MILLHEIM

Sane View on Temperance.

"The past generation was educated to secure temperance legislation which it now fails to obey, so the educational task of this generation is to secure temperance behavior through obedience to an aroused conscience."

This recommendation is made in the annual statement of the Publication and Sunday School Board of the Reformed Church in the United States, just prepared for submission to the various Classes of the Church. West Susquehanna Classis meets on May 13, in St. John's Reformed church, Williamsport, of which Rev. W. C. Rittenhouse is pastor.

"The task that faces this generation in relation to temperance," says the report, "is more difficult than that of yesterday. The Board is giving careful consideration to this special problem in its curriculum building and promotion plans."

Card of Thanks.

We desire, through the medium of The Centre Reporter, to extend our sincere and heart-felt gratitude to our neighbors and friends, and all those who so kindly gave us their assistance during the illness, death and burial of our deceased mother—Mr. and Mrs. H. W. Frantz.

As an insurance, subscribe liberally to your hospital. It may save you or yours from suffering and possibly death.

P. S. C. Sure of \$6,261,000.
The Governor allowed State College \$6,261,000, the largest sum ever appropriated to that institution.

The county road leading from Millheim to Coburn will be oiled and chipped before long. H. S. Winkloblech is the caretaker.

One Outstanding FACT --

WHAT you get in a lot of tire advertising these days is plain, unadulterated BUNK. More Miles--Longer Wear--Better Made--Purer Rubber--Secret Processes, and so on and so forth—a lot of generalities that anyone can claim.

But when you come to pay out your money for tires, you want facts.

And there is one fact so overwhelmingly outstanding that no intelligent buyer can overlook it. It is this:

MORE PEOPLE BUY GOODYEAR TIRES THAN ANY OTHER KIND.

Goodyear Tires have proved best in the experience of millions. Proved best upon the road where claims are judged by results. For that reason, Goodyear makes more tires every year than any other manufacturer. A leadership that has been maintained for ten years.
