CENTRE HALL, PA., THURSDAY, MAY 16, 1929.

NO. 20

## APRIL MILK PRICES UP 4 1/2 CENTS OVER 1928

Producers Hereabouts Received \$2.80 on a 3.5 Basis—Plan for Production of Milk Next Fall.

The net cash price to be paid members of the Standard Producers Co-operative Association, Inc. for the milk sold by them in the month of April, 1929, is \$2.80 per hundred pounds for three per cent. Grade B milk in the 201-210 milk zone with the usual freight, grade and butterfat differentials. This is equivalent to \$2.80 for milk sold on a 3.5 basis. It is 4 1/2 cents higher than the price paid in April 1928 and is the highest price ever paid for April milk.

Farmers who make milk production a secondary matter complain about the rigid rules and regulations laid down to them as to the manner of keeping their barns, milk houses, etc., and the milk itself, when selling their milk to concerns who ship it to New York City for consumption. These rules are laid down by the New York City Board of Health, and cannot be changed by shippers. This board of health says, in effect, "within such a territory milk may be shipped here under these conditions, and if not enough milk is received, the territory will be enlarged."

This "territory" is referred to as the "New York City milk shed." The field men try to make it plain to farmers that it is to the farmers' interest that enough milk is produced in this "milk shed" and that it is produced under the rules and regulations of the city board of health. There are two ways of doing this—one is to induce farmers now producing under these rules to increase their production, and the other is to induce other farmers in the "milk shed" to improve their barns, etc., etc., so that the milk produced by their herds may be accepted. Failing in these methods the only remedy left is the extension of the "milk shed" which will result in lowering the price now received.

On this subject the Standard Producers Company forwarded this note of information in connection with the April price given above:

"Dairy men in the New York milk shed owe it to themselves to arrange their dairying so as to furnish a supply of milk for next November that will make it unnecessary to extend the boundaries of the present milk shed. If the present milk shed is maintained, but if the milk shed is extended the additional supply coming in the year around will tend to cause lower average prices."

## MOTHER'S DAY IN METHODIST CHURCHES

Mother's Day services were held at each of the churches in the Penn Valley charge of the Methodist church. The presentation of flowers to each of the oldest and youngest mothers was a special feature of the work. Also, special music, appropriate to the day, was a part of the services, and a Mother's Day message on "Influence" was the subject of the pastor's theme.

At Smulton the services were held May 5, at 10:30 A. M. The oldest mother was Mrs. Della Hough, and the youngest was Mrs. Raymond Blair. The presentation of the bouquet was by S. A. Walker, in a very fitting address.

On May 12, the first service of the day was held at Sprucecroft church at 9 A. M., when a fine congregation had assembled to take part in the services. Mrs. Helen Miller, of Milesburg, sang a solo entitled "When Mother Prayed." The oldest mother was Mrs. Lena Smith and the youngest, Mrs. George Sweeney. Bouquets, furnished by members of the congregation, were presented to each.

When the hour of 10:30 arrived a service was conducted at Centre Hall where a splendid congregation was awaiting the arrival of the pastor. A beautiful duet was sung by Misses Sarah and Marion Smith. A bouquet was presented Mrs. Susan Lutz as the oldest mother. There was no "youngest mother" present.

The closing service of the day was held at Spring Mills, at 7:30 o'clock. An unusually large congregation was present to take part in the services. A very appropriate duet was given by Misses Barbara and Rebecca Robinson, entitled, "A Flower for You, Mother Dear." The oldest mother was Mrs. William Smith and the youngest, Mrs. Roland Flager. John Robinson had charge of the presentation of the bouquets of lilacs with a very timely and pleasing address.

Thus closed a series of most splendid Mother's Day services.

## Hold Surprise Party for Boalsburg Woman

A pleasant surprise party was given for Mrs. W. H. Brouse, by her Sunday school class on Friday evening a week at her home in Boalsburg. The following were present:

Rev. and Mrs. W. W. Moyer, Mr. and Mrs. H. M. Hosterman, Mr. and Mrs. P. W. Knapp and son, Mr. and Mrs. Fern Dunkle and son, Mr. and Mrs. P. W. Brouse, Mr. and Mrs. Lester Brouse, Mrs. Beryl Womer and daughter, Mrs. Emma Young, Misses Mary Reish, Nora Miller, Elizabeth and Dorothy Brouse, Mrs. W. H. Stover, Mrs. George Fisher, Mrs. Jane Close, Mrs. Charles Cori, Mrs. George Markle, Mrs. George Ishler and daughter, Mrs. N. W. Meyer, Mrs. Wallace Womer, Mrs. Maud Johnston-Baugh, Mrs. Ed. Lucas and daughter, Mrs. F. W. Rom, Mrs. Tressler and Mrs. Leah Smith.

