharer was the only representative from this section to attend the Hoover inaugural, reported to this office. She went to Lock Haven and from there was accompanied by Mrs. Harry Chapam.

Mr. and Mrs. C. A. Spyster, the latter part of last week, returned from Marklesburg, where they visited Mrs. Spyster's father, S. W. Allison, who had been quite ill, but was somewhat improved when they left his home. Mr. Allison has been afflicted seriously with rheumatism and neuritis.

Mrs. Reish, wife of Prof. William H. Reish, an instructor at Penn State, is ill with scarlet fever, but is improving. Her eldest daughter, Ruth, eight years old, who first contracted the disease, has fully recovered. The Reish family is one of a large number of families in the college town to be afflicted with the dreaded fever.

Mr. and Mrs. Lawrence E. Runkle, now residents of Lewistown, were in town on Saturday to arrange for holding public sale of their personal property and real estate, in Centre Hall, on Tuesday, March 26th. Mr. Runkle has obtained steady employment in the Mifflin county capital, and has fully decided to make that place his future home.

A few minutes after one o'clock, Monday afternoon, President Hoover's inaugural address was broadcast over the United States through the medium of the radio. Uptown section of Centre Hall heard Mr. Hoover's voice through a powerful set placed on the front porch of his home by Warren A. Homan, the garageman and radio dealer.

Two car loads of potatoes were shipped from here the latter part of last week, and another car of tubers will go out the present week. Harry H. Decker, the local potato wizzard, shipped a car of his own production, and John M. Blausser, acting for a Baltimore party, shipped the second car, and it is he who is preparing to ship again this week.

Robert E. Meeker, who underwent a serious operation in the Johns-Hopkins Hospital, Baltimore, was brought to his home near Centre Hall on Saturday by his brother, Lawrence Meeker, who resides in Baltimore. Mr. Meeker's splendid physical condition stood him in good stead for the ordeal and caused his return home at a far earlier date than would otherwise have been possible.

A husky Baltimore firm sent the Reporter a letter on Monday which indicates the concern is not using all its guts in the manufacture of its product. They hold enough out to ask country weeklies to tell the farmers in their respective localities about a big spread to appear in the leading farm papers throughout the country, and close by "we earnestly solicit your co-operation."

The Buffalo Valley Cow Testing Association, in Union county, has the distinction of being at the head of the list of cow testing associations in the State in average production. The average was based on herds of five cows or more. One herd of less than five cows produced 445.3 lbs. butterfat. Six herds produced over 400 lbs. butterfat, eight herds between 350 and 399 lbs., and nine herds between 300 and 349 lbs. butterfat.

Mrs. S. F. Greenhoe, Mrs. A. M. Reigel and Mrs. H. L. Ebricht attended a missionary conference at Salona, on Saturday. C. E. Flink drove the car for the ladies, and while waiting on his fares heard the pitiful yaps of a dog coming from a nearby stable. Investigation proved the dog was chained and had maneuvered about until he found himself suspended in mid-air. Upon being released the dog showed gratitude by a kindly bark. Some time later Mr. Flink re-entered the building because of the dog's continued yelps with the conclusion that he was simply continuing his celebration.

Farmers selling milk to State College patrons in the future will be required to have their product tested for bacteria content in order to check the slight epidemic of scarlet fever, according to the borough Board of Health, which met last week. Dr. H. B. Wood, of the State department of health at Harrisburg, was present at the meeting and considered with the members ways of safeguarding the town's health. It was also decided to require all milk trucks to display the dealer's license where it could readily be seen. Thirty-three cases of scarlet fever have been reported to the State College health board.

\$39,000,000 SUIT FOR ASTOR ESTATE AGAIN STARTED

Ancient Trust Is Alleged by Descendants of Old-Time Trapper.

For the second time in two years, and with the intent to fight this time for the \$39,000,000 to the bitter end, descendants of John Nicholas Emerick filed suit in the U. S. District Court a short time ago for an accounting of the fortune of the late John Jacob Astor, Jr.

Emerick was the partner of the first Astor in Revolutionary days and, it is contended, died leaving two-thirds of the combined Astor-Emerick fortune to his heirs-in-law, who never collected.

The previous suit was thrown out on a technicality, when the suit parties failed to establish their blood-kinship to pioneer Emerick, who died in 1816. In this suit others of the Emerick clan came to court with genealogical tables, fully proved.

