STATE GAME COMMISSION ISSUES NOTES OF INTEREST

New 1929 Licenses Available in a Few Days—176 Prosecutions for Violations of Game Laws During August—Bounties Increase.

It is hoped to have the 1929 hunting licenses in the hands of all county treasurers within the next ten days, the State Game Commission states in a letter to this office.

During August, 1929, 176 prosecutions for violation of the Game laws were brought. This is an increase of 21 over the number brought during August, 1928. Quite a number of illegal deer hunters have been apprehended.

During August a total of 1170 claims were presented for bounty, entailing an expenditure on the part of the Game Commission amounting to \$1,887. Claims included 108 weasels, 6 red foxes, 63 gray foxes and one wildcat. During August of the preceding year 700 claims were presented requiring an expenditure of \$1,160. These claims included 896 weasels, 26 red foxes, 48 gray foxes and one wildcat.

Taxidermists throughout the State can greatly aid the Game Commission in educating the public concerning the Goshawk if they will display in their shop windows a mounted specimen or two of the birds, calling attention to the fact that there will be a bounty on the creatures (\$5.00 county) from November 1st to May 1st, the entire carcass to be sent to the Game Commission at Harrisburg. Taxidermists might even place additional specimens in various sporting goods store windows in their communities.

The Game Commission urges Sportsmen's organizations, schools, colleges, Boy and Girl Scouts, Service Clubs, etc., to make use of the free educational service which is available at all times of the year. This service includes a corps of lecturers, sixteen splendid reels of motion pictures depicting our native birds and animals, and a large series of stereoscopic slides. The worth of this service is evidenced in a report just submitted to this office by Mr. Joseph Berrier, secretary of the State Board of Censors, which covered only one set of the Commission's wild life pictures. According to Mr. Berrier's report the reels appeared in 22 of the larger towns throughout the State, reaching 65,000 persons. The demand for the service is so great that most all pictures have been triplicated.

Fire at State College.

The W. Roy Gutzel store building on the east corner of College Avenue and Pugh Street, State College, was badly damaged by fire Sunday night. The fire was discovered in the basement of the Nittany grocery store and spread to the Gutzel furniture store, which occupied a part of the building. The damage to the contents of the building was mostly done by water and smoke. The total loss is estimated at from \$5000 to \$10,000, covered by insurance. The same building was gutted by fire a year ago.

A week previous a dwelling house, on Pugh street, owned by the Gutzel brothers, was much damaged by water when the Dr. J. R. Fleck residence was burned, the fire having been caused by the explosion of a gas stove.

State Farm Building Plans Cut by \$1,000,000.