Mrs. Annie Stump is slowly recovering from a serious heart attack.

## BANKERS ASSOCIATION AIDS PROJECTS

The Centre County Bankers' Association held a meeting on Thursday evening in the grand jury room in the county court house which was attended by representatives of all or nearly all of the banks in the county.

Items of business transacted of general interest was the appropriation of various sums of money for projects being carried on for the benefit of young people.

One item was an appropriation of \$100.00 for the care of ten girls from Centre county in a leadership camp. In this movement Huntingdon county will join and send a quota of girls. The young people will be under the care of the Home Economics Extension Work, Pennsylvania State College.

W. S. Jeffries, county vocational instructor, was voted \$50.00 for projects carried on in Centre county High school.

R. C. Blaney, of the County Farm Bureau, was allowed \$90.00 for prizes for club work, and expenses of two county boys at the Leadership Training School, State College. Part of this sum will go to George Luse, one of the two boys from Pennsylvania who are delegates to the National 4-H round-up, Washington, D. C. This club will camp close to the Agricultural building, in the National capital.

## Gregg Township Vocational School Announcements

The annual Junior-Senior banquet will be held in the Vocational school building this Friday night. About forty persons are expected to attend this banquet from the members of the two classes and faculty.

The seniors are preparing their parts for the various Commencement activities, which are as follows:

The Baccalaureate sermon will be given by Rev. Debas R. Keener, pastor of the Reformed church in Penn Valley charge. The service will be conducted in the Methodist church at Spring Mills on Sunday, May 26, at 8 o'clock P. M.

Commencement exercises will be held in the above named church on Wednesday, May 29, at 8 P. M. Dr. Carroll D. Champlin, professor of education, Penna. State College, will give the Commencement address.

Class Night exercises will be held on Monday, May 27, at 8 P. M., in the Grange hall, Spring Mills.

More detailed announcements of these events will be given in a later issue.

The Gregg Township Vocational School will close for the present school year on Thursday, May 30.

## "Aaron Slick of Punkin' Creek"

The comedy drama, "Aaron Slick of Punkin' Creek," by Penn State Grange players, will be presented under the auspices of Progress Grange, in Grange hall, this place, Wednesday evening, May 22nd. This play was scheduled to appear a month ago, but owing to one of the principal characters in the cast being ill, it became necessary to postpone the play. Next Wednesday night is the time.

## How Many Miles Do WE Get?

The Philadelphia Journal says this compliment to Senator Scott:

It will be very pleasing news to many of our readers which conveys the tidings that the Tyrone Pike road to its junction with the present concrete road above Sandy Ridge has been properly allocated and is on the list for construction as early this year as can be found possible.

This information was conveyed to Hon. P. E. Womelsdorf on Tuesday by Senator H. B. Scott from Harrisburg and is authentic and reliable.

There are a number of other roads in Centre and Clearfield counties that are to be constructed. Locations of which will be announced from time to time, and which will show that this 34th Senatorial district has fared wonderfully well in the Highway department's allocations under the persistent efforts of Senator Scott, whose interests in all of the roads of the district for the benefit of the people has never flagged at any time.

## "LOS ANGELES" FLOATS OVER PENNS VALLEY

The giant dirigible Los Angeles floated over Penns Valley at noon on Friday. It crossed over old Nittany Mountain a little east of town and did a bit of manoeuvring when out in the valley. Between Spring Mills and Millheim the great ship made several gyrations before taking its due east course. It was a beautiful sight. It kept pretty close to the earth in order to give residents an opportunity to observe it at as close a range as possible.

The Los Angeles made a loop of the State going to Erie, thence south to Pittsburgh and east over the course of the mail planes between New York and Cleveland. She arrived at the United States Naval Air Station in Lakehurst, New Jersey, Friday evening.

