

LOCAL AND PERSONAL.

The first day of spring was a most delightful one from morning until night.

Mrs. Musser E. Coldron is able to sit up although it will be some time until she will be do her housework.

Floyd Walker will move from the Potter farm to Centre Hall where he will be employed in the Kerlin poultry plant.

Mrs. Fred Harvey and little daughter, of State College, were at the home of the former's parents, Mr. and Mrs. Milford Luse, during a part of last week.

T. E. Jodon, the stock dealer, will dispose of a carload of horses and another of cows, at public sale to-morrow, (Friday), at his Pleasant Gap sales stable.

The new motor code as it passed the House and sent to the Senate, provides for the increase in the truck and bus licenses and also doubles the charges for driver's permits.

William F. Fetters' sale, on Monday, was one of the good ones of the season, totaling \$4190.00. A cow and calf sold for \$210.00, chickens went at \$2.00 apiece, and other livestock in proportion.

After forty years continuous service the National Bank in Reedsville will be moved to its new \$65,000 home at Logan and Main streets. During the two-score years of its existence, J. Bruce Davis, present cashier, has been at the helm.

Mr. and Mrs. L. H. Pepoon, one evening during the latter part of last week, very delightfully entertained a number of their friends at a bridge party. A period of the evening was given over to the serving of refreshments.

Treasurer L. L. Smith is making his home here ready for occupancy after having lived in Bellefonte with his family the past winter. This will be the Smith family's last year in Centre Hall, having recently sold their property to Ralph S. Hagan.

Mrs. H. L. Ebricht, on Thursday evening, entertained the Senior Service Class in the Lutheran church at the time of its regular monthly meeting at her home. Very elegant refreshments were served at the close of the set program for the evening.

Twelve of the inmates of Laurelton State Village escaped Saturday through an open window. All but three were found within the grounds of the home and the last of the twelve was captured Sunday night. The inmates of the institution are all feeble minded.

D. E. Ripka and Elias W. Ripka, brothers, of Spring Mills, were paroled from jail. They were jailed in February 1928, at which time they pleaded guilty to having stolen automobiles from John H. Rishel, Spring Mills, and I. L. Thomas, Stormstown. Both cars were recovered.

Miss Miriam Moore was home over Sunday, and on Monday was accompanied back to Lewisberry by her mother, Mrs. Thos. L. Moore, who is assisting her son, Rev. J. Frederic Moore, to move to his newly-appointed pastorate in Mercersburg, and will spend Easter with her son there.

Miss Eva Filson, a student in Juniata College, spent a part of the Easter vacation in Centre Hall. She is a daughter of Mr. and Mrs. John A. Filson, prominent residents of Lewisstown. She returned home Saturday evening, having been accompanied by Dr. H. R. White.

A daughter was born to Mr. and Charles H. Richelleu, Friday of last week, who has been named Lois. Mr. and Mrs. Richelleu formerly lived in the Richelleu apartments, Bellefonte, before locating in Clearfield where they now live. The father is a member of the Richelleu-Thompson firm, owners of the Richelleu theatres in Bellefonte and Clearfield.

The Jesse Taylor log house located close to the Rober farm now owned by Mrs. Charles E. Colyer, on the Potters Mills road, was razed by A. O. Detwiler. The house is known to be more than one hundred years old and was built of logs. Some of the logs are in very good condition and can again be used for building purposes.

Mrs. John Breen, who has been with one of her daughters, Mrs. M. J. Kendig, in Akron, Ohio, where she became ill several weeks ago, has greatly improved. She suffered from an attack of pneumonia. Her daughters, Mrs. J. C. Brooks, of near town, and Mrs. Lynn Platt, of State College, who had been with her during the serious part of her illness, have returned home.

Plowing became very general in Penna Valley during the latter part of last week. When farm work is possible in March it is considered a great boon to horses. Usually the soil turns more easily, the weather is not so hot, and then the work is spread over a longer period which avoids crowding the horse, when he is used as motive power. Early plowing in addition to all this has many other advantages well known to the farmer who aims to plow as soon as possible after the first of the year.

Robert Ross and Mrs. Ross, of Haviland, Kansas, are East among friends here. Mr. Ross, when a younger man, between the years 1876 and 1881, spent much of his time in town and nearby. The western fever got him in 1881, when he went to Missouri and later to his present home. Farming has been his occupation these years, but of late years this is being done by his sons. The staple crop in his section of Kansas is wheat. The average yield for a ten-year period is about 16 to 17 bushels per acre. Alfalfa is also largely grown. Mr. Ross is a brother of the late John Ross, who lived near Farmers Mills at the time of his death. Mrs. Ross is an Iowa lady.

The following persons were visitors at the William F. Rishel home at Farmers Mills during the past week: Mr. and Mrs. William Bradford and son Luther, of Phoenixville; Mrs. Charles Sheats, of Collegeville; Mrs. Sadie Yearick and son of Mackeyville, and Mr. and Mrs. James Langle, of Madisonburg. The three last named ladies are sisters.

SPRING MILLS
The Ladies of the Golden Eagle of Centre Hall will present their play, "Under Blue Skies," in Grange hall, Spring Mills, Friday, April 5th, at 8 o'clock. Admission, 15c and 25c. This play will be sponsored by the Ladies of the Golden Eagle, Spring Mills. The proceeds will be used for the Home and Orphanage.

FARM CALENDAR.
Timely Reminders from The Pennsylvania State College.

IMPROVE STAND OF TIMBER—When timber is young, a poor tree cut will allow a good tree to replace it. A good tree saved is a piece of timber for future cutting. Nature grows both good and poor trees, and the final crop will be composed of both kinds unless the poor ones are removed.

HEALTH DEMANDS CLEANLINESS—Thoroughly cleaned and disinfected brooder houses are necessary if healthy stock is to be grown. If a rotation system of ranges is followed, do all cleaning before the houses are moved.

GOOD HAY VALUABLE—Roughages are usually the cheapest part of

the dairy ration, but their value is very largely dependent on quality. Early cut, well-cured hay is vastly better than overripe, poorly cured hay. The proper grain mixture is determined by quality as well as kind of hay and other roughages, say State College dairy specialists.

PLANT RELIABLE SEED—Only reliable sources of seed potatoes are dependable. Growers should demand disease-free stock for their spring planting.

SET FRESH TURKEY EGGS—Set 175 turkey eggs at one time if 125 young turkeys are desired. Usually a 70 per cent hatch can be expected. About 25 hens will lay the required number of eggs for such a setting in 30 days, and the eggs should be set at the end of that period.

TON LITTERS PROFITABLE—Ton litter methods grow hogs for market

when prices of pork are most profitable.

NEW ADVERTISEMENTS.

FOR RENT—Home property, consisting of good house, good outbuildings, garden and 2 1/4 acres land, located 5 miles east Centre Hall on Brush Valley road; possession at once.—W. H. Breen; phone 9R12 Spring Mills.

FOR RENT—I will rent part of my home to a small family.—Mrs. Mary Stahl, Centre Hall.

JUSTICE OF THE PEACE
LINDEN HALL, PA.

Legal business, promptly attended to. Special attention given to settling estates, Deeds, Mortgages and Wills written with care.

AS THE DUCK TAKES TO WATER

Put the setting of eggs under the hen. Patiently she hatches them—faithfully mothers them—but knows nothing about training them. When she takes them near a pond every duckling plunges into the water.

As ducklings take to water will children take to thrift and saving, if properly trained in early life. Instinct in the animal and training in the child governs the actions of life. Thrift follows an account here as the Constitution the Flag.
