

LOCAL AND PERSONAL.

Rain on Sunday, on Monday and on Tuesday.

Claude Dutrow is now employed regularly at the Boozers Garage.

Children's Day services will be rendered in the Lutheran church, Sunday evening, June 9th.

The Homan Motor Company here is now selling Gulf gas, a new pump for the purpose having been installed last week.

Mrs. Ivan L. Ash, of Chicago, Ill., arrived on Monday at Spring Mills where she is the guest of her father, Rev. Harry W. Newman.

Mrs. H. E. Foust and Mrs. M. N. Miller, both of Potters Mills, who have been seriously ill for some time, are both slightly improved with good prospects of fully recovering.

Two of the classes in the Lutheran Sunday school were entertained last week by members—the Senior Service by Mrs. H. E. Fye and the Willing Workers by Mrs. Claude Dutrow.

The Grammar grade school, taught by Prof. W. H. Haney, will close beginning of next week. The fifth and sixth grades will continue for a week longer, the teacher, T. L. Moore, having missed a week on account of a death.

F. V. O. Housman, the Millheim contractor and builder, has the foundation laid for his new dwelling and is now erecting the framework. The structure will be brick veneered, topped with a roof of asbestos shingles laid French style.

Edward M. Mills, of Chicago, former Chautauqua lecturer, now representing the International Anti-Cigarette League of Chicago, appeared in Aaronsburg Wednesday night under the auspices of the local W. C. T. U., and spoke on "The Future of Our Nation and Some of Its Evils."

Miss Hazel Burkholder was elected at a recent meeting of the local school board as primary teacher for the 1923-1924 school term. Miss Burkholder is a daughter of John H. Burkholder, of near town, and will be graduated from the State Teachers' College at West Chester, this month. All other grade teachers were re-elected.

Much paper is being used by several gardeners in town this season. Its use is no longer an experiment, but its use here is only being introduced. There appears to be considerable advantage gained by completely covering the soil, except where the plants come through. Moisture is maintained and weeds are overcome.

The Yenter Brothers, contractors of Tyrone, are making speedy progress in the construction work of the joint High school building being erected in Millheim. The foundation walls, all of concrete, are completed and brick are now being laid. A buff colored brick is being used, and a mortar of about the same grade, the mortar line being raked.

LOCAL AND PERSONAL.

The Rebersburg baseball team failed to keep its schedule with the Centre Hall team on Saturday afternoon, here.

John H. Knarr, the junior local butcher, has been confined to bed since the beginning of the week from gall trouble.

D. K. Keller is attending the sessions of the General Synod of the Reformed Church, at Indianapolis, Ind., this week.

Prof. W. O. Heckman, of Harrisburg, and his brother, Prof. Franklin Heckman, of Lancaster, were visitors in town last Friday.

The local Odd Fellows and P. O. S. of A. lodges each contributed \$10.00 to the Centre County Hospital drive being conducted here under Captain F. V. Goodhart.

A thirteen-pound baby girl arrived at the Chester A. Spiker home at 12:15 Tuesday morning. No name has been selected except No. 8. Mother and child are reported fine.

On Saturday evening the employees of the Bellefonte district of the Bell Telephone Company held a farewell reception in honor of Dale S. Musser, assistant wire chief, who is leaving Bellefonte to accept a place with the same company in Altoona.

After a hearing, Coroner W. R. Heaton decided the accident in which John Hoover, aged 15 years, lost his life, was unavoidable. The boy was riding with his father, John Hoover, of Sandy Ridge, near the Triangle, when the car sideswiped one driven in the opposite direction by George F. Frahn, of Warriors Mark. The accident occurred about 2:00 o'clock Sunday morning.

A special musical concert by the State College public school band of forty pieces, under the direction of J. H. Rudy, director of the band, will be broadcast over radio station WFSC of the Penna. State College, Sunday afternoon, from 1 until 2 P. M. It will be the first program ever broadcast by the young musicians who range from sixth grade grammar school students to High school students.

Mr. and Mrs. J. W. McCormick, of Columbia, South Carolina; Mrs. Eliza Meyer and son, John D. Meyer, of Tyrone, and Bettie and Virginia Butler, granddaughters of Mr. and Mrs. C. H. Meyer, were guests of the Meyer home in Reedsville for a week and Sunday evening passed through here on their way to Tyrone where they will remain for a week with Mr. Meyer and his mother in the First National Bank apartments.