Information that the generator was not functioning first became known when a small parachute carrying a message was dropped from the airship as it passed over Harbor Creek, a few miles east of Erie.

The message also said the ship was heading south from Erie and would land at Lakehurst at sunset. It was forwarded to Lieutenant Commander Wiley, at the Naval Air Station.

Reports received at various times during the day indicated the str which the big dirigible created among the inhabitants of many sections of the State who never before had opportunity to see a like craft.

The Centre Reporter, \$1.50 a year.

## SUMMER CHAUTAUQUE JUNE 22-25 ON PARK

Radcliffe Chautauque System Will Again Furnish Program - Season Tickets \$2.00 for Adults and \$1.00 for Children.

The 1929 Summer Chautauque dates have been fixed for Saturday, Monday and Tuesday, June 22, 24 and 25, and will again be held in the auditorium on Grange Park. The numbers will be furnished by the Radcliffe Chautauque System, Washington, D. C.

Never before have so many different feature entertainments appeared on one program. Indeed this festival is built around an entirely new idea—that of entertainment—a series of surprises from start to finish. A great array of attractions have been assembled that positively outlive anything heretofore attempted or presented. Six big feature attractions of unusual merit for one small price.

Nationally known lecturers—Dr. A. S. Beshore and Dr. John E. Abbey—will speak on subjects of potent interest with the eloquence of perfect mastery. The outstanding attractions include the Geraldine Bruce Entertainers, the Tooly Opera Company, The Dietrics, Magicians, and the rip-roaring comedy force "Her Temporary Husband," as well as the beautiful and touching "Cinderella for a Night."

Owing to the brilliancy of the performance the local committee feels that they have secured an entertainment that promises to be the outstanding festival event of the season. They have brought here—through the "All-Star" program—many attractions that ordinarily command top prices in the leading metropolitan centers of this country, attractions that can be seen in Centre Hall for the low season ticket charge of \$2.00 for adults, and \$1.00 for children.

## JOY RIDERS COME TO GRIEF NEAR OLD FORT

An auto party of three—H. A. Patterson, Mrs. Grace Cook, and Dorothy Moyer, of State College, and a gentleman whose name has not been learned, came to grief a short distance below Old Fort on Friday evening. The Chrysler roadster, with a rumble seat, turned completely over at least once, the occupants say two or three times. The State College portion of the party were pretty badly bruised and out on various parts of the body, but none of the wounds were serious. Dr. Hugh Morrow was the surgeon who brought them from the scene of accident to his office and dressed the wounds. The fourth party, who is said to have been from Gregg township, was picked up from the road. He was not injured, and it was he who requested Dr. Morrow to give aid. He disappeared after giving the message.

The Chrysler was pretty badly wrecked. It was not owned by any of the party named above, but it appears, the story that it was stolen, is no correct.

## Pomona Grange Meeting

A regular meeting of the Centre County Pomona Grange will be held Saturday, May 25, in the hall of Grange, at Pleasant Gap; for morning session at 10 A. M.—Edwin H. Dale, secretary.

## The State Highway Department will Eliminate a Dangerous Point at Gibney Wagon Mills, four miles east of Belle- ville, where there is a one-way bridge, a hill, a curve and a blind road joining the main highway from Barryville. The contract will be let on Friday.

## DOE SEASON BILL IS VETOED BY GOVERNOR

Fisher Kills Ederer Measure Providing New Method of Fixing Special Season on Female Deer—Declares the Measure Contained "Impossible Procedural Provisions."

Hope of preventing by legislative action a recurrence of the turbulent open doe season of last year has been shattered by Governor Fisher's veto of the Ederer bill which would have imposed new restrictions upon the State Game Commission. The measure, drafted by sportsmen's organizations of Pennsylvania, was denied executive approval late on Friday with an explanation that it contained "impossible procedural provisions."

An amendment injected late in the legislature to revise the procedure of a game commission in opening sections of the State for hunting of does or other game animals and birds was largely responsible for the veto. Governor Fisher intimated, the amendment set up a procedure which would have made it impossible for the game commission lawfully to hold a public hearing on a change of the season before August 29, whereas the original sections of the bill specified that such hearings must be held not later than August 5.

"It would be folly," the governor concluded, "to place upon the statute books a measure containing such impossible procedural provisions."

