The latter was a school mate at Irving College of Miss Orpha Gramley, at Millheim, and made the trip to Centre county to visit her, bringing Mrs. Garbrick along to her former home at Linden Hall.

The double header ball games played by the New York Yankees and Athletics on Shibe Park, Philadelphia, on Wednesday, were witnessed by J. S. Boozer, John Knarr, George Himmey and Wm. FOR SALE—A good home-made sheepbarrow.—Orvis Weaver, Centre Hall.

FARM CALENDAR

Timely Reminders from The Pennsylvania State College.

PLAN FAIR EXHIBIT—With fair time at hand, every live, alert community will want to reveal the progress made during the past year by showing a well-planned exhibit. Your local State College extension agent will be glad to assist with suggestions for the display.

ERADICATE THE WEEDS—Weeds in the garden and field crops are very thirsty during these hot days. If allowed to remain they will get more than their share of the moisture in the soil. They will have a more beneficial influence if pulled out and left to lie on the ground.

MAKE KITCHEN CONVENIENT—An efficient kitchen is one arranged to reduce the work to the fewest possible movements. Such a kitchen saves the housewife's time, makes the work easier, eliminates waste, and lowers the cost of light, heat and cleaning.

RID BIRDS OF MITES—The poultry flock which furnishes a food supply for mites has little energy left for egg production. Rid the birds of the pests by painting the perches with carbolineum, old crank case oil, or gas tar. Carbolineum is considered best.

SPRAY POTATOES FREQUENTLY—Potatoes should be sprayed every five or six days during severely hot weather. Plant pathologists of the State College recommend increasing the time interval of the Bordeaux mixture so that an 8-10-100 or an 8-12-100 spray is used. High pressure is also advisable during the hot weather.

CONTROL GRAIN PEST—Threshing wheat early protects the grain from ravages of the Anagrus grain moth. Farmers who follow this practice increase the profits from their crop.

Alas, the Bargain Tire Blows Out!

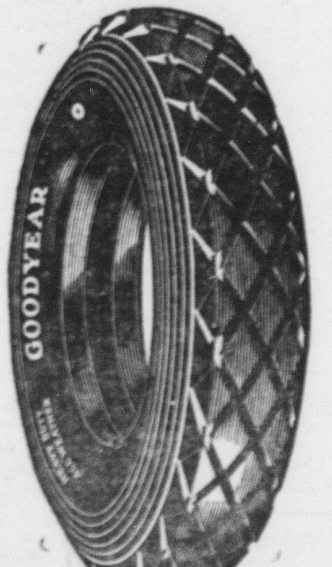

The average person patronizes a good, reputable, established dealer for food, clothing, furniture, drugs and other necessities.

But when it comes to buying a tire we've never been able to figure out why a car owner will prowl around the worst kind of "dumps."

What they get may look and "feel" all right but in the test of the road the "big bargain" falls down badly and proves again that you can't get something for nothing.

We are an established concern, equipped with every modern facility. Our location is convenient—our employees are courteous and expert, our merchandise is all clean, fresh factory stock, our prices are right. And we are on the job 365 days in the year to serve your tire needs.

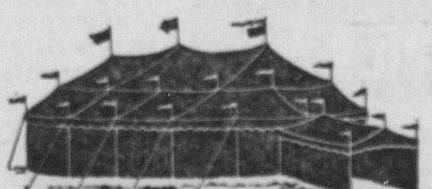

You can't get this from the "gyp" dealer.