John P. Mullen, of the Pittsburgh district, is the guest of his cousin, Miss Laura Runkle, at the Centre Hall hotel, and will remain for several months to fully regain his former strength. About a year ago Mr. Mullen fell and dislocated his hip. He failed to effect a cure until he consulted Bonsetter

Reese, about a week ago, who made a perfect adjustment of the trouble and Mr. Mullen is now feeling himself again. He is still connected with Boggs & Buhl, in their shoe department.

The Alexander cavern will be open for the first time to the public on Friday and continuously thereafter. The cavern, one of the most elaborately decorated with formations, many of them almost pure white, is located 2 1/2 miles south of Milroy and three miles east of Reedsville, near Shradler. The cavern is unusual in many ways and will warrant a visit from you regardless of how many other caves you have visited heretofore. L. L. Weaver, of the Woodward Cave, is one of the parties who developed the cave.

On Saturday evening Rev. D. R. Keener was agreeably surprised on his birthday when some of the members of Trinity congregation called on him to wish him a happy birthday. Refreshments in abundance, including a large birthday cake, were brought by the well-wishers. An exceptionally good time was had by all present. Those present were: Mr. and Mrs. Ralph Dinges, Adaline Dinges, Jean Dinges, Bobby Dinges, Mr. and Mrs. Bruce Runkle, John Runkle, Mr. and Mrs. Thomas Delaney, Agnes Delaney, Mr. and Mrs. John Delaney, Margaret Delaney, John Thomas Delaney, Ray Victor Delaney, Mary Delaney, and Rev. and Mrs. D. R. Keener. Another pleasant feature of the gathering was the fact that Miss Mary Delaney's birthday was celebrated at the same time.

The selection is still large and now is the time to select your Summer Clothes at a real saving.

NIEMAN'S DEPARTMENT STORE

MILLHEIM WHERE THE DOLLAR GOES THE FARTHEST

FARM CALENDAR.

Timely Reminders from The Pennsylvania State College.

YOUNG TREES GROWING—The season promises to be very favorable to newly set plantations of forest trees. Survival of March is most uncertain because the trees started growth early before all of them could be dug at the nurseries. As a result, the needles on many trees were more than half grown out before the trees could be set in the field.

USE GOOD HERD SIRE—Every dairyman should be sure that his herd sire has better breeding than the cows in the herd. In no other practical way can the producing capacity of the herd be increased.

MAINTAIN CHICK HEALTH—Clean management is important in growing healthy chicks. Take precautions to prevent carrying disease from mature stock to the chicks on the clothes and shoes of the persons caring for the poultry. Disease may be spread also on poultry equipment and by allowing old and young stock to run together.

THIN YOUNG VEGETABLES—Usually more vegetable seed is planted than is required for a stand, and thinning is necessary. As soon as the plants are well started and show signs of being crowded, the weakest plants should be pulled out, leaving the best ones standing.

MOW LAWNS OFTEN — Lawns

should be mowed often during the heavy growing period. Short clippings do not have to be raked up.

EDUCATION PAYS FARMERS—A High school education is worth twice as much as a common school education to the average farmer, and college training worth a third more than a High school education.

CONTROL BERRY DISEASE—Anthracnose of raspberries can be controlled by spraying the bushes with lime-sulphur four times during the growing season.

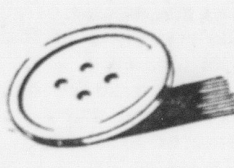

Rev. and Mrs. E. Roy Corman, of Sunbury, were guests of Mr. and Mrs. F. M. Fisher for a few days last week.

The sessions of criminal court this week were largely attended. All seats were occupied, so were the aisles, and the lobby separated by glass doors.

High School Baseball Schedule. May 24—Port Matilda at Centre Hall. Howard at Boalsburg.

When, if Ever?

A customer of ours asked the other day when we thought business would be done without so much strife and cut-throat methods

Well, when you can shake hands with your competitor—and mean it; when you can work hard in your business—and love it; when you can sense competition — and not knock it; when you can fight competition — and still boost it; when you can meet opportunity—and know it; when you know what is right—and then DO IT, THEN there may come an improvement in business affairs.