The Ederer bill, drafted by John Q. Creveling, of Wilkes-Barre, president of the United Sportsmen of Pennsylvania, had been approved by a conference of all the sportsmen's organizations of the State and was regarded by its sponsors as a guarantee against the recurrence of the turmoil wrought last fall when the game commission declared an open season on does.

A second bill resulting from the same situation was introduced by Senator Schantz of Lehigh. His measure would have divested the game commission almost entirely of its present powers, but it died in committee.

## HOSPITAL APPRENTICE ON U. S. S. RICHMOND KILLED

James Mowery, a Local Youth, Riding Motorcycle Meets Death in Collision With Auto, on Friday.

A telegram announcing the death of James Wesley Mowery was received here by the young man's parents, Mr. and Mrs. John W. Mower, on Tuesday. He was killed outright when a motorcycle he was riding collided with an automobile, on the highway Philadelphia. It appears he had been given a furlough and was on his way to Philadelphia to visit with friends, probably his fiancée.

The young man was an apprentice on the U. S. Ship Richmond. The vessel was at anchor in the New York harbor on returning from a cruise in Southern waters, having passed through the Panama Canal. He had but twenty-one days' service until his first enlistment of four years would have expired. Death overtook him within one day of his rounding out his twenty-second year of life.

The parents requested the body to be shipped here for interment, which request, of course, will be granted, but this time—Tuesday afternoon—the time of its arrival is not known.

The deceased is a son of John W. and Jessie (Moyer) Mowery, who survive him, as do also these brothers and sisters: Albert, at home; Lenora, wife of Edward Weaver; Ruth, wife of Charles Krebs, both of State College; Agnes, wife of Charles Markle, Pleasant Gap; Eugene, Anna, William, Harold, Kenneth and Martha, at home.

## County Commissioners on Capital Talk Roads

Howard Miles, N. L. Wilson and John Speardy, Centre county Commissioners, returned from Harrisburg, where they had participated in a conference with State county commissioners with Governor John S. Fisher, who had called the meeting.

Matters relative to State highway mileage within each county was discussed at the conference. Problems relating to the placing of highway improvements, State aid propositions, Centre county's disposal of \$32,000 of the new State appropriation due this county for new roads and other matters were talked over by the county commissioners and the State's chief executive.

The commissioners were informed that the State will start work soon paving the lower end of Bald Eagle Valley, from Milesburg east, the money for this project having been made available from the 1927-28 appropriation.

## ORVISTON WINS—3 TO 2

Failure to produce the necessary hit in the pinches spelled defeat for Centre Hall on Saturday afternoon at the hands of Orviston, on the local baseball field. Really, it may be said that there were two very good reasons for defeat—the above mentioned was the one, and the other, errors. The local defensive work was very below par.

Orviston came here with a fine ball team, and, incidentally, one of the cleanest groups of ball throwers that ever played the game. They did nothing else but play ball, and did that well. Gray at start-up, was a bulwark of strength, accepting nine chances with but one slip-up. Pitcher Jodon pitched an elusive ball to the home boys; his strength lay not in his ability to strike out the batters, for only one went out by the air route, but he had the home team popping 'em up or hitting in the infield for easy outs. Five men were the most to face him in any one inning. Gross, for Centre Hall, pitched well enough, and the two runs, in the fourth, which defeated the home team, were largely due to errors after the first two men up hit safely.

Centre Hall failed to come through after a strenuous try in the ninth inning. After P. Martz and Reiser were retired, Durst and Emery followed with singles, but Lutz popped a foul fly to first, blasting all hopes of victory.

Saturday, Rebersburg will be here.

Following is the box score:

ORVISTON	R	H	O	A	E
Gardner, c	0	0	0	0	0
P. Lomison, 3b	0	0	1	3	0
Gray, ss	1	2	3	5	1
Yeager, lf	1	1	3	0	0

Struck out, by Gross, 7; by Jodon, 1. Umpire, Russell Slack.

## Contributors to Hospital

The contributors to the Centre County Hospital will be printed in these columns if the names are furnished by the captains of districts.

## Notices, Rebekahs

The Lewistown Rebekah Lodge will meet with the local Rebekahs, Lady of the Valley No. 263, on Tuesday evening, May 21st, at which time the visitors will put on the degree. A good attendance is desired.—By order of committee.

