

COUNTY DETECTIVE IS HELD FOR ASSAULT

Bellefonte Merchant Has County Officer Arrested—Waived a Hearing.

An account of the arrest of County Detective Boden and the cause for the "sock on the jaw," as it appeared in the Bellefonte Republican, is reprinted below:

Somewhat out of the ordinary was the duty to fall to the lot of Sheriff "Daddy" Dunlap on Wednesday morning when he was called upon to serve a warrant for assault and battery and striking a man with glasses on, on the County Detective, Leo Boden. The prosecutor in the case is John F. Eckel, well known local merchant.

There are a number of somewhat conflicting stories about the cause of the assault. The one most generally credited is that Mr. Eckel, who had gone to see the detective on Monday afternoon about his son Willard, who was arrested in Philipsburg on Monday as the proprietor of the "101 Ranch" tea-room near Unionville.

They were seated at Boden's desk in the County Commissioners' office and the conversation quickly became rather torrid with the result that Boden is said to have ordered Mr. Eckel from the office. The latter is alleged to have refused, coupling his refusal with the statement that the office was not Boden's but the Commissioners'.

Boden's reply to that conversational effort, according to Mr. Eckel, was a "sock on the jaw," alleged to have been delivered while the recipient was seated in a chair and wearing glasses. Mr. Eckel also stated that the reason for the blow was because he had charged the detective with buying whiskey for his own use while on the Philipsburg police force.

Whatever the reason for the blow, there doesn't seem to be any doubt about the fact that it was delivered, and Mr. Eckel immediately made information against the officer before Squire Keckhline who set a hearing for Wednesday morning. When the time for the hearing arrived, Boden appeared with counsel and waived. He was released under \$500 bail for the September term of court.

BOALSBURG ITEMS.

Houser-Garbrick.

Ralph W. Houser and Miss Dorothy L. Garbrick, of near Centre Hall, were united in marriage, with the ring ceremony, by the Rev. W. W. Moyer, at the Reformed parsonage on Saturday evening. Both are graduates of the Centre Hall High school and are estimable young people whose many friends wish them a happy married life.

W. G. Foster and wife and grandchildren, of Sunbury, are visitors at the Fisher home this week.

Mr. and Mrs. Charles Sohl and son Charles, Jr., of Abington, are visiting friends in this vicinity where they resided for a number of years.

John Hubler, west of town, purchased the Kaup home near the diamond at public sale on Saturday. The consideration was \$2500.

Harvest Home services will be held in the Reformed church on Sunday, September 1st at 10:30, and at Houserville at 2:30 P. M.

Mr. and Mrs. Ruble, of Lewistown, Mr. and Mrs. H. F. McGirk, Mr. and Mrs. Forrest McGirk and daughter Jane; Mr. and Mrs. Hanley and daughter Dorothy, of Altoona, attended services in the Lutheran church on Sunday and spent the remainder of the day at the home of Miss Anna Dale.

FARM CALENDAR

Timely Reminders from The Pennsylvania State College.

TREAT WHEAT FOR SMUT—If there is any smut in your neighborhood it will be advisable to treat your seed wheat. Use two and one-half ounces of copper carbonate dust for each bushel. Treatment can be made with the commercial machines operated by 70 millers in the State or in home-made double-acting machines.

GROW FALL VEGETABLES—The fall garden should be as popular and as full of vegetables as the spring garden. Too often interest wanes and weeds take possession. Cultivate and keep clean until frost occurs. As many vegetables can be matured in September as in June.

REPULSE CHICKEN PESTS—Red mites may cause a drop in egg production at this season of the year. A satisfactory treatment for the pests is to paint the roosts and roosting places with carbolineum. It is best to apply the carbolineum in the morning so that it will be dry by night, say State College poultry specialists.

CONDUCT ORCHARD SURVEY—How good are your orchard practices? This is a good time to note their effectiveness. Did you prune too much or too little? Do the trees show a lack of fertilizer? How about more fruit thinning next year? An orchard survey will suggest improvements which are worth-while.

SELL UNIFORM PRODUCTS—It pays to grade and standardize farm products. They sell for a better price and are more in demand.

BUILD GOOD SILO—Three points of a good silo are: strong walls, smooth inside, and tightness enough to keep the juice in and the air out.

EXHIBIT AT THE FAIR—The farmer who makes an exhibit at the fair boosts his business and helps the community.

FEED DAIRY COWS—Cows need grain and hay as the pastures become short. It does not pay to allow them to lose flesh and drop in production.

WHEAT CROP SHRINKS

AS A RESULT of the continued drought in the wheat growing sections of the United States, the total crop for 1929 is estimated at from 750,000,000 to 800,000,000 bushels, as compared with 902,000,000 bushels recorded by the Bureau of Agricultural Economics for 1928. The estimated loss is over 100,000,000 bushels.

THE AVERAGE PRICE to be received, as indicated at present will probably be between \$1.40 and \$1.50 per bushel. Multiplying the price, as at present indicated, by the average of the estimates for the total amount of wheat to be produced, it is found that the wheat farmers, as a whole, will receive approximately \$100,000,000 more in 1929 than in 1928.