Four members of the Thomas I. Ashley family, of Baltimore, advanced their claim, with the following family tree:

John Nicholas Emerick (dd. 1816); Ann Emerick, sister of John, married David Ashley on November 7, 1781; Ann and David had Isalah Ashley (dd. 1856); Isalah had five children, notably Thomas Roth Ashley (dd. 1906); Thomas Roth Ashley had Wm. Isaac Ashley (dd. 1921); Wm. Isaac had the four plaintiffs of today, to wit: Thomas L. Wm. O., Owen G. Ashley and Mrs. Thelma Ashley-Prince, who sued "in behalf of themselves and the association of heirs of John Emerick."

The momentous suit, if now it clears the obstacles of blood proof, will require a redistribution of the Astor estate comprising huge blocks of Manhattan

real estate, sweep of Pennsylvania coal property, railroads and in general the huge wealth sources which keep the present Astors in luxury and hold them at the apex of both the American and English social pyramid.

Vincent Astor, Charles A. Peabody, Jr., and the Farmers' Loan and Trust Company, are named defendants. At the last St. Louis gathering of the "Emerick Heirs Association" nearly 2,000 would-be sharers in the Astor wealth were counted.

CITIZENS' MILITARY TRAINING CAMPS BIGGER AND BETTER

Young men between the ages of 17 and 31 years may go to the Citizens' Military Training Camp from July 6th to August 4, with all expenses paid by the United States Government. Here is your chance for a pleasant and helpful month's outing as the guest of Uncle Sam. The finest type of young men are your associates, good wholesome food, all kinds of sports. Learn to take care of yourself away from home, learn self-confidence and the responsibilities of citizenship, how to shoot, drill, ride; see the country and improve yourself in every way. Read what this chap had to say about his month in camp last year:

"I am glad to say that the month I spent in camp was the most enjoyable and profitable vacation I have ever had. I gained four pounds and all surplus fat changed to muscle, which was much better. I also gained one inch in chest expansion. As for the food, it was the best ever. I met some of the finest fellows there and certainly enjoyed drill. I was up every morning before reveille and felt good all the time. I went on several sight-seeing tours and saw the most interest-

ing sights it is possible to see in America. If it is at all possible to go to camp next year, you bet I am going. I especially enjoyed the rifle range work and learned things about shooting I never knew before. If anybody asks me anything about the C. M. T. C. I will give it my heartiest recommendations." (Signed) Edwin Getzinger, 11 Carlton Ave., Punxsutawney, Pa.

Only a certain allotment of candidates are permitted to attend camp from each county, so if you are interested in getting an assignment this summer, consult one of the parties named below:

Chairman, John B. Payne, Bellefonte; NEW ADVERTISEMENTS.

Plenty of Applesauce

Nobody gets any fun out of buying a tire, but every once in a while, it has to be done.

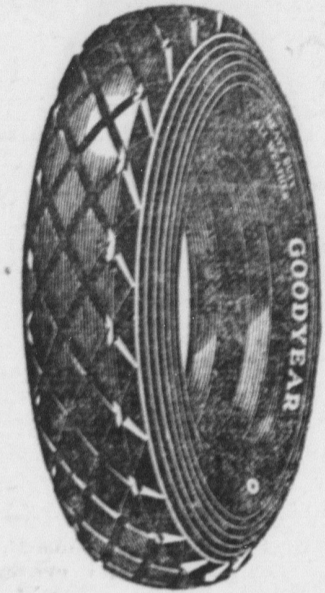

If you have a sense of humor (and lots of people do) you can get a big laugh out of buying a tire.

Just start in this town, or any other town for that matter, and try to buy a tire. We'll promise you several hours of genuine entertainment.

Everyone claims to have the best. They can't all be right—but watch 'em do their stuff. Immense! Cut prices, discounts, deals, introductory offers, special sales, direct-to-consumer, "below cost" and lots of other applesauce.

But—you can cut through baffling claims and alluring offers by remembering this simple fact—the most outstanding fact in the tire business:

MORE PEOPLE RIDE ON GOODYEAR TIRES THAN ON ANY OTHER KIND.

Keep that simple statement about Goodyear Tires in mind. More people, year after year, keep buying Goodyears. The reason is because they give generously of those things people demand in tires. Our fine courteous service plus Goodyear Tires is the final sure-fire answer to all your tire troubles.

HAGAN'S GARAGE Centre Hall

A Barn

Without Boards

A carpenter would not think of building a barn without boards—would he? And he doesn't simply order boards and leave it go at that. He selects the kind of wood he needs, the proper lengths and thicknesses. Yet isn't it a fact that you are attempting to erect the building which is to hold your fortunes without a proper bank account? You can no more do it than a carpenter can build a barn without boards. And in the selection of a Bank that is to be YOUR bank it is essential to your success that you choose one that will give you personal attention. If such a Bank appeals to you, may we have your business?

THE FIRST NATIONAL BANK