## TO THE RED MILL

You stood so many ages Beside your silver dam. That, to the sheik and flapper Your name was but a sham.

You were decayed and blackened— But still sedate and quaint— For wind and rain and sunshine Had stripped you of your paint.

You served Penn's Valley farmers; You worked the whole day long; No matter what the season Your mill-wheel sang its song.

Then, like a wounded viking Upon his funeral pyre, You bade farewell and vanished In one great blaze of fire.

—Harvey W. Plink

## P. S. C. HOST TO THIRTY HIGH SCHOOLS ON SATURDAY

The Penn State College will be host to more than 30 High school and prep school track teams Saturday of this week for the twentieth annual interscholastic track and field meet sponsored by the college. The meet this year will be divided into two classes, one for preparatory and special schools and one for high schools.

Entries for one or more men have been received from the following institutions:

High schools—State College, Snow Shoe, Pikes Avenue of Pittsburgh, Millheim, DuBois, Bellefonte, Miles Township, Port Matilda, Hyndham, Westmont of Waverly, Mount Union, Ford City, Berwick, East St. Clair of Okema, Rochester, Elwood City, Permadale of Johnstown, Ridgway, Schenectady, N. Y., Trinity of Washington, and Woodward Township.

Preparatory and special schools—Friends Select of Philadelphia, Gregg Township Vocational, Kiskiminetas, Wyoming Seminary, Pierce School of Philadelphia, and Shady Side Academy of Pittsburgh.

Last year the title was won by Kiskiminetas.

## Saved Cash by Appealing

Nathan Haug saved considerable cash by rescinding a contract with a game protector and appealing to Judge Fleming for a decision. Haug, it will be remembered, was arrested for killing deer in Miles township while destroying his crops, and while the case was before a justice of the peace, entered into an agreement with a game protector to pay \$100 each for five deer killed and not reported. He later took an appeal, and last week Judge Fleming handed down an opinion on the case. The Court took the ground that Haug was within his rights in killing the deer when they were destroying his crops, but erred in not reporting within the twenty-four hours allowed for doing so, and imposed a fine of \$100 and costs for this neglect.

## Beautifying Mountain Road

The State Highway Department is taking advantage of conditions on Nittany Mountain and is beginning to plant shrubbery on the mountain side with a view of beautifying the concrete ribbon road over Nittany Mountain. At some point the bank is fifteen to twenty feet high and is made up of soil and loose stones. At some points the bank was fortified with stakes and planks, and back of this shrubbery of various kinds was planted, and above and below this construction additional shrubbery was set.

Nittany Mountain offers an excellent opportunity for beautifying. The banks are high, with plenty of soil and a southern exposure. Let the good work proceed until the whole mountain side is planted.

"The Last Raid of Sheriff Kendall" will be shown on a screen in the Lutheran church on Saturday evening, 25th inst. No admission will be charged. The picture will be shown by Rev. Noah E. Yelzer, D. D., superintendent of the Anti-Saloon League, Erie district. Through an error the time for this showing and lecture was announced from the pulpit for Saturday evening of this week.

## A PIE COUNTER NOW BEING BUILT

While Congressman J. Mitchell Chase will have control of the pie counter dispensing the appointments for enumerators in the taking of the 1930 census, some local politician in each county will operate a "curb market" and it will be necessary for applicants to get his o. k. before an appointment can be secured. The local patronage dispenser has not been made public. Senator Scott, of course, will attend to this, provided he feels that one of less importance than himself should do so.

There is going to be an army of candidates for these places, and it is said there are ten candidates for every job. That is going to give the Congressman a big list to select from.

Women are coming to the front in force, urging that they may be given equal consideration with men. There is a probability that they will enjoy more than equality. The Census Bureau feels that women are adaptable to the work of counting the population and in most cases would be more dependable than would the sort of men who are available for the work.

Women voters have been told that they determined the result of the last election and they are clamoring for recognition which so far has been withheld from them. Politicians declare that by turning over to them in large part the census job the demand for offices would be partially appeased.

The Centre Reporter, \$1.50 a year.

## TOWN AND COUNTY NEWS

### HAPPENINGS OF LOCAL INTEREST FROM ALL PARTS.

Roland Zettie, tenant on the Dr. C. F. Smith farm at Penn Hall, was a caller at this office on Saturday.

The Hagan Garage here last week received a consignment of Dodge cars consisting of two coupes, brougham and sedan.

W. L. (Doc.) Jacobs this week dealt his new 1929 Ford coupe on a new Chevrolet coupe. The deal was made with the Homan Motor Company, in town.

Mrs. Krape, wife of Howard Krape, the shoemaker here, has been risen seriously ill for two weeks. She was visited on Sunday by Mr. and Mrs. C. A. Krape, of Spring Mills.

Carl Motz, the forest ranger, at Woodward, who was taken to a Philadelphia hospital by Dr. Morrow for observation, has returned home. His condition may be said to be improved.

E. W. Strine, of Tyrone, a brother of Mrs. Harry Dinges in Centre Hall, has been put on the retired list by the Pennsylvania Railroad Company. At the time of his retirement he was assistant trainmaster at Tyrone.

The Honorable John L. Holmes, Centre county's representative in the lower house of the State legislature, will be the speaker here on Memorial Day. The time for the service will be like heretofore in the evening at 6 o'clock.

Charles A. Miller had the painting on the exterior of his new home completed last week. The color is white. The residence presents a decidedly neat appearance. The painting was done by Messrs. Arney and Whitman.

Bell, the Lewistown gunman, was in town on Saturday. He has been a man of affairs during his lifetime, and at present is giving most of his time to making guns of special patterns for sportsmen in all sections of the State.

State Highway patrolmen were about town on Saturday night and sent some auto drivers back to town for "headlight repairs." The infractions of road laws discovered were slight. Their frequent appearance hereabouts has a wholesome effect.

Former State Senator Frederick W. Culbertson, in an address to fellow Kentonians in Lewistown, suggested that that thriving center drop the last syllable of its name because it is "town" and indicates a small community, while Lewistown is the importance of a city.

Levi Hartley, the L. & T. track foreman here, has seven men at work on the section of road card for by him. Joe Hartley, who was laid off last fall, is back again, and Paul S. Hironimus, son of A. J. Hironimus, is a new man. The others making up the crew are John A. Martz, Robert I. Smith, and George Hartley.

About thirty men from the Lutheran church here and six or more from Tusseyville Lutheran church will leave here this (Thursday) afternoon in one of the Johnston buses for Sunbury to attend a meeting of the Men's Brotherhood of Susquehanna Synod. A banquet to a thousand men will be served in Dr. Brower's church.

The potato market is growing stronger, due, it is said, to the wet weather hindering potato raising in the south. A car load was shipped from Belleville last week by John Blauser at forty cents per bushel. That price was fifteen to eighteen cents better per bushel than the current prices paid during the past month.

A consignment of pure-bred cattle was purchased in Michigan by the Mifflinburg Bank and Trust Company and was received by them last week. The cattle, like was the case in consignments received before, are sold to farmers at their first cost plus expense. The bank's interest is simply to improve the herds kept by their customers.

Commencement exercises of the Miles township High school, class of 1929, will be held in the Evangelical church, Rebersburg, on Tuesday evening, June 4. The class is made up of ten members—Sara M. Brungart, Florence V. Daye, Phyllis M. Page, Grace I. Gilbert, Florence M. Scaffer, Elsie N. Bowersox, Curtis J. Greninger, Woodrow Wolfe, Virginia Elaine Detwiler and C. Paul Ziegler.

During the past week Rev. and Mrs. D. R. Keener attended the commencement exercises at the Reformed Theological Seminary, Lancaster. From there they journeyed to Bethlehem where they heard the famous Bach festival which is held annually in the Packer Memorial chapel, Lehigh University. Four sessions were held, and before each session the Moravian Trombone choir played chorals from the beffry of the chapel. The chorus was composed of three hundred voices and accompanied by an orchestra, pipe organ and piano. Dr. John F. Wolfe conducted at all the appearances.

While plowing sad recently, Guyer Grove experienced a thrill that will not be difficult to remember. He was turning the sod for corn on the Grove farm west of town when he noticed the tractor failed to function properly—it was going, but getting nowhere—and a glance over his shoulder revealed the earth giving away. The tractor was turned short to the right and by so doing was prevented from dropping several feet into a pit. The top soil had fallen away until there was left only a covering of fourteen inches. The sink was about six feet in depth and nine of ten feet in diameter.
